DAVID: All right, what about sending a couple of girls up there to get it, is that all right?

JIM: Oh, yeah, anybody you want.

DAVID: Okie-doke.

JIM: Send C.D., you know, I don't care. Send anybody you want, who cares.

DAVID: Okay.

JIM: And then, but only two men on the dogs.

DAVID: All right, no problem.

JIM: Okay, and no guns or nothing, you know.

DAVID: No guns, promise.

JIM: All right. And then think about what children you want to send down.

DAVID: Okay, we're thinking.

JIM: Okay. You know, anything, any time before dark is always safer, so just think about that, okay?

DAVID: All right.

JIM: But watch that press conference at 3:30 and I'll talk to you after that.

DAVID: Okay.

JIM: And just do me one, one favor.
DAVID: Yeah, Jim.

JIM: David, I love Steve, but I like to deal with you.

DAVID: I know, but look, you know, there's people saying that, you know, I didn't get hit and stuff like that, look --

JIM: That's --

DAVID: It doesn't make any difference, look. The thing of it is --

JIM: You and I know you got hit.

DAVID: Today -- I have never in my life, of this 33 years, ever had such a -- hey, you know, I used to be a distance runner, you know. I used to be a, a very, very proficient athletic person.

JIM: Um-hum.

DAVID: And I have never in my life had such a physical feat that I have today. I mean --

JIM: I --

DAVID: To be able to, to get up on a one-foot tall plastic pot to do a number two.

JIM: Um-hum.

DAVID: I mean, I'm telling you. And when I, when I finally descended back into a position to where I could lay down, I mean I might as well have climbed Mt. Everest and come back.
JIM: Um-hum.

DAVID: I mean it, it was unreal.

JIM: I'm sure it was painful.

DAVID: It's not, not just the pain so --

JIM: I want, I want to get you, I want to get you --

DAVID: -- the, the shrink that he used just, with just the parts that I could use without any pain.

JIM: Listen, when, when -- and I, and listen, don't get me wrong. Don't get me wrong, I'm not pushing you, but when you decide to come out, we're going to make sure you get the best medical care and get your strength back and get that fixed up, okay?

DAVID: Well, I'm drinking grape juice now because, like I said, the loss of blood was a lot.

JIM: I know it.

DAVID: So as long as I'm in a prone position, you know, my vital signs and all that are good.

JIM: Um-hum.

DAVID: But it's like, it's just like any, it's like it, it's probably a bit of anemia because of the loss of blood, and I need, I need just to build up
blood content a little bit.

JIM: All right.

DAVID: So we're, we're utilizing the proper
juices to do that with.

JIM: Okay. Well, think about walking out
of there and getting some good medical care, and
leading all those people out. They need you.

DAVID: Yeah. Well, let's think about God
on the throne too now, Jim.

JIM: Okay, David, I will.

DAVID: I want you all in the, in your
system and all the men of this nation who have ears to
hear and eyes to see to have every opportunity --

JIM: I know.

DAVID: -- before you end up standing in
front of guns that you have no power against.

JIM: Um-hum.

DAVID: I mean honestly.

JIM: Okay.

DAVID: Okie-doke.

JIM: Hey, watch that thing at 3:30.

DAVID: I will.

JIM: And I'll talk to you later.

DAVID: Thank you now. Bye.

JIM: Bye.
* * * *

RACHEL: Hello?

JIM: Rachel?

RACHEL: Yeah.

JIM: This is Jim. Is David there?

RACHEL: Yeah, but we'll talk to you later 'cause he's listening, he's watching the TV.

JIM: Well, but listen, this is an emergency. The guys in tactical vehicles just told me that three men walked out of the house carrying guns. This is --

RACHEL: No, I, I don't think that's true.

JIM: Well, they -- it is true. They just told us.

RACHEL: Just a minute.

JIM: The red side?

STEVE: Hello?

JIM: Hello, Steve?

STEVE: Yeah.

JIM: This is Jim.

STEVE: Jim, okay.

JIM: The tactical guys just reported that three men just walked out of your building with guns.

STEVE: With guns.

JIM: With guns.
STEVE: No, they didn't.

JIM: Well --

STEVE: That's not true.

JIM: Over on the --

STEVE: I can tell you their very names who went out to get the dogs and drag the bodies of those dogs --

JIM: What were they then carrying? What were they carrying?

STEVE: Probably shovels.

JIM: Okay, 'cause --

STEVE: Or were they -- wait, just, let me find out.

JIM: Okay.

STEVE: I'll tell you the very names of --

JIM: Just confirm it. Just confirm it.

STEVE: Okay. Wait just a minute. Would somebody go there for me and look to see who went out to take the dogs?

UNIDENTIFIED FEMALE SPEAKER: Cliff and Greg.

STEVE: Cliff and Greg did? Two guys did, right? That's it, two?

JIM: Two? They said three. You check and tell me.
STEVE: And they're unarmed, totally unarmed.

JIM: Okay. All right, let me tell them.

STEVE: Okay.

JIM: Totally unarmed. Yeah. What were they carrying, they asked?

STEVE: What were they carrying? Well find it, tell somebody right -- find out. Who's around here? Okay.

JIM: Okay, maybe is it just shovels?

STEVE: I don't know yet.

JIM: Okay. Which door did they go out, the front?

STEVE: The front.

JIM: Okay.

STEVE: That's where the dogs are, right -- in fact, as you look to the building, the dogs would be to the left side of the entrance.

JIM: Okay. Yeah, that's --

STEVE: I'm waiting to hear back from them, but they --

JIM: Still there? Steve.

* * * *

STEVE: Hello, Jim.

JIM: Hello. Yeah, Steve?
STEVE: Yes. You were right, there were three guys out there. One guy took it upon --

JIM: Okay, hold, hold on a minute, Steve. Hey, I'm sorry, go ahead.

STEVE: I was going to say, one guy took it upon himself to go out there and collect the -- he was going to go collect some things that he thought belonged to some of the guys that were here to see -- he totally took it upon himself, though. We knew nothing about it.

JIM: Okay. Okay.

STEVE: We just, in fact, just jumped all over the place on top of him.

JIM: All right, good. I, you know, thank you, Steve. I'm just concerned about, you know, we know in advance. I don't want any --

STEVE: Exactly.

JIM: You know.

STEVE: I know the, you know, what you're all going through just to get the thing worked out so there's no problems and --

JIM: Well, I appreciate it.

STEVE: I really am sorry for that.

JIM: Don't worry. Tell them it's for their own safety.
STEVE: Exactly.

JIM: Did you watch the press conference?

STEVE: Yeah, only got to see about half of it because I was trying to, you know, I lost the connection with you there, and that --

JIM: Well, it's still on. Go watch the rest and I'll talk to you.

STEVE: Oh, okay. Well, we only get Channel 2 there. Okay, I'll call you back or you can call me, then, when it's over.

JIM: Okay.

STEVE: Okay, thanks, Jim. Okay, bye.

* * * *

STEVE: Hello?

JIM: Steve?

STEVE: Yes.

JIM: This is Jim. Did you call me?

STEVE: Yeah, I did.

JIM: Oh, I'm sorry. I was on the --

STEVE: Yeah, we got it all straightened out with that, and the two, the two guys that did go out, though, all they had was gloves on their hands.

JIM: Okay. Well listen, it's not -- I already straightened it out with the tactical commanders.
STEVE: Okay.

JIM: And appreciate you calling me back.

STEVE: Right.

JIM: No sweat. I mean, that's the kind of communication we want.

STEVE: Right.

JIM: If something's awry, let's both look into it.

STEVE: Okay, sounds good.

JIM: And, and make sure it's not, you know, so. That's all. That's all.

STEVE: Okay. They're ready to go out there then and start dragging those bodies out.

JIM: The dogs?

STEVE: Yeah, the dogs.

JIM: Yeah, okay. Okay.

STEVE: Okay?

JIM: Yeah, I think it's okay, but are they going to dig a hole? Tell me what they're going to do.

STEVE: Oh, they say that -- there's also a goose that apparently is -- what is he, penned up or --

UNIDENTIFIED MALE SPEAKER: Yeah, he's penned up.

STEVE: He's penned up and they want to
leave the thing loose.

JIM: I don't care.

STEVE: Okay, that's all right also. Oh, how far away is that, though, just so --

UNIDENTIFIED MALE SPEAKER: On the left-hand side of the --

STEVE: Left-hand side of the building, so they're be walking over by the left-hand side of the building and right by the fence there, there's a goose that's been stuck there for days now.

JIM: A goose?

STEVE: A goose, a white goose.

JIM: A goose. Yeah, okay, let him out.

STEVE: Okay.

JIM: Yeah. And, and are they going to bury the dogs or just drag them out?

STEVE: They're going to -- what are you going to do with those dogs, drag them out or what are you doing? (Unidentified voices in background not discernible.) I mean, but are you dragging them or what? Picking them up? Okay.

JIM: Are they going to bury them or not?

STEVE: You're going to bury them?

(Unidentified voices in background not discernible.) I guess just, what --
JIM: Just drag them out away from the house.

STEVE: Yeah, I think you're right.

JIM: That's fine, where they don't bother you.

STEVE: Okay.

JIM: Okay, Steve.

STEVE: Okay, that's what they'll do.

JIM: Okay. Hey --

STEVE: Yeah.

JIM: Talk to David now, he, he was --

STEVE: All right.

JIM: -- going to send some kids out and --

STEVE: All right.

JIM: If we could do it before dark, I'd sure like to do it.

STEVE: Okay, I'll talk with him.

JIM: Kids get scared at night.

STEVE: Okay.

JIM: Yeah.

STEVE: Is that --

JIM: Hey, let me talk --

STEVE: Is that conference over or --

JIM: Oh, I don't know, I just came to answer the phone.
STEVE: Okay.
JIM: I'll let you go so you can do the dog thing.
STEVE: Right, and I wanted to see if anything else was on there myself.
JIM: Okay, and, and then talk to David about the kids and have David call me.
STEVE: All right, I'll do that.
JIM: Have the kids get ready, you know.
STEVE: Okay, I'll have him call you.
JIM: Okay, bye.
STEVE: Okay, bye.

* * * *

GREG: Hello?
JIM: Hello?
GREG: Yeah.
JIM: David?
GREG: No, this is Greg.
JIM: Oh, Greg. This is Jim.
GREG: Hi, Jim, How are you doing?
JIM: Pretty good, did you --
GREG: Hold on, hold on a second, here's Steve.
JIM: Okay.
STEVE: Hello?
JIM: Steve?

STEVE: Yeah, Jim.

JIM: Did you get those dogs?

STEVE: Yeah, they just, they pulled them away and did you get that goose also or --

(Unidentified male voice in background not discernible.)

JIM: The goose?

STEVE: Yeah, well, that's where, remember?

That's what I mentioned to you --

JIM: Yes, yes.

STEVE: We were going to let that thing loose? Yeah.

JIM: Yeah. Well, good, I don't want him to, I don't want him to die in there. Did he get him out?

STEVE: Yeah, they got him out, they let him loose.

JIM: Well, he'll have plenty to eat in the fields, I guess.

STEVE: And there's a whole lot of chickens in a pen too. I hate to keep, but what do you think? I don't know.

JIM: Where, where is it?

STEVE: Where's, where's the chickens at?
UNIDENTIFIED MALE SPEAKER: Over on the north side.

STEVE: It's over on the north side, toward like where the Bradley is.

JIM: The north side -- let's --

STEVE: I don't know, can they be, you can't really see, though, from where you're at anyway, from where they're -- unless someone flew over, I'd imagine. But it's a pen with a whole -- I don't know, how many chickens are there in there? About 50 chickens in there.

JIM: Okay, let me, let me wait on it. Let's just wait on the chickens for a minute and --

STEVE: Yeah.

JIM: See if we can --

STEVE: Wait on the chickens, yeah. It does, it does sound funny to me too, I must admit.

JIM: Well, we -- I'm glad, you know, we don't want them to be hurt, you know, so.

STEVE: Yeah.

JIM: How about some kids coming out, did David -- did you talk to David?

STEVE: I just started to when we were bringing something in on the TV station, then the thing went out again. We're trying to -- we don't,
see, we don't have capability, I thought we did on this TV, for UHF.

    JIM: Oh, um-hum.

    STEVE: So I don't know what's wrong with it. What is it? (Unidentified male voice in background not discernible.) See there, the good TV that we did have was all shot up when, when they arrived.

    JIM: Oh, I see.

    STEVE: So that's what we're trying to make do and, like what you were telling us what you were watching, we -- but that must be Channel 25, maybe?

    JIM: Yeah, that was 25, yeah.

    STEVE: Yeah, see, we can't, well, the only thing we get is Channel 2.

    JIM: Oh, okay. Did you get the --

    STEVE: So he wants to know, did you come up with any names of anybody you wanted to send out or --

    DAVID: No, not yet.

    STEVE: Not yet, he said.

    JIM: Okay. Oh, he already gave us the names.

    STEVE: Oh, he did, okay.

    JIM: Yeah. Dailand (phonetic sp.), Pages.

    STEVE: All right.

STEVE: Uh-huh.

JIM: Catherine.

STEVE: Okay.

DAVID: When are we going to get

(Indiscernible)

JIM: I just want -- which ones he wanted to send.

STEVE: Just a minute. Huh?

DAVID: When are we going to get a line

(Indiscernible)

STEVE: He says, when are we going to get a line out to answer some of the media questions?

JIM: As soon as you come out you can do all that stuff.

STEVE: He says, as soon as we come out we can do all that sort of thing.

UNIDENTIFIED SPEAKERS: Oh, yeah.

(Indiscernible)

STEVE: Man, I don't know.

JIM: Well, you know, we, we did that with the Christian Broadcast Network and we kept our word. You know, if you come out, those people all want to interview you and I'm sure it can be arranged, so.
STEVE: He's sure it can be, if we all come out, that, like the Christian station, they interviewed us. I mean, they've -- Jim, you're funny.

JIM: Oh, hey --

STEVE: You're very funny.

JIM: Do you want me to check with them?

STEVE: Huh?

JIM: Do you want me to check with them?

STEVE: No, well, yeah, you mean about giving us a line back out to the media?

JIM: No, I mean about giving you an interview after you come out.

STEVE: About giving us an interview after we come out?

JIM: Right.

UNIDENTIFIED MALE SPEAKER: Everyone's calling.

JIM: Every I mean, we get a million calls, everybody wants to interview you. You know, if David said he's coming out, I'd say if you want to interview him when it -- if you want to talk to them when you come out, you know, everybody wants to talk to you. Yeah. I mean, you told them you were coming out, and they're sitting there waiting for you, you know. It's a big chance to, to deal with them, you know.
STEVE: Okay.

JIM: Well, anyway.

UNKNOWN: He's waiting on his God right now.

STEVE: He said he's waiting on his God right now.

JIM: Okay, I understand.

STEVE: How long are you going to be there till, Jim?

JIM: Oh, I don't know. I guess Henry will probably come after a while.

STEVE: But I, I'll probably give you a call here in a little bit.

JIM: Okay.

STEVE: You're going to be there how late though, do you think?

JIM: Oh, I don't know. Can, can you get any of the kids ready?

STEVE: That's what he just got done saying, waiting.

JIM: He wants to --

STEVE: He gave you the names. He's, he -- to tell you the truth --

JIM: Uh-hum.

STEVE: He's been contemplating all that's been going on for the last five days with the movement
of the Bradleys, these guys coming out sneaking around, you know, all that kind of thing. They're running over the shacks, all that.

    JIM: Um-hum.

    STEVE: I mean, it's not consistent with your rapport, your, you know, the way you are, the way you've been communicating.

    JIM: Well, I know, I got a lot of bosses and commanders here.

    STEVE: He keeps on saying, you know, looking like -- you sound like a lamb, but you know, the actions are like a dragon.

    JIM: But I haven't lied to you and that's --

    STEVE: But you know, right from the beginning you and I agreed. When you and I talked together right from the beginning Sunday.

    JIM: Right.

    STEVE: We had agreed that nothing would -- these three vehicles would be on the perimeter, on the edge of the property but not on the property.

    JIM: Steve, Steve, I made mistakes and you have made mistakes.

    STEVE: I know. No, no, that's okay, that's okay, but just since --

    JIM: You know, we --
STEVE: No, no, no, no, no. No, no, no!

But yours continue. Do you call it encroachment, do you call it intimidation, do you -- whatever you call it, you're doing it, though, that's the point.

JIM: Yeah.

STEVE: That is the point.

JIM: Okay, I --

STEVE: If you want to do what you want to do, well then we would say, go ahead and do it. Ultimately, we'll say go ahead and do it.

JIM: I understand. But there's no, no shots are fired, no effort to attack.

STEVE: That's not a -- beside the point. Ultimately, that, you keep on -- it's just like a lion or something like that, just slowly creeping up to a victim or something. Same thing. We're not doing anything, I'm just smiling at you, I'm just smelling the air. I mean it, you know, the whole thing is contrary to the way it all began with you and I and with you and David.

JIM: Well --

STEVE: What would you think, though, I mean, after --

JIM: Well, you know, you know what I think?

STEVE: What, what, after agreements,
conclusions, and all of a sudden here is this Bradley out here running over -- what was that -- did you find out why they did that? Was that under your commanders, did he give the order? Is that kids out there fooling around, getting an opportunity to play with these machines or what? What is that?

JIM: I mean, I think both of us share this.

STEVE: No, no, what, what -- tell me about it? Go, you --

JIM: I'm trying to tell you, but you won't let me talk.

STEVE: I'm going to leave you talk. Tell me what that incident was about, why they did that up at the guard shack there.

JIM: Well, I think they were just trying to get that building out of the way so nobody would be hiding behind it.

STEVE: Why didn't you say something to us ahead of time about it?

JIM: Well, I think it happened when I wasn't here.

STEVE: Well, why didn't Henry? Is he not, is he not in your caliber, or can't he be trusted?

JIM: Well -- oh, yeah, sure.

STEVE: Well, why did he not say something?
JIM: Well he, he should have. I'm sorry if he didn't, I apologize.

STEVE: And why did -- then in the back they did the same thing. And here they're on the prop-- what are they doing when, you know, you both -- by the way, you said the same thing as yourself.

JIM: But Steve, but Steve, listen. I mean, I could say the same thing. Three men walked out of the house, you didn't tell me. I mean, I'm sitting -- you know, it's the same thing.

STEVE: Yeah, that's a pretty big thing though, to go riding over property and all that. Come on, let me run your house over and you tell me that. Let's you and I switch this around and you sit in a position like this.

JIM: I'd walk out with my hands up and surrender and go to court, that's what I would do.

STEVE: I don't believe so.

JIM: I would.

STEVE: Not if you had the same information and knowledge, you would not.

JIM: You know we're not going to do anything, that's what I would do. That's what I would do, honest to God, if that was me, I'd walk out.

STEVE: Well, you know, I really -- that's
what I really actually thought, I really did. But I mean, it's contrary to what one sees and what you're hear around here, especially at night time. These guys think they're cute or something.

   JIM: Um-hum.

   STEVE: Apparently they don't fear the same God I do. It's obvious they don't. No wonder all the prophets talked about the way they did in the final days, about a little group and all that. You know, it's hard for even me to buy. But just by the things, the events that have taken place, transpiring here, you see it happening.

   JIM: Um-hum. Well, the solution is simple.

   STEVE: Okay, what is it, what do you think it is?

   JIM: Yeah. You come out like you said and this'll be over. And then the, then the final --

   STEVE: What'll, what'll be over?

   JIM: What will be over?

   STEVE: It will be over for what, you? For your part of this communication?

   JIM: No, I'm talking about all your people in there that are not in safety.

   STEVE: We will do you -- we will do like we told you we will, but the only element there that has
not changed, and he's waiting, is he was told to wait.

So even for me, I would -- it would have been no
problem to walk right on out there, but it's that very
God that showed him the information that have
convinced and convicted us that the Bible is true, it
can't be gainsaid, the information there.

JIM: I'm not, I'm not disputing that,
Steve.

STEVE: No, no, but that's the reason why
we're still here. Otherwise, we would walk out right
now. There would be no problem.

DAVID: We're not afraid (Indiscernible)

JIM: Well, again --

STEVE: And like he's, he's telling me right
now, like, we're not afraid of you or your law.
That's not the problem.

DAVID: (Indiscernible) fear God and his
laws.

JIM: Yeah.

STEVE: And I -- that's right, we fear God
and his laws. You know, as you and I have discussed
before.

JIM: I don't, and I don't dispute that.

STEVE: I can't stress, I can't stress it
any stronger. That's why your trying to coerce and,
through salesmanship and all the rest to send out one more, one more, whatever, we'll go as fast as possible. In fact, he's already done more than I would have thought he would have done, just because he's been waiting on that word. He was already told, wait.

JIM: Um-hum.

STEVE: So that's exactly what we've been doing.

JIM: Yeah. Well, I have no dispute over that.

STEVE: One of these days I'd sure like to hear your reaction to -- he, he definitely had a lot to say to you yesterday, I mean spiritually speaking.

JIM: Um-hum.

STEVE: And now and then I'd come by and listen. I'm really interested in what you really, your response to that is.

JIM: Yeah? Well, I, I felt a little more --

STEVE: Apparently I don't, I really don't think there was one, because I can tell by how you continue with me, you continue with him. I, I really doubt that -- you're probably, on the contrary, you're not convinced, but if anything, you -- I know, you've got a job to do. Let's get us out there, get us in
jail, go through the court system, and then the rest will be over. You can go back to living your life and doing the same with others.

JIM: Well, I think everyone will go back to living their lives. You will too. I mean, this is, this is something you've got to get over. You've got to deal with it. You can't run away from it. You've got to deal with it.

STEVE: Yeah, like David just said, let's process the fish.

JIM: What does that mean?

STEVE: Well, you tell me.

JIM: I don't know.

STEVE: Let's process the fish.

JIM: You said it. I don't know.

STEVE: He doesn't, he says what does that mean.

DAVID: Tell him I'm praying hard for him.

STEVE: David says he's praying hard for you, Jim.

JIM: Okay, well, I, I'm praying for him, too.

STEVE: I'd sure like to see what you look like, I mean just to see who I'm talking to here.

JIM: Well, you'll see me when you come out.
STEVE: He says I'll see him when I come out. (Laughs.) Jim, I tell you. You're something else.

JIM: Steve, we're going to work it out.

STEVE: I know we are. I really, I -- but I want the best -- I'm not concerned for myself, Jim, I'm concerned for you, I really am. That's why --

JIM: Aren't you concerned for those children and those women in there?

STEVE: No, I really am -- I'm not concerned for anybody within, in honesty, not in the least.

JIM: Well, I am. I'm concerned for every, every one of them.

STEVE: They believe in a living God. You know, the Bible separates the beliefs of the world from those that believe in the living God, as it says in Revelations 7. I mean, you would think that every, every god that everyone worships is a living God, but not so. The Bible shows clearly, not too many know that living God. But anyway --

JIM: Steve --

STEVE: Should I give you, should we give you a call back, or what do you want to do?

JIM: I'll tell you what I'd like.

STEVE: Okay.
JIM: And you discuss it with David, okay?

STEVE: Okay.

JIM: What I'd like is for you to send a couple of children out before it gets --

STEVE: I don't -- it's not possible. He just, I just asked him, he said no.

JIM: Okay.

DAVID: (Indiscernible)

JIM: Well, he told me earlier it was, and that's the only reason.

STEVE: To send a few children out.

DAVID: No, I'm not going to send the kids out right now.

STEVE: He says I'm not going to send them out right now, that's what he said.

JIM: Okay. All right.

STEVE: I just, I mentioned it loudly enough so he could hear.

JIM: Okay, that's fine. And maybe he'll tell us later.

DAVID: Tell him I want to see, I want to see these tanks and stuff out of my --

STEVE: He wants to see these tanks out of his back yard, he wants to --

DAVID: These guys out of (Indiscernible)
STEVE: And these guys out of his yard and out of the vehicles and things like that.

JIM: Yeah, I know.

STEVE: He wants to see what you guys will do now.

DAVID: The original promise --

STEVE: The original promise.

JIM: Yeah.

STEVE: Actually, he told us, he said even with that tape and with all that that was being sent out, he wanted to see there right all the way up to, how you were, and even after.

JIM: Um-hum.

STEVE: I mean, of course, you know --

JIM: But Steve.

STEVE: Yes.

JIM: He broke his promise. He said --

STEVE: No, you did, from before it even started with us. Before it started with us, you told me that you would have those on the perimeter.

JIM: But, but --

STEVE: But contrary to that, you had, you've had infantrymen, you've had personnel on the property, you've done things that were totally -- I mean, never talked to me about it.
DAVID: (Indiscernible)

JIM: But Steve, let me talk just a second.

STEVE: She's a cheap reconnaissance is right.

JIM: Let me talk just a second.

DAVID: (Indiscernible)

JIM: I'm not disputing it, that truck/tank thing.

STEVE: Well, okay, no, here's what David's saying, though. Jim, let's just do it this way.

We're going to take --

JIM: Well, let, let --

STEVE: We're going to --

JIM: Well, let me talk to him.

STEVE: Wait, wait, wait, wait. We're going to take a little break now.

JIM: Um-hum. Okay.

STEVE: And what we wanted to see is what you do with these guys that are on the property.

JIM: Um-hum.

STEVE: The three vehicles, the two Bradleys behind the old garage building and the one in front.

JIM: And then what --

STEVE: The guys running around on the property and all that.
JIM: But then what will you do? What will you do it if I do something?

STEVE: Well, let's see. You try us, because, you know, right now -- well, let's see.

DAVID: (Indiscernible)

JIM: Well, Steve, you told me you're not --

STEVE: Let's see how -- okay, here's what David just said. Let's see how much you and those people love these children. That's what he said.

JIM: Okay, now, can you listen to me for just a second.

STEVE: I will.

JIM: Okay. You said you were going to come out; you didn't. David said he was going to come out; he didn't. Isn't that what happened?

STEVE: How long do you want to sit on the phone, because what I just said is what it is.

JIM: Okay.

STEVE: Because you said what you said also. That's what I'm telling you. You before me. Is that not true, Jim? The first night, the first day you and I began communication --

JIM: Um-hum.

STEVE: -- you stated some things to me. And so finally I gave in and said okay. I didn't like
the idea of even these things sitting even on the very perimeter.

JIM: Right.

STEVE: But finally I said okay, he said okay also.

JIM: Okay, Steve --

STEVE: But it's never been that. So --

JIM: But give me just a second, now.

STEVE: Okay.

JIM: I listened to you. The, the problem I had, do you remember the day the commanders jumped all over me?

STEVE: I do.

JIM: And that was the day that we played the tape on the Christian Broadcast --

STEVE: I don't even know if that's true, of course, but I'm going to take your word.

JIM: Well, you listened to them.

STEVE: I don't know why they would jump on and you, and now you are as a negotiator in the first place.

JIM: Wait -- all right, let me finish. We played the tape, as you requested, the Christian Broadcast Network for an hour. And on the tape, David said everyone was going to immediately come out.
Nobody came out. The commanders were mad at me. It wasn't until after that, that there was any encroachment on your compound. It was all before --

STEVE: No, no, that isn't true, Jim.

JIM: Yes!

STEVE: No, it's not!

JIM: Yes, the only ones with --

STEVE: You've got -- no, they actually had been moving around before then. That is the truth.

JIM: They never came in.

STEVE: I'll go get an, I'll get an eyewitness accounts by the people here. They watched them.

JIM: Well.

STEVE: Seriously.

JIM: Well, I'm telling you, that was my recollection.

STEVE: 'Cause I remember even raising the question to you even before the day that that was mentioned that we'd immediately come out. I even mentioned to you, it seemed to be -- I thought you were going to do something about it, nothing was. Nothing was done about it.

JIM: Well, when did they, when did they --

STEVE: So it's just been left.
JIM: When did they crush that building?
Wasn't that last night?

STEVE: That was last night, that they started going that far. They've been doing, diddling around -- Pardon?

DAVID: -- the radio said, just like, you know, when David comes out, shoot him in the head.

STEVE: The radio, like the radio said.

When David comes out, shoot him in the head.

JIM: What radio?

STEVE: One of the stations said that.

JIM: Oh. Well, that's crazy. That's not going to happen. You know, it was a tough, a tough sell for us to convince that Christian Broadcast Network.

STEVE: You said it's not gonna -- I mean, that's what has been said, though, on the radio, on the waves.

JIM: It's not going to happen.

DAVID: (Indiscernible) that too, you know.

JIM: It's not going to happen, unless he comes out --

STEVE: So how -- that's what I'm talking about. One's got to consider all these things. One's got to consider the, the history and the record of ATF
in the past, how they've dealt with others.

DAVID: (Indiscernible)

STEVE: Yeah, just a minute.

JIM: Um-hum. Well, it's not, it's not going to happen.

STEVE: Wait, wait, just -- wait. I want to pass something on to you, he's talking to me.

JIM: Okay.

DAVID: -- about the, the machine gun fire from the helicopters, how it shot my room all up, more than any other room in the (Indiscernible)

JIM: Hey, put him on the phone, Steve.

STEVE: Okay. Do you want to talk to him? He wants to talk to you. No, he says no.

JIM: Okay.

STEVE: Okay, he says tell Jim --

JIM: Okay, well --

STEVE: -- how when the choppers came in, how they shot up his bedroom --

JIM: Um-hum.

STEVE: -- more than anyplace on the perimeter.

JIM: They didn't have any guns on them.

STEVE: They had. They guy saw him come and they just started shooting up. You ought to see the
size of the holes in that, in that wall of the building.

JIM: Uh-huh.

STEVE: Yes, they did, Jim.

JIM: Yeah.

STEVE: You ought to seen how many witnesses watched that.

JIM: Okay.

STEVE: That, that didn't come out in the press or in the news, did it, Jim. I don't see how it ever will --

JIM: Hey, hey, Steve?

STEVE: -- unless God does something about, do you? ((Unidentified male voice in background not discernible.))

JIM: I think, I think those were outgoing rounds through the wall.

STEVE: No, they were not outgoing rounds, no, no. (Unidentified male voice in background not discernible.)

JIM: It's clearly shown on the TV tape.

STEVE: They are not, yes.

DAVID: Why do you think they were going towards my room?

STEVE: Yeah, why do you think they were
going towards his room in the first place?

    JIM: Yeah, but I think, and on some of those --

    STEVE: All right, yeah?

    JIM: On some of those TV tapes, you're going to see those rounds coming out.

    STEVE: I'd like to see those TV tapes. I never got to see them.

    JIM: Well, come on out, you can see them.

    STEVE: No, send us, send me a tape here. We've got a VCR.

    JIM: Send me some kids out.

    STEVE: He wants, he says send me some kids out.

    JIM: And I'll send you a tape.

    DAVID: We don't play that now.

    STEVE: We don't play that now is right.

    JIM: We'll send -- I'll send you all the news coverage.

    DAVID: (Indiscernible)

    STEVE: We're, we're going to go back to the first thing about you doing the first thing that you said you were going to do.

    DAVID: (Indiscernible)

    JIM: Well, you back away, Steve. We could
have -- you want, you want it, but when we ask you for something, you back away. You don't want to follow through.

STEVE: No, no, no. This was the first thing you and I agreed on. We want to go back to square one. We want to go back to square one. Let's resolve and take care of the very things that were stated then.

JIM: Um-hum. Um-hum. Well, I think we need to, you know, set the record straight, and that is that there was no guns on the helicopters, and whether or not you want to believe ATF, there was National Guard officers on those helicopters.

STEVE: He says there was no guns on those helicopters.

DAVID: That's a lie! That is a lie. He's a damn liar.

STEVE: Did you hear that?

JIM: I, I know what he said, but it's, it's not true.

STEVE: He says he wants to talk to you now.

JIM: All right.

DAVID: Now, Jim, you're a damn liar now. Let's get real.

JIM: David --
DAVID: You're -- No, you listen to me. You're sitting there and telling me that there were no guns on that helicopter?

JIM: I said they didn't shoot. There's no guns shot --

DAVID: You are a damn liar!

JIM: Well, you're wrong, David.

DAVID: You are a liar.

JIM: Okay. Well, just calm down.

DAVID: And -- no, let me tell you something. When I am ready to cry unto my God, you are going to stand before a furious God who's gonna judge you from the time you were conceived. You don't fear God, and I understand that. And I've come to this world just like you, and I know the reasons why you don't.

JIM: Um-hum.

DAVID: But there comes a point where there has to be a bridge made between carnality and divine inspiration. There is a truth of a God, whether it's true or fictitious. Whether it's a Peter Pan story or not. The storybook for infidelity says there's a God who sits on a throne.

JIM: Um-hum.

DAVID: Now, if it's just a story of
infidelity, it's a political matter, because this country, this nation states that in a God it trusts. Now, I want to know which God we're trusting in. I want to know why bureaucracy allows men and women of this world to exercise a religion or a mental kind of sedition that allows them to go and sit congregationally and hear words of hope and words of peace, when in this world there is none. Now, if the Bible's a lie, then the system that allows such an -- speech is a lie. But if the Bible's true, and there are those who will believe its witness, then it must be a judgement involved. Okay, so you say the Bible's true, Jim. All right. So you know the Bible now. So you say Christ, you believe in Christ. So you know Christ. Okay, well, show me the seven seals. That is gonna judge you and this whole nation. You don't believe me, I understand. And you don't fear me. But I have just laid here and tolerated, step by step, your kindness, and I've been telling you about this policy. Lamblike, but speaking as a dragon. They project that I have lied to you. No. I did not lie to you. You will learn that I also have chief of command too. And that there is a God in Heaven. You will learn that the hard way.

You could learn it if you would open your
eyes and open your ears, and open your heart and
consider. Now, your (Indiscernible) said no one's on
the perimeter, I mean everyone's on -- no, whoa. They
have been running around there all along and you know
it, Jim. If you don't, you need to ask your
commanders in charge, and say hey, honestly, you know,
you are giving me a bad bat to bat with. Because, you
know, these lies are not making you look very good to
anybody here. Now, didn't you say that the
helicopters had guns but they didn't fire. Well, you
are wrong. You are dead wrong. That may be what you
want the media to believe, you know, but there's other
people that saw, too. Now tell me, Jim, again.
You're honestly going to say those helicopters didn't
fire on any of us?

JIM: David?
DAVID: I'm here.
JIM: Yeah, what I'm saying is -- now, I
listened to you, now you listen to me, okay?
DAVID: I'm listening.
JIM: Okay, what I'm saying is, that those
helicopters did not have mounted guns, okay? Now
listen, let me explain, because you cut me off and you
never get my idea, okay, what I'm trying to express to
you. Steve gets a little hot at me and, and you're a
little calmer and we can explain it to each other and then work out the facts, okay.

DAVID: Well, I want to listen to you, go ahead.

JIM: Okay. What I'm saying is, I'm not disputing the fact that there might have been fire from the helicopters. If you say there was fire from the helicopters and you were there, that's okay with me. What I'm telling you is, there was no mounted guns, you know, outside mounted guns on those helicopters.

DAVID: I agree with you on that.

JIM: All right, then that's, that's the only thing I'm saying. Now, the agents on the helicopters had guns.

DAVID: I agree with you on that.

JIM: Okay? You understand what I'm saying?

DAVID: I agree with you.

JIM: Okay. Okay, so see? We're not even in dispute, and Steve is getting all worked up over it.

DAVID: Well, no, what the dispute was over, I believe, Jim, is that you said that they didn't fire on us from the helicopters.

DAVID: Well, what I mean is, a mounted gun.
A mounted -- you know, like a mounted machine gun.

    DAVID: Yeah, but beside the point, what they did have was machine guns.

    JIM: Okay, I don't, I don't know what they had. They were armed. The people inside had pistols or rifles.

    DAVID: We agree, then.

    JIM: Okay. All right, that's good. That's good, we agree, okay? Let's just leave it at that. Okay?

    DAVID: All right.

    JIM: How you doing otherwise?

    DAVID: Like I said. We're, we're sitting here, we're waiting, we're praying for you all.

    JIM: Yeah, okay.

    DAVID: And we're trying to, hopefully, that as this nation, as the, as what I stated is being heard and people are asking, you know, for copies of that tape, 'cause some people, you know, want to, they want to hear what it said. Others are --

    JIM: Did you get our phone? Did you get our phone?

    DAVID: Yeah, we got it.

    JIM: Okay. Does it work okay?

    DAVID: Oh, it works fine.
JIM: Are you on it? Are you using it?

DAVID: Yeah, we're using it.

JIM: Oh, okay. Good.

DAVID: And others are scoffing.

JIM: What do you mean?

DAVID: Well, you know, people are scoffing.

You know, Psalms 1. You remember Psalms 1.

JIM: Um-hum.

DAVID: I mean, the situation that's at hand is a situation to where, you know, it appears as a maniac and there's an arms charge and this, that.

JIM: Unless --

DAVID: There's a lot of, a lot of different lines and details to it and, you know. Any time anybody judges a picture before he sees the whole thing is kind of a fool, isn't he?

JIM: Well, I think -- you know, there's a lot of people like that, skeptics, but you can't, I mean, you've got to deal with one person at a time, you know. It's hard to deal with the masses sometimes.

DAVID: Right. Okay.

JIM: You know how inaccurate the media's been, so.

DAVID: Right.
JIM: I saw them on there today and talked about, they talked about more negotiators than's anywhere around here. You know, I mean.

DAVID: They said what now?

JIM: They said there's three teams of negotiators talking to David, you know. That's not true.

DAVID: No, well, no, that's not true, 'cause I wanted, I wanted one negotiator, and you, I talked with you because first of all, you have your, your proficiency down.

JIM: Yeah.

DAVID: You know, you have an intelligence behind your ability to talk.

JIM: Right.

DAVID: You know, you don't just have a radio disk jockey's voice, you've also --

JIM: Well, you're a, you're a bright guy yourself, and we've been able to communicate, and I think that's --

DAVID: Well --

JIM: That's real good, you know. So --

DAVID: And then the, then the second guy that came, what was his name, Gary?

JIM: Gar? Yeah.
DAVID: Oh, boy. That guy needs to go back to school, Jim.

JIM: Yeah, I know it.

DAVID: Oh, talking about pushy, I mean, you know.

JIM: I agree with you.

DAVID: By right of, by right of trade, you know --

JIM: I don't like him either, really.

DAVID: We're the ones that are supposed to be hot-headed, you know.

JIM: Yeah.

DAVID: We're the ones supposed to be, you know -- I want the $5,000 and I want the airplane (Indiscernible) or I'll not come -- you know, we're the ones supposed to be like that, you know?

JIM: I think he needs a different line of work.

DAVID: What do you mean?

JIM: Don't you?

DAVID: Who, Gary?

JIM: Yeah.

DAVID: Yeah, he's very --

JIM: Abrupt, I would say.

DAVID: Real tough guy, you know, and being
a tough guy just makes the crazy guys tougher.

JIM: Well you don't, we don't need no John Waynes, you know?

DAVID: Yeah.

JIM: We just need --

DAVID: Well anyway, I told Gary, I said, look Gary, I said I made a deal with somebody, you got to respect it. Oh, no, he wouldn't listen.

JIM: Um-hum.

DAVID: Now, the reason why we've talked to Henry is because Henry, like yourself --

JIM: Right.

DAVID: -- you know, knows how to, he knows how to be a waitress.

JIM: Right.

DAVID: And that's what you people are, you're professional waitresses, and you know professional waitresses --

JIM: (Laughs.) That's a good analogy.

DAVID: -- that are really good get tipped good.

JIM: Um-hum.

DAVID: And we have really been happy with you, you first, and secondarily Henry. So, you know, we commend you all.
JIM: Well, I appreciate your say -- I appreciate your saying that, and frankly, I appreciate the way you've been, and I really do, and --

DAVID: Check on, check on the baby. What's she crying about?

JIM: Everything okay?

DAVID: 'Cause some -- could be -- could someone go check on her, please? I don't want to hear them cry, kind of rips my heart.

JIM: Is that Bobby?

DAVID: No, I think it's, it's one of the other ones. Let me look at my list here, so I can see which names I gave you; otherwise, I might let another name slip.

JIM: Okay.

DAVID: Okay.

JIM: Let's see, I had Chan--

DAVID: You got Dailand --

JIM: (Indiscernible)

DAVID: -- Pages, Star, Cyrus, Bobby and Chanelle.

JIM: Right, I got that. Okay. Are those, any of those child -- oh, let's see Cyrus, Star, and Bobby are your children.

DAVID: All these are mine.
JIM: Oh, they're all your children, okay.

DAVID: Yeah. These are my babies.

JIM: Yeah, we'll take good care of them --

DAVID: Oh --

JIM: -- just like they're my own.

DAVID: Well, there's something about those babies and prophecies you all don't know.

JIM: Well, I --

DAVID: All through the Bible it talks about Messiah, the prince?

DAVID: Um-hum.

DAVID: Having children?

JIM: Um-hum.

DAVID: Supposed to be greatest honor to the world to be unitified (phonetic sp.) with the family of the universes?

JIM: Um-hum.

DAVID: Of God?

JIM: Um-hum.

DAVID: Christ died two thousand years ago that you all might receive the knowledge of the holy.

JIM: Yeah. Well, there's nothing more beautiful than a child.

DAVID: But if you don't understand it, God plainly states what'll happen to the children of the
world.

JIM: Um-hum.

DAVID: You know, that's the message of Malachi, said that before the great and dreadful day of the Lord --

JIM: Um-hum.

DAVID: -- God will send the spirit of Elijah, messenger of the covenant.

JIM: Um-hum.

DAVID: And his purpose is to turn the hearts of the fathers to the children and the heart of children to the fathers, lest I come and smite the earth under the curse.

JIM: Um-hum.

DAVID: But if you don't understand the importance of God and his knowledge of marriage -- well, like, like I was saying, Jim. I mean, I know you're pacifying me, but maybe, just maybe --

JIM: Tell you, I'm not.

DAVID: Maybe what, some of the things I say might, you know, might enlighten a little question within your own heart. You know, why does God tolerate sin? That's the first question. Why didn't God, when Adam and Eve sinned, why didn't God just wipe them out, and we wouldn't have all this today,
would we?

    JIM: Um-hum. That's right.

    DAVID: I mean, you know, such suffering and sorrow. What kind of wisdom is applied in all of this? Well, remember the statement. Many people overlook it, but the whole story of creation basically starts like this: Moses wrote the first records of creation. Okay? And in the times of Egypt, when Egypt was the most predominant empire of its day, the Egyptian pharaohs believed that they were gods. You know, you understand that, don't you?

    JIM: Yeah.

    DAVID: They were worshipped as gods, and when they died, their whole families -- course you know, all the early --

    JIM: They built the pyramids, right?

    DAVID: Oh, well no, actually, Joseph was the one that gave the knowledge of the pyramids.

    JIM: Um-hum.

    DAVID: You see, when you, when you read in the scripture about the ark of the covenant, it talks about the covenant having oracles --

    JIM: Um-hum.

    DAVID: -- and having chains between the covenant and the oracles?
JIM: Um-hum.

DAVID: And you know, scholars, they're, they've always had a hard time interpreting certain words of the manuscript 'cause they don't understand what the words are.

JIM: Um-hum.

DAVID: And that's why get a concordance and it says possibly unknown root word, could be this, that, this, that, and the other. They try to put a word in there in the line of the verse. But really, the way the sanctuary was built is that the ark of the covenant was designed to where it had a -- well, you know, science has already discovered this -- it had a high electrical current through it.

JIM: Um-hum.

DAVID: Very, very high electrical current. And the purity of its gold and the fashionability of its structure permitted it to be used in a way to where God could communicate with a high priest. Well, what man fails to understand in regards to the records of, of Deuteronomy, Leviticus, and you know, all these testimonies or say chronicles and kings in regards to this mysterious ark of the covenant, is that when men such as Moses and the prophets were commanded to build these things, they were also assisted by higher
intelligences. You know, we're talking about, we're
talking about beings from -- well, look, you've got a
sun, don't you?

JIM: Um-hum.

DAVID: Did the sun come up this morning?
Aren't you, aren't you on a ball, aren't you like,
don't you have an atmosphere and everything, and don't
you have certain laws of this nature and realm, to
where you're on this planetary, basic ball and you're
rotating it so much miles per hour, revolving around
the sun, so many days per year. I mean, you are
really on a path, you're traveling through space,
aren't you.

JIM: Um-hum.

DAVID: And you keep coming back around to
the same place. Okay. Well, I mean, this is really
unique, to think that we're flying out here, hung in
the abyss of distance.

JIM: Um-hum.

DAVID: You know? Now, the thing of it is,
is that, as I say, it's not theoretical, it's
scientific.

JIM: Um-hum.

DAVID: That from the beginning of time, the
ancients, whether it be through poetic or whether it
be through scripture, have always -- and this is not
just a Judaism, this is, you know, from all your
cultures, from all around the world. They talk about
visitors from the stars who come here in some form or
type of vehicle, right?

   JIM:  All right. Well, what would that be,
a spaceship or something, hum? Sounds like.

   DAVID:  Well, remember, the spaceship
concept is something that's not really understood
until man finally reaches a point of evolution to
where he finds out that he can, by wisdom, by the
sermon of nature and the principles of construction to
the laws of nature, he can fly. He -- the atmosphere
is dense enough to be able to lift up the poundage
that gravity holds down. You know, when you learn
about energy and direction of energy, forces, the
things of science, the natural energies, how to
harness them, how to utilize them, then yes, man is,
man has found the ability to, to strengthen then
natural into the supernatural. What I mean is this:
I mean that, to a primitive man or a man that's been
separated from God, say from Eden, and has been left
without the knowledge of the origin of creation,
right?

   JIM:  Right.
DAVID: Man would find himself in a base, natural aftermath of nature or creation, such as the animals of the field, the natural source of the, the biological world, the geographical world, the nature of the world, and the natural habitat of nature, such as a man in Africa and a man in South America or a man in Alaska. You know, man will adapt to his nature, won't he.

JIM: Um-hum.

DAVID: And what nature presents to him will make him natural man. The ability to eat, to survive, to procreate, are all the natural instincts of man. So that's why the Bible says that man, by nature, without the instruction of God, is a beast. He's like the beast of the field. Okay. But, whereas man becomes inspired when his mind is able to all of a sudden perceive a better way --

(END TAPE #42)
