(Tape #23.)

HENRY: How are you doing?

7

STEVE: Not too bad.

8

HENRY: Good. How's he doing?

9

10

11

STEVE: He's doing real -- I see he's over here. He's got his eyes closed. He appears to be doing well. They're going to take his -- probably the signs again here very soon.

12

HENRY: Okay.

13

STEVE: But -- and did you find out anything?

14

15

HENRY: Well, actually I went and I talked to one of the bosses.

16

STEVE: Yeah.

17

HENRY: We, we don't have a good situation in that they know specifically what happened.

18

19

STEVE: They do or don't?

20

HENRY: They do.

21

STEVE: Oh, they do. Okay.

22

HENRY: However --

23

24

25

1 HENRY: -- as I said to you, you know, they
2 -- the bosses here are not happy with the, with the
3 turn of events. They feel that we're in a position
4 where we went way out on a limb --

5 STEVE: I can see what you're saying before
6 you're even going to say it, obviously.

7 HENRY: Yeah. Yeah. That's why I'm saying
8 I would like to work with you so that we can get --
9 and so that I can have a feeling that we're on a good
10 working relationship. I still feel that way with you
11 --

12 STEVE: Well, I do, too.

13 HENRY: -- and with David, too. However,
14 their perception is quite different than my
15 perception. That is to say --

16 STEVE: I wish that -- you know, I hope -- I
17 don't know that you're doing that or not, but I wish
18 you had a speaker phone or a recording that when you
19 talk to him or to me they could hear what he's saying,
20 I'm hearing. They can judge of the tone of voice,
21 material, the subject matter, whatever. But I think
22 that you would see us to be sincere. I mean, like I
23 told or I'd tell them, is the program -- nothing's
24 changed other than that, you know, from the time I've
25 met him his experience has been one that's been of an

1 other worldly way where I've not had experiences like
2 that or I -- nor have I ever known anyone else to have
3 had that. So, you know, like his every move, it's
4 always been based upon how he's to be led.

5 HENRY: Right, but --

6 STEVE: So that's, you know, that's where
7 the difficulty comes in with not only a situation like
8 this but, you know, there's been other ones where
9 people don't know or understand that or it's something
10 that's out of the ordinary to them.

11 HENRY: Um-hum. See, but during this entire
12 process if we were, we were saying to you or telling
13 you that we were going to do one thing and we were
14 working, you know, in such a fashion that we were
15 starting to trust each other real well, and I asked
16 you for something very significant and you said yes,
17 but in, in return for that I would like you to do this
18 for me, and I would say as soon as you do that for me,
19 I will do that for you immediately.

20 STEVE: And I -- can I just say one thing?
21 Really what it comes down to for him and myself --
22 this is really what it would be for me as to why I'm
23 even waiting on him and I know that even if I -- and,
24 by the way, I did ask him multiple times and he kept
25 on giving me that same answer, "Wait." So it didn't

1 matter how many times I asked him.

2 HENRY: Um-hum.

3 STEVE: But the bottom line for him as why
4 he doesn't deviate from that or even myself is because
5 -- and that's what I don't think you would understand
6 like I would or my experience has been. That's fear
7 God. I mean, he fears that if he does other than that
8 which has been given to him, he is in no end of
9 trouble and responsible for many, many individuals,
10 more than those that are here.

11 HENRY: I understand.

12 STEVE: And like with myself, that's why I
13 don't push him or anything because the experience I've
14 had with him is that it's always worked out for the
15 best.

16 HENRY: I understand.

17 STEVE: So that's -- so, you know, it's like
18 I'm caught between a hard place and a rock. I
19 appreciate who you are and what you're -- and you want
20 to do and there -- and what we've worked up to this
21 point, but it's like, it's like there has, from your
22 perspective probably, been a wrench dropped in there.

23 HENRY: That's right.

24 STEVE: And I understand. That's what I'm
25 saying.

1 HENRY: Because, because we went out on a
2 limb to get a lot of these things. I mean, do you
3 understand that we made phone calls --

4 STEVE: I do.

5 HENRY: -- to Phoenix so that we could have
6 agents go out in the middle of the night to work?

7 STEVE: Yes. Jim told me that ahead of
8 time.

9 HENRY: All these things out. Okay. Now, he
10 didn't ask for any of that.

11 STEVE: Right.

12 HENRY: We went because we felt that this
13 was a legitimate situation --

14 STEVE: I believe that.

15 HENRY: -- where he sincerely believed that
16 that's what he wanted to do and we didn't -- I mean,
17 we could have -- we didn't have to tell him that. He
18 didn't ask for that.

19 STEVE: If this was another situation and
20 this was not as it was, and another human being did
21 that for me, I mean, and I would not -- in a position
22 like this, I -- man, I'd do anything in this world to
23 encourage that kind of personality or that kind of a
24 person showing those kind of traits to other human
25 beings. I mean, there's nothing more commendable.

1 But, you know, the bottom line is -- you know, I'm
2 stuck myself. I'm stuck because I believe in the same
3 God he does and I know no matter what I say to him, he
4 -- even if I walked away, if I had walked away six
5 years ago, he says, "Steve, I'm guided by this. This
6 -- I've been given the seven seals. This is my life.

7 "And that same one that gave me the seals is the same
8 one that directs me and that same one said to me
9 wait," and, you know, with him, he told me that in the
10 beginning, when that process was happening to him.
11 When he went to Israel in '85 and that, that took
12 place in that time, it was a hard thing that he told
13 me to deal with in the beginning, being like anyone
14 else.

15 HENRY: And, and, you know, and I believe in
16 him and in what he said and that's why I suggested
17 that we do this. He didn't ask for that. I suggested
18 that we do that and he concurred, agreed, took what we
19 suggested and then he made a promise based on -- we
20 believed that he was being sincere --

21 STEVE: As me. As me.

22 HENRY: -- and he was being guided by God.
23 And then for him to renege and, as far as the bosses
24 are concerned, he reneged. Now, you know, I believe
25 in what you're saying and I believe that he will do

1 the right thing eventually.

2 STEVE: Right.

3 HENRY: But they are convinced --

4 STEVE: Okay. What am I going to do? I'm
5 stuck. What would you -- I mean, I'm stuck --

6 HENRY: I understand.

7 STEVE: -- between a hard place and a rock
8 here.

9 HENRY: I understand. And I feel that I'm
10 stuck, too, and I need for you to, as best as you can,
11 if the opportunity presents itself to you, I need for
12 you to let him know that I am, as you are, between a
13 rock and a hard spot --

14 STEVE: Right.

15 HENRY: -- because I can't give you
16 anything, you know, until we get something in return.

17 STEVE: Okay. Were you able to relate to
18 them at least what I told you was happening within,
19 like everybody's waiting, they're dressed.

20 HENRY: Yes. Yes.

21 STEVE: I'm glad about that because --

22 HENRY: And that is helpful.

23 STEVE: Yeah.

24 HENRY: And I'm hoping that if at any moment
25 he sees a sign, hears a word, has a dream --

1 STEVE: Exactly, exactly.

2 HENRY: -- or whatever, that we will -- that
3 we can proceed.

4 STEVE: Exactly. I am with you a hundred
5 percent on that, a hundred percent.

6 HENRY: Okay.

7 STEVE: Well, I'm glad you called and, well,
8 at least you let me know. I mean, I knew you probably
9 -- well, I knew you didn't know, you know, the details
of the other.

10 HENRY: Actually I did not.

11 STEVE: Oh. I mean, well, I don't mean you,
12 but I mean I'm -- I knew they were.

13 HENRY: Yes.

14 STEVE: Overall I guess somebody -- yeah,
let me rephrase that.

15 HENRY: Yes. Do you feel that your goals
16 and David's goals are the same?

17 STEVE: Well, after all this time I would
18 have to say in honesty, yes, I do. I do.

19 HENRY: Okay. Okay. Now, if something were
to happen to him --

20 STEVE: Okay.

21 HENRY: -- I am going to rely on you to help
22 me with this.

23

24

25

1 STEVE: Okay. I realize that.

2 HENRY: Okay. I can count on you?

3 STEVE: I sure hope so.

4 HENRY: Okay. Okay.

5 STEVE: I'm going to do the best I can, you
6 know --

7 HENRY: Okay.

8 STEVE: -- for all that are, you know, and
9 the good of all.

10 HENRY: Okay. Okay.

11 STEVE: So I just wish that, you know, like
12 yourself -- you know, the waiting game is always the
13 hardest.

14 HENRY: Yes.

15 STEVE: And even myself, I've been a very
16 impatient person all my life. Maybe it's -- maybe
17 this is happening because of me. I don't know.

18 HENRY: (Laughter.)

19 STEVE: I tell you what -- but I'll tell you
20 it's hard for me, too, and others. You know, that's
21 why -- here we're dressed yet. It's not like you're
22 in your sleeping, retiring clothes for the evening.

23 HENRY: Um-hum.

24 STEVE: And so he says be ready as you were
25 told, you know, because that's what it was and so

1 that's the way the people are here.

2 HENRY: Okay.

3 STEVE: So that's why we're all waiting
4 there and sometimes you're twiddling your thumbs and
5 sometimes you're looking at the watch and, and when
6 you ring me like this, I'm thinking well now, how much
7 time went by, you know. Sometimes it goes so slow
8 you're wondering just what's going on.

8 HENRY: Okay.

9 STEVE: But, yeah, we're waiting.

10 HENRY: Okay. If he talks to you, ask him
11 if he still realizes the position that I've been
12 placed in, if there's any way that we can work --

12 STEVE: Okay.

13 HENRY: -- towards getting some of the kids
14 out if he is not ready for the entire group --

15 STEVE: I've been thinking about that
16 myself.

17 HENRY: -- at this time.

18 STEVE: And, as you said, you know, when he
19 -- usually he will start talking or, you know, he
20 feels up to where he can start moving around more and
21 so forth, but he's been --

21 HENRY: Okay.

22 STEVE: In the last hour or two, even though

23

24

25

1 his blood pressure came up and he talked a little bit,
2 he was talking with you then. He hasn't since, so I'm
3 just kind of waiting again to see what happens and --

4 HENRY: Okay.

5 STEVE: -- and then I will communicate with
6 him.

7 HENRY: Okay. I'll probably call you back
8 in a little while then.

9 STEVE: Okay.

10 HENRY: Okay?

11 STEVE: Talk to you later, Henry.

12 HENRY: Okay. You take care, Steve.

13 STEVE: Okay. Bye.

14 HENRY: Bye-bye.

15 * * * * *

16 (Telephone ringing.)

17 RACHEL: Hello?

18 HENRY: Hello.

19 RACHEL: Yes. This is Rachel.

20 HENRY: Hi, Rachel. How are you doing?

21 RACHEL: Fine.

22 HENRY: Is David around?

23 RACHEL: Yes. Let me -- kind of -- I think
24 he's sleeping. I believe he's sleeping.

25 HENRY: Is there a chance that I could talk

1 to him, please?

2 RACHEL: Just a minute. David? He's sound

3 asleep.

4 HENRY: Is he asleep or is he passed out?

5 RACHEL: No, he's not passed out.

6 HENRY: Huh?

7 RACHEL: He's not passed out.

8 HENRY: Are you sure?

9 RACHEL: Yeah.

10 HENRY: Okay. When was the last time that

11 you took his blood pressure?

12 RACHEL: Let's see.

13 RACHEL TO UNIDENTIFIED PERSON IN BACKGROUND:

14 How long ago was it when we took his blood pressure?

15 Twenty minutes ago?

16 RACHEL: About ten minutes ago, he was

17 saying.

18 HENRY: Was it the same?

19 RACHEL: Um-hum.

20 HENRY: Okay. Good.

21 RACHEL: All right.

22 HENRY: Good. Is Steve awake?

23 RACHEL: No. He's fallen asleep now.

24 HENRY: Okay. Is, is everybody asleep?

25 RACHEL: No. Very doubtfully.

1 HENRY: Is, is everybody still dressed and
2 ready to go out?
3 RACHEL: Yeah.
4 HENRY: Okay.
5 RACHEL: We're certainly not going to put
6 our pajamas on.
7 HENRY: Really?
8 RACHEL: No.
9 HENRY: (Laughter.) Well, you know, if he's
10 asleep, you may as well, right?
11 RACHEL: No. It's just a rest probably.
12 HENRY: It's just a rest, you think?
13 RACHEL: Who knows? I don't know.
14 HENRY: (Laughter.)
15 RACHEL: I myself, I'm tired, but I can't
16 sleep.
17 HENRY: Um-hum .
18 RACHEL: You know? Listening to the radio.
19 HENRY: I'm sorry?
20 RACHEL: Listening to the news.
21 HENRY: Are you listening to KRLD?
22 RACHEL: Um-hum.
23 (Background conversation.)
24 HENRY: Okay.
25 RACHEL: Everybody is pretty much.

1 HENRY: Um-hum.

2 RACHEL: Well, a few. Not everybody.

3 HENRY: Um-hum. Is everybody in good
4 health?

5 RACHEL: Yes. Same as they were last time I
6 talked to you.

7 HENRY: Okay. Did, did Steve talk to David
8 about sending anybody else out?

9 RACHEL: Oh, I don't know if he did or not.

10 HENRY: Okay. Is anybody anxious to leave
11 that place or not?

12 RACHEL: No.

13 HENRY: No?

14 RACHEL: Not at all. Now, what do you mean
15 by that question? Let me make sure I understand
16 what you mean.

17 HENRY: Well, you know, he had, he had told
18 me -- he had promised the world that he was going to
19 lead everybody out.

20 RACHEL: Um-hum.

21 HENRY: I assumed, based on what he said and
22 based on the fact that everybody is dressed and ready
23 to leave, that everybody was going to be leaving.

24 RACHEL: Um-hum.

25 HENRY: Okay? Is that the impression that

1 | you had?

2 | RACHEL: That we were going to leave after
3 | him and the children went out the front.

4 | HENRY: Uh-huh.

5 | RACHEL: Yes.

6 | HENRY: Okay. Did -- was everybody prepared
7 | to leave?

8 | RACHEL: Yes --

9 | HENRY: Okay.

10 | RACHEL: -- we were.

11 | HENRY: Okay. But -- and but since he's
12 | waiting for divine inspiration, how does everybody
13 | feel about that?

14 | RACHEL: What do you mean?

15 | HENRY: What I mean is do people still want
16 | to come out or don't want to come out? Is there a
17 | reluctance by some of the people left to leave?

18 | RACHEL: Well, we -- I'm not exactly sure
19 | how to use the right words. I'm not a good
20 | spokesperson. But, you know, we believe only he can
21 | open the seven seals and God told him to wait and
22 | that's what we're doing.

23 | HENRY: Yes, but what I'm saying is how does
24 | everybody feel in terms of their not being -- their
25 | not having left? Do they -- do you feel let down or -

RACHEL: No.

HENRY: -- are you happy that you're not leaving?

RACHEL: No. Neutral pretty much, I'd say. I'm speaking for myself. Just waiting.

HENRY: Uh-huh.

RACHEL: I know it will all work out okay.

HENRY: I'm sorry?

RACHEL: I know it will work out okay.

HENRY: Okay. What are your feelings in terms of what's going to happen when you leave?

RACHEL: What do you mean?

HENRY: See, I don't know -- I get the feeling sometimes that, that he doesn't want to leave because he's waiting to die.

RACHEL: I don't know if you can jump to that conclusion.

HENRY: Well, you know, and maybe I'm wrong, you know, but --

RACHEL: No. He was ready to go. He's not laying here ready to die. He was ready to go and he was praying and God told him to wait.

HENRY: Okay. Is this a normal practice for him? Does he -- just is that what he does? See, I'm

1 not certain what it is exactly.

2 RACHEL: Well, Steve explained it very, very
3 clearly to you I thought, because I was listening to
4 him and he explained all that to you, that he doesn't
5 do anything without, you know, like you said, divine -
6 -you used the word "divine inspiration." You know,
7 God tells him what to do.

8 HENRY: Yes. And, see, but there's an
9 inconsistency in that. He said that --

10 RACHEL: By your own interpretation.

11 HENRY: Okay. Well, then maybe not and
12 maybe you can explain it to me and I didn't understand
13 when I spoke to Steve about this because David said --
14 and this was not based on my prompting him or
15 anything. He said that as soon as the message was
16 read over the radio that he was coming out
17 immediately. Now, I didn't ask him to say that.
18 That's what he said.

19 RACHEL: Um-hum.

20 HENRY: Okay? Now, I don't understand why
21 if he said that that he's waiting. Now -- okay. Now,
22 he, he has said that he's been told to wait. Now,
23 what I'm trying to understand is -- and when I say
24 divine inspiration, I don't know if he's waiting to,
25 to hear something or to see something or to dream

1 something. I'm not exactly sure what it is that he's
2 waiting for. I'd like to be able to understand that.

3 RACHEL: Well, I'm not --

4 HENRY: I'm sorry?

5 (Pause.)

6 HENRY: Do you know whether he hears
7 voices --

8 RACHEL: Yes.

9 HENRY: -- or see visions?

10 RACHEL: Yes, both.

11 HENRY: Okay. Before he -- before he does
12 something, that's what he does? He either hears a
13 voice or, or sees a vision or something like that?

14 RACHEL: Well, like I said, he was praying
15 and the voice told him to wait, God's voice.

16 HENRY: Okay.

17 RACHEL: God spoke to him, he's had visions
18 before.

19 HENRY: Okay. Do you, do you feel either
20 nervous or happy or how do you feel about coming out
21 of that -- out of the compound?

22 RACHEL: Well, I want to be with my
23 children. That's -- you know.

24 HENRY: Okay. Okay. Well, I can understand
25 that.

1 RACHEL: But they're not going to consider
2 it -- they're going to consider it a crime or
3 whatever, and you know.

4 HENRY: Who's going to consider what a
5 crime?

6 RACHEL: Whatever took place here, you know.

7 HENRY: Does that involve you?

8 RACHEL: They fired at us first.

9 HENRY: Does that involve you?

10 RACHEL: What do you mean? I live here.

11 HENRY: Well, I understand that, but -- you
12 know, but, you know, the children live there, too.
13 I'm not real, real certain about this.

14 RACHEL: Yeah, but the children don't know,
15 you know. The children are, are very young.

16 HENRY: Um-hum.

17 RACHEL: They don't know anything.

18 HENRY: Do you think that --

19 RACHEL: They know things, but they're not,
20 you know, of age.

21 HENRY: Um-hum. Do you think that that may
22 be one of the concerns that David has?

23 RACHEL: Concerned about what?

24 HENRY: In terms of his reluctance to leave.

25 RACHEL: You mean, as to their safety?

1 HENRY: No. His own. Not so much safety,
2 but --

3 RACHEL: Oh, no. He's not worried about his
4 safety, no. He's got more -- his burden is much
5 heavier than that. He is not worried about his, his
6 flesh.

7 HENRY: Um-hum. Okay. Okay.

8 RACHEL: Like he explained to you earlier,
9 that you try to hold -- I don't remember how he said
10 it now, but hold back, you know, what goes on out
11 there and he tries to keep the wrath of God from you,
12 people out there in the world, because -- I mean, if
13 you read the Bible and study it very much, I don't
14 know if you do, but when God gets angry, better watch
15 out.

16 HENRY: Um-hum.

17 RACHEL: I mean, nature takes place.

18 HENRY: Um-hum. Well, that's true. I can
19 understand that.

20 RACHEL: And he would like for the whole
21 world to be saved.

22 HENRY: Well, see, and I think a lot, and I
23 think a lot of -- millions of people listened to his,
24 to his word and we facilitated that. We helped him to
25 get that message out, and part --

1 RACHEL: Um-hum, and then you cut us off.
2 We couldn't even talk to the media.

3 HENRY: Wait a second. We made all of that
4 available to him, you know. I made that available for
5 him.

6 RACHEL: Yeah, but I'm saying --

7 HENRY: Okay?

8 RACHEL: -- we were calling them on the
9 phone. They were calling us on the phone before.

10 HENRY: Um-hum. Well --

11 RACHEL: I mean, I appreciate you doing
12 that. Don't get me wrong.

13 HENRY: Okay. But one of the things that we
14 did is we facilitated that process for him --

15 RACHEL: Um-hum.

16 HENRY: -- and in exchange for that he made
17 a promise and gave his word, and the problem that I
18 have is I want to continue having a good working
19 relationship with him --

20 RACHEL: Um-hum.

21 HENRY: -- but the bosses here feel that he
22 reneged on his word. Now, that's the position that
23 we're in. I'm in a difficult position. I wish that
24 there was some way that I could resolve this so that
25 we could have a situation consistent with my being

1 able to say, "Look. You know, he is waiting for this,
2 but he's at least willing to give us some additional
3 people or something."

4 RACHEL: Well, I can't, I can't, you know,
5 speak for that, you know.

6 HENRY: Okay. Okay. If something were to
7 happen to him, that is if his health were to fail him,
8 you know, and you and I spoke about this before, I
9 would like to feel that you can take a position of
10 leadership within the, within the compound.

11 RACHEL: Why is that?

12 HENRY: Because we need for everybody to
13 follow the lead --

14 RACHEL: Follow a person? You mean, follow,
15 follow me and I, I don't -- I wouldn't know, you know.
16 I don't have communication with God. I don't --

17 HENRY: Okay.

18 RACHEL: You know, people do what they feel
19 would be right to do.

20 HENRY: Okay. Okay. Do you feel that it
21 might be right for you to come out?

22 RACHEL: Well, that's what we planned.

23 HENRY: Okay.

24 RACHEL: That was, you know, the agreement.

25 HENRY: Okay. Well, hopefully we can, we

1 can establish contact with him and/or with you and we
2 can move in that direction. Do you think he'll be
3 asleep for a long time?

4 RACHEL: I don't know.

5 HENRY: Okay. Well, does everybody feel
6 that the only way that they can come out is for David
7 to come out first?

8 RACHEL: Well, that's the agreement that was
9 made and we're going to stick to that way, so --

10 HENRY: Okay. Okay. Do you feel that
11 that's like a, like a pledge or, or a serious contract
12 that they -- that you have with him? And when I say
13 you, I mean the rest of the people, not so much you,
14 but --

15 RACHEL: Yes.

16 HENRY: Okay.

17 RACHEL: I'm not sure I -- I haven't really
18 thought of it, you know, the way you're describing it.
19 I haven't thought about it like that.

20 HENRY: Um-hum. Um-hum. Okay. Well, if
21 you would do me a favor? If you will kind of watch
22 his
23 -- you know, watch for his medical condition, I'd
24 really appreciate it.

25 RACHEL: Okay.

1 HENRY: Okay?

2 RACHEL: All right.

3 HENRY: Okay. I'll probably be in touch
4 with you in awhile.

5 RACHEL: About how long do you think?

6 HENRY: Pardon me?

7 RACHEL: About how long? I'm -- I mean,
8 before Steve went to sleep, he said that if, you know,
9 David woke up or he woke up whichever comes first --
10 and they spoke, then if things changed he would call
11 you.

12 HENRY: Pardon me?

13 RACHEL: He said that he would call you, you
14 know.

15 HENRY: Well, see, I'm in a, I'm in a
16 difficult position and I've been put in this position
17 by David. David made a -- gave me his solemn word and
18 I went, I went real far on this because I believed
19 him. Okay? I'm in a very difficult position of
20 having to answer, having to answer up as to why David
21 is not, you know, doing what he gave his word that he
22 was going to do. So, you know, believe me, I don't
23 want to, I don't want to bother you. I don't want to
24 bother anybody. I just want to try to be in a
25 situation where I can feel good about having to

1 explain why David is doing whatever it is that he's
2 doing.

3 RACHEL: Um-hum.

4 HENRY: And at some point or another I need
5 to talk to David so that I can put myself again in a
6 good working relationship with him.

7 RACHEL: Um-hum.

8 HENRY: And I need periodically to check on
9 David's medical health and I have that responsibility.
10 If he were to die, you know, and I don't make an
11 effort to try to get him out, then I will be held, you
12 know, as not having done what I need to do.

13 RACHEL: Um-hum.

14 (Background conversation. Indiscernible).

15 HENRY: Steve?

16 RACHEL: Hello?

17 HENRY: Hello. Is Steve there?

18 RACHEL: Yes. He's being disturbed by this.

19 HENRY: I'm sorry?

20 RACHEL: I guess he phased in. He was being
21 disturbed by the conversation. He's trying to get
22 some sleep.

23 HENRY: David?

24 RACHEL: No.

25 HENRY: Steve?

1 RACHEL: Yeah.

2 HENRY: Oh, okay. Does he want to talk?

3 RACHEL: I don't think so. He was trying to
4 -- you know, he was sleeping and I guess the
5 conversation -- someone just -- oh, he just corrected
6 me. Somebody else was making some commotion and he
7 was trying to tell them to be quiet, he was getting
8 some sleep or something or other.

8 HENRY: Okay. Okay. Well, I'll call you
9 back in a little bit.

10 RACHEL: Okay.

11 HENRY: Okay. You take care, Rachel.

12 RACHEL: All right. Bye.

13 HENRY: Bye-bye.

14 * * * * *

14 (Telephone ringing.)

15 RACHEL: Hello?

16 HENRY: Rachel?

17 RACHEL: Yes.

18 HENRY: How's everybody doing?

19 RACHEL: Okay.

20 HENRY: Is he still asleep?

21 RACHEL: Just a minute. I can't tell. Wait
21 a second. David? Looks like it. Are you there?

22 HENRY: Hello?

23

24

25

1 RACHEL: Yes. I'm here.

2 HENRY: Yes. Is he asleep?

3 RACHEL: Looks like it.

4 HENRY: And Steve is, too?

5 RACHEL: Just a minute.

6 STEVE: Henry?

7 HENRY: Steve?

8 STEVE: Hello?

9 HENRY: Steve?

10 STEVE: Yeah.

11 HENRY: How are you doing?

12 STEVE: Well, I just -- I was trying to
13 sleep, but I can't anyway, so it's all right.

14 HENRY: (Laughter.)

15 STEVE: Yeah. I'm just trying to -- you
16 know, thinking over a lot of things, of course.

17 HENRY: Uh-huh.

18 STEVE: So what's up?

19 HENRY: Oh, nothing. Just wanted to make
20 sure everything's okay, everybody's --

21 STEVE: I've been keeping a -- every now and
22 then because I haven't slept. I've been keeping a
23 watch on him and --

24 HENRY: Um-hum.

25 STEVE: -- his condition and he seems to be,

1 you know, very stable as to what it last was so, if
2 anything it seems, you know, better.

3 HENRY: Okay.

4 STEVE: So hopefully it will be an
5 improvement and so that doesn't seem to be as major a
6 concern, but I guess one doesn't know.

7 HENRY: Now, is he resting comfortably?
8 You're not -- you don't think there's anything wrong
9 with him, do you?

10 STEVE: No, because a little while ago, just
11 before you called, I was looking around carefully and
12 checking and, you know, breathing rate and all the
13 rest and everything is the same.

14 HENRY: Um-hum.

15 STEVE: And, you know, she was probably
16 going to take some signs, too, again, but I guess he
17 was resting so well they decided just to leave him be
18 for a little bit.

19 HENRY: Okay. Now, what are your thoughts?
20 Is, is everything --

21 STEVE: Well, we're kind of waiting to, you
22 know, to be able to talk again.

23 HENRY: Okay.

24 STEVE: Yeah. And I thought maybe by now
25 but, you know, not just yet, I guess.

1 HENRY: Okay.

2 STEVE: But he usually wakes up every now
3 and then.

4 HENRY: Okay.

5 STEVE: Yeah. But as soon as I find, I'll
6 give a buzz back there.

7 HENRY: Okay. Now, has he eaten since this
8 morning?

9 STEVE: Let's see. I've been around him
10 quite a bit through the day and I, I know last night
11 for sure. Today I'm not -- I can't remember or
12 remember what anybody said about that, but probably
13 so.

14 HENRY: Okay.

15 STEVE: Yeah.

16 HENRY: Okay. Well, I want you to check on
17 his, you know --

18 STEVE: Yeah.

19 HENRY: -- on his medical condition
20 periodically.

21 STEVE: Yeah. We'll keep doing that. Yeah.
22 She's been -- you know, the nurse has been waiting
23 to, you know, take another couple readings and -- but
24 I guess he's just been doing so well for the past hour
25 or two, I guess, she thought he might come around now

1 anytime so, so I kind of went by, you know, what she
2 thought about it.

3 HENRY: Okay.

4 STEVE: Yeah.

5 HENRY: Okay. Well, I don't -- I want
6 everything to, to move in the direction that we were
7 moving in, and sometime maybe --

8 STEVE: Right. I'm open for communication
9 there, too.

10 HENRY: Um-hum. Maybe, maybe once we --
11 I'll probably call back after awhile and, you know, if
12 he's awake by then --

13 STEVE: Yeah.

14 HENRY: -- I'll try to talk to him.

15 STEVE: Okay. That sounds good.

16 HENRY: But, but I want you to be thinking
17 in terms of -- see, what I think is going to happen is
18 I think he's going to be one of the first ones coming
19 out of that -- coming out of there when we -- when
20 that takes place, and I think you're going to be one
21 of the last people that come out of there, so I want
22 you to be thinking --

23 STEVE: Well, if it's -- you know, if it's
24 the best -- I mean, as you see it, -- you know, I'm
25 willing, whatever, you know.

1 HENRY: Okay.

2 STEVE: And if you think that would be the
3 best thing --

4 HENRY: I think so. I think so. And I want
5 you to, I want you to organize everybody.

6 STEVE: Yeah.

7 HENRY: Okay? And what we're probably going
8 to do is, you know, we -- after we take him out of
9 there, then what we're going to probably need to do is
10 I'll probably need for you to organize the men and
11 then we'll take the men. You know, we'll send one guy
12 out periodically and then we'll take the women and
13 children or, or whatever. Okay? But I want you to be
14 the last person because I want everybody to, to feel
15 secure and I think that they'll probably feel secure
16 once he's gone, you know, if you're there.

17 STEVE: Yeah.

18 HENRY: The stabilizing force.

19 STEVE: Well, how do you mean? I mean, I
20 guess I'm not quite getting the picture. I've been
21 trying to wake -- okay, I better get a little more
22 alert here.

23 HENRY: Um-hum.

24 STEVE: So are you -- okay. When you're
25 saying like take him out, well, how do you mean?

1 HENRY: Well, we're going to, one, need for
2 somebody to carry him out.

3 STEVE: Right.

4 HENRY: Okay? So you have that stretcher
5 that we left there, right?

6 STEVE: Exactly.

7 HENRY: Okay. Well, we're going to need
8 somebody to carry him out, you know, and then we'll
9 probably put him in some kind of a, some kind of a
ambulance type vehicle.

10 STEVE: Um-hum.

11 HENRY: Okay? And he'll probably be moved
12 to a hospital. Okay. So we're going to need for you
13 to line up the people that are, that are going to
14 require medical attention, you know, and probably a
15 lot of the guys -- a lot of the men are going to, are
16 going to be in that kind of a position. So we'll need
17 for you to line them up according to who's hurt the
most or whatever.

18 STEVE: Well, that makes sense.

19 HENRY: So I don't know how many men, you
20 know, are going to need assistance. I don't know if
21 we're going to have to carry anybody out or not, but
22 if that's the case, I want you to line them up next so
that we can make arrangements to get them to -- into -

23

24

25

1 -you know, into a hospital or, or to at least get some
2 kind of medical attention as soon as is possible.

3 STEVE: Right.

4 HENRY: Okay. And then, and then after we
5 get all the men out of there, then we'll, then we'll
6 go to the women because probably the women and
7 children are the ones that are, that are probably in
8 the best physical condition. And then I want you to
9 come out last.

10 STEVE: Okay. Yeah. That's not a problem
11 at all.

12 HENRY: Okay. Okay. Have you been able to
13 get any rest yourself?

14 STEVE: Well, I don't know. It's a funny
15 night because, you know, I mean, I would have thought
16 I would have, but I've been having a hard time falling
17 asleep, kind of starting -- I start to fall asleep
18 and, and I guess it was -- you know, it's been a lot
19 of expectation.

20 HENRY: Um-hum.

21 STEVE: And, like I was telling you before,
22 you know, waiting is not always the easiest thing, but
23 -- and, you know, I'm always waiting to see, you know,
24 where he might be, you know, physically in the rest
25 and waiting for a word or two, so --

1 HENRY: Okay.

2 STEVE: Yeah.

3 HENRY: Okay. Well, listen.

4 STEVE: Okay.

5 HENRY: What I would like for you to do as -
6 -if you have some, some paper and pencil, I want you
7 to start, you know, preparing some kind of a, you
8 know, some kind of a report for me later. And what I
9 want you to do is I want you to give me a survey of,
10 of the kind of injuries that some of the people,
11 especially the men, have and what you -- you know, if
12 you think we're going to need some more stretchers and
13 I want you to tell me how many we're going to need in
14 that kind of a situation so we have enough.

15 STEVE: What time do you have there, Henry?

16 HENRY: Pardon me?

17 STEVE: What time do you have there?

18 HENRY: It's a little after 3:00. I
19 probably won't call you back until around 5:00 or
20 something.

21 STEVE: Okay. I think what I'll do then is
22 probably more towards the morning then I'll probably
23 get up there --

24 HENRY: Okay.

25 STEVE: -- and try to go talk and see what I

1 can do with some of the people and the guys.

2 HENRY: Okay. Okay.

3 STEVE: Yeah.

4 HENRY: Now, if you think that somebody's
5 got, you know, something where we have a situation
6 that's going to require because somebody has an
7 infection or, or something like that --

8 STEVE: That probably would be, that
9 probably would be that someone would. I'm -- I think
10 -- I know for sure one individual I would suspect for
11 sure, you know.

12 HENRY: Okay. Well, you know, if we need to
13 take care of him first thing in the morning, let's do
14 that.

15 STEVE: Okay.

16 HENRY: Okay?

17 STEVE: You know, we're still waiting for,
18 you know, like I said, you know, like word from him
19 and --

20 HENRY: That's fine.

21 STEVE: Yeah.

22 HENRY: Okay. Talk to him about that and
23 see what his thinking is.

24 STEVE: Okay, because -- I suppose, you
25 know, if, if that would work the best and everything

1 because of -- well, you know, just what you all said
2 earlier, other than the time period.

3 HENRY: Um-hum.

4 STEVE: I'm sure that probably would not be
5 a problem.

6 HENRY: Okay.

7 STEVE: So as soon as I have an opportunity,
8 then I'll --

9 HENRY: Okay.

10 STEVE: -- I'll talk to him about it.

11 HENRY: Okay. Now, talk to him about this,
12 too, and if we have some people that are dead within,
13 you know, your area --

14 STEVE: Um-hum.

15 HENRY: -- and we need to carry them out,
16 then let me know because we're going to have to make
17 arrangements for that.

18 STEVE: All right.

19 HENRY: Okay?

20 STEVE: Okay. And I guess I'll try to get a
21 few hours.

22 HENRY: Okay. Do we have some dead people
23 within the place?

24 STEVE: I'm suspecting so --

25 HENRY: Okay.

1 STEVE: -- but, you know, I suppose what
2 I'll do is have the nurses check to make sure and get
3 counts and, and the rest of it.

4 HENRY: Okay. Keep in mind, though, that
5 there is this -- this can become a health issue.

6 STEVE: Right.

7 HENRY: We don't want the kids, you know --
8 nothing, I mean -- not for anything. We don't want
9 these kids to, you know, to be in the situation,
10 number one, where they're going to be traumatized
11 and/or it becomes a health issue.

12 STEVE: Um-hum.

13 HENRY: Okay?

14 STEVE: I understand that.

15 HENRY: Okay.

16 STEVE: Yeah.

17 HENRY: So I'll check back with you in a
18 couple of hours.

19 STEVE: All right.

20 HENRY: Okay.

21 STEVE: Okay. Talk to you later, Henry.

22 HENRY: Okay. You take care?

23 STEVE: Okay. Bye.

24 HENRY: Bye-bye.

(Telephone ringing.)

RACHEL: Hello?

HENRY: Good morning.

RACHEL: Good morning.

HENRY: Good morning.

RACHEL: Good morning.

HENRY: How are you?

RACHEL: Oh, I'm all right.

HENRY: Is Steve around?

RACHEL: Um-hum. Just a minute.

STEVE: Hello?

HENRY: Good morning.

STEVE: Oh, yes. It's hard to tell.

HENRY: I'm sorry?

STEVE: I said it's hard to tell.

HENRY: Is it early? How do you feel?

STEVE: Tired.

HENRY: Tired?

STEVE: Yeah, very much so.

HENRY: Um-hum.

STEVE: Yeah. I've been waiting for a movement with him, but he's -- I'm looking over here --
-breathing the same. Keeping an eye on him and he
seems to be doing okay.

HENRY: Uh-huh.

1 STEVE: He's been -- he's still out, though,
2 totally.

3 HENRY: Totally out?

4 STEVE: Yeah, sleeping all this time. He
5 moved around quite a bit before and I was, you know,
6 watching him and everything. I thought maybe he'd
7 wake up, but he just kinda -- he didn't.

8 HENRY: Do you think he's got a fever?

9 STEVE: No, because he has been checked.
10 Every now and then they do it. You know, they all put
11 their -- like their hand on his forehead or something
12 like that, without taking --

13 HENRY: Um-hum.

14 STEVE: -- of the total temperature, like a
15 thermometer.

16 HENRY: Uh-huh.

17 STEVE: Yeah. It's --

18 HENRY: I need some help with a situation,
19 Steve.

20 STEVE: Well, that's what, you know -- even
21 right now I'm trying to -- well, I was hoping, you
22 know, to stand by you, that I'd be -- well, at first,
23 in fact it looked like maybe he was going to wake up a
24 little bit ago and he was moving around.

25 HENRY: Uh-huh.

1 STEVE: But then he just -- although this is
2 really the first time he's got any really good sleep.

3 HENRY: Um-hum. I'm getting some inquiries.

4 STEVE: Um-hum.

5 HENRY: And the inquiries are from relatives
6 of some of the people that are within the compound.

7 STEVE: Okay.

8 HENRY: Sherry Jewell.

9 STEVE: Okay.

10 HENRY: Is she okay?

11 STEVE: Sherry Jewell, I believe, is okay.

12 HENRY: Okay. What about Mary Jean Borst?

13 STEVE: Mary Jean Borst? Oh, let's see, I'm
14 trying to remember all of the ones I've seen there --
15 yes, I believe she's all right.

16 HENRY: She's okay?

17 STEVE: I believe so.

18 HENRY: Okay. Yeah, I think her son called.
19 Okay. How about David Dibodo (phonetic sp.), Dibodo?

20 STEVE: What was that last name?

21 HENRY: David Dibodo.

22 STEVE: Maybe Tibido. You know, all of
23 these, I haven't seen just --

24 HENRY: Huh?

25 STEVE: I haven't seen everybody so I'm not

1 | too sure. Let's see.

2 | HENRY: You don't know if he's okay?

3 | STEVE: No. I'm not too certain, but I --

4 | HENRY: Huh?

5 | STEVE: I'm not too certain about him.

6 | HENRY: You're not certain about him?

7 | STEVE: There's probably about -- I would
8 | say half of them I might know about but, you know, I -
9 | - the other -- not all am I too sure about.

10 | HENRY: Uh-huh. What about Jeff Little?

11 | STEVE: Let's see. Jeff? I've heard
12 | somebody mention him so I guess apparently he must be
13 | all right.

14 | HENRY: He must be all right?

15 | STEVE: I would think so. I haven't -- you
16 | know, not everybody have I seen, but it seems like I
17 | heard somebody mention his name.

18 | HENRY: Um-hum. In what context?

19 | STEVE: Let's see. When was it? It was
20 | probably yesterday --

21 | HENRY: Uh-huh.

22 | STEVE: -- that I heard somebody mention his
23 | name for doing something. I don't remember what.

24 | HENRY: Okay. What about Douglas Martin?

25 | STEVE: Douglas -- yeah, Martin -- yeah,

1 Wayne's here. That's Wayne. He's okay.

2 HENRY: Huh?

3 STEVE: He's all right.

4 HENRY: Douglas is okay?

5 STEVE: Um-hum.

6 HENRY: Okay. Can you do me a favor? Can
7 you try to see if you can, you know -- after we, we
8 finish talking if you can find out what the status is
9 on David Tibido and on Jeff Little for sure? You
10 know, you don't have to find out this instant but, you
11 know, if you can find out and then when we call you
12 back later sometime, maybe you can let us know.

13 STEVE: Okay. I definitely will try to do
14 that.

15 HENRY: Okay. Okay.

16 STEVE: I'm hoping that the weather here
17 will warm up.

18 HENRY: Yes.

19 STEVE: It's kind of cold in here.

20 HENRY: It's supposed to. It's supposed to
21 get warmer as the day goes today.

22 STEVE: Oh, that sounds good.

23 HENRY: Okay?

24 STEVE: Okay. I'll do that and definitely,
25 you know, get that information back to you. I'm

1 hoping, you know, that -- I think -- I really think
2 that he'll be awake here in not too long.

3 HENRY: Okay. Were you asleep when I
4 called?

5 STEVE: Yeah, I was.

6 HENRY: Okay. So have you had a -- I'm
7 sorry. Have you had a chance to, to work on, on what
8 we spoke about earlier, that is to make a list of --

9 STEVE: I mentioned it to -- there was one
10 of the guys that came along and so I told him to help
11 me out a little bit on that.

12 HENRY: Uh-huh.

13 STEVE: And I said I'd -- in fact I thought
14 maybe by then -- I was hoping to have talked to David
15 already.

16 HENRY: Uh-huh.

17 STEVE: So I'm sure anytime now because a
18 lot of times he'll sleep for a period of time --

19 HENRY: Um-hum.

20 STEVE: -- and then he's back with, you
21 know, talking a little bit and -- but I think this is
22 probably -- he's never had so much sleep ever.

23 HENRY: Um-hum.

24 STEVE: He's never been one that ever got a
25 whole lot of sleep.

1 HENRY: Uh-huh. He doesn't sleep a lot?

2 STEVE: Well, you know, he's not usually one
3 of those kind of people that have to have their eight
4 hours a night.

5 HENRY: Um-hum.

6 STEVE: There always someone calling him or
7 wanting to talk with him or something.

8 HENRY: Yeah. Do you think, do you think
9 everybody's ready to come out today?

10 STEVE: Oh, yeah, no question. In fact,
11 just looking around here, like yesterday it started
12 warming up. You know, it wasn't too bad of a day and
13 I see a lot of people here -- I mean, everybody I --
14 that I can see when I looked around or moved around a
15 little bit is still just the same way other than
16 having a couple of jackets on here and there and
17 coats.

18 HENRY: Um-hum.

19 STEVE: Yeah. In fact, I don't see anybody
20 that's really gone and like changed any clothes or
21 anything else. They're just waiting just like you
22 said, you know. He never told them don't do anything
23 else, but they're waiting.

24 HENRY: Okay.

25 STEVE: So they're expecting still to leave.

1 HENRY: Okay. So, hopefully, as soon as he
2 gives the word everybody will --

3 STEVE: Exactly.

4 HENRY: Okay. And I still want you to think
5 in terms of, of procedurally doing it the way that we
6 talked about. Okay?

7 STEVE: Right. In fact, I started to --
8 after I talked to you, I thought maybe he might have
9 been awake, so I started to say a few things there,
10 but I -- then I noticed he was out still so, you know,
11 I've been still waiting on that.

12 HENRY: Um-hum.

13 STEVE: BUT I think pretty much so when it
14 starts getting light I'm sure he'll be awake. I'm
15 counting on it anyway.

16 HENRY: Okay. Okay. I want you to take a
17 lead on this because, you know, as we spoke about
18 once, once we carry him out, you know, we're going to,
19 we're going to solicit your help and we're going to
20 need your help and cooperation to insure that
21 everything gets done in a fashion that everybody is
22 happy with.

23 STEVE: Right. Well, that's why, you know,
24 I'm hoping to talk with him here so we can get going.
