U.S. DEPARTMENT OF THE TREASURY
BUREAU OF ALCOHOL, TOBACCO & FIREARMS

TAPE #48

3/4/93
10:05 P.M. - 10:50 P.M.
HENRY: Um-hum.

DAVID: How many wives did he have?

HENRY: About two.

DAVID: Too many -- 800, 800. Well, I never have to worry about that.

(Laughter.)

DAVID: Because -- well, see, the -- here's how this works now. There's a lot of churches, okay?

HENRY: Uh-huh.

DAVID: I mean, like I said, I, I -- I was wanting to show Robert all this stuff. You know, I was really hoping that me and Robert could get this worked out because I really, you know -- what I do -- 'cause when I sit down and give studies to people, I show them out of the book and then I ask them. I go, well, well, what do you think? Am I crazy or -- if they, if they don't see a point, they'll go, well, I don't really understand it right now and I'll, then I'll show them from another angle.

Before they know it, they're learning the whole Bible. And I'll ask them, see -- this is what I've told my students -- look, I've had an experience in my life to where my life means nothing in this world. My life is only valued in regards to how much it will increase your life in the knowledge of God.
So I'm going to always be in your hands, and any time any and every one of you can do unto me or cause to happen to me anything you desire, because you know I will alway-- only show you a truth and my life is in your hands. Okay?

So then I began to open up these seals. And every time that I have -- a person sat down and listened, you know, they, they've, they've always had to say -- say, you know, David? It's right. One thing about it is, it's different, it's strange, but it's right.

HENRY: Um-hum.

DAVID: And others who, like, say well, you know, they don't really listen, they, they get half of what I say and they don't get the full picture and then they start coming with all these ideals and crazy things. Of course, from their point of view, you know, I'm this -- I'm claiming that I'm Jesus, I'm claiming I'm the only Son, I'm claiming -- I'm a child molester and all that kind of stuff.

Now, it gets -- like for instance, last, last year we -- they were said three times on the news we were going to commit suicide. Did we?

HENRY: No.

DAVID: No.
HENRY: Now, where do these stories come from that you're a child molester?

DAVID: Well, what happens is is that it goes back to, to a young lady that was 12 years old, Michelle.

HENRY: Um-hum.

DAVID: Okay? And what happened was is that they say that when she was 12 years old that I was having relationships with her and that's not true.

HENRY: Who's Michelle?

DAVID: Michelle is one, Michelle is one of the Jones girls.

HENRY: Okay.

DAVID: Now, this was back -- this is what I mean like she's like, what? Nineteen? How old is she now? Nineteen? Anyway, she's like 19 or so, but you, you'll get to meet her and everything. But, see, what happens is is when certain individuals -- okay. For instance --

HENRY: Well, who, who was it that was saying that?

DAVID: Marc Breault.

HENRY: Who?

DAVID: Marc -- see, he was a student that I had for the first four and a half years --
HENRY: Uh-huh.

DAVID: -- since 1986 when I first came back from Israel with this message.

HENRY: Uh-huh.

DAVID: Now -- so what happens is this, in the scriptures it talks about a king of the north. In other words, the last political power that has capitalistic power reaches over all nations. This power is the one that's supposed to confront Messiah because of a message. It says, and he shall have intelligence with those that forsake the Holy Covenant.

Now, if we could find out what the Holy Covenant is, which we know is the seven seals, then we know that those who forsake it are those who have heard a portion and have not wanted it and have said like, like in Psalms 2, let us break his bands asunder, you know. They don't want it.

HENRY: Um-hum.

DAVID: They don't want the truth. They don't want to -- see, if they don't acknowledge that I'm the Son of God by God's Word, then God will not acknowledge them that they're His son. So that's the beauty of this message. You know, after, after I teach -- soon as people look at me like, you know,
like wow. It's like Psalms 4 says, stand in awe and
sin not. God will hear when I call unto Him.

But they're like, wow, yeah, like man you're
Christ. I go well, now, let me explain. There's
something more to it than this, you know. It, it
brings out an incredible value in us as a people.

HENRY: Um-hum.

DAVID: I mean, you know, we got to respect
-- we're all sons and daughters of God. I mean
literally, you know.

HENRY: Um-hum.

DAVID: Okay. So, so when I began to show
them how I got this, then it goes on to say, you know,
thus said the Lord to His anointed, ask Me concerning
My sons and the work of My hands. Command ye Me. I
have made man upon the earth and forged him from the
dust of the earth. I have given him My Spirit and I
will raise him up and direct all his ways.

See, God begins to explain things and, of
course, you know, my advantage is that I never was
very good in literature, reading or anything, but if
-- once I was shown all these things, and it's like
wow. It's like whew! You know, the Bible calls the
quickening. The quickening is a process of learning
where knowledge is implanted -- right into your
spectrum of comprehension.

HENRY:  Um-hum.

DAVID:  It's just like, Bing!  You're quickened!  Like, I know it all.  You know.  It's kind of like -- have you ever seen the movie, "Lawnmower Man"?

HENRY:  Um-hum.

DAVID:  Okay.  See, Satan is a counterfeiter.  Course Satan has all the money in the world.  So see ever since I started, right?

HENRY:  Um-hum.

DAVID:  With this communication between, you know, Orion and, and myself.

HENRY:  Um-hum.

DAVID:  All of a sudden, everything that I was experiencing -- Satan came out and inspired men in this world to try to counteract and counterfeit it by making movies and stuff.  Like "Terminator-2" and all that kind of stuff?

HENRY:  Yeah.

DAVID:  Where you've got these fighting machines and stuff that just blow everything up and destroy everything?  Well, that's the same as what Joel through the prophecies talk about with regards to Messiah and all that.  You know, the mind and the
world is getting so close to the fulfillment of all
the events that the ancients have been inspired to
see. In their day they couldn't explain it, because
they couldn't explain modern -- modernized, you know,
technology.

   HENRY: Um-hum.

   DAVID: They were still (indiscernible) of
the natural realms of social life. That's why God
caused Israel to have an economy which revolved around
agriculture, you know. The harvest, the feast days,
the planting, the sowing, the harvest.

   HENRY: Um-hum.

   DAVID: The offering of the first and second
fruits and then such and so forth.

   HENRY: Um-hum.

   DAVID: Okay? But in our day the, the time
when all the vision, the effect of our vision is at
hand, you know, we have to emphasize that well -- not,
like in Nahum where it says well, here's a prophecy
about Messiah and there are these mighty men and
they're in these torches that run like the lightnings
and like people up here, they're like looking out the
window going like -- they're going look how fast that
thing is. 'Cause these guys really cut out real fast.

   I mean, it, it's kind of, it's kind of --
it's not funny, but it's really exciting for us in the fact that, you know, here's like little kids still remaining, a people like looking out here right in our backyard, you know, and it's, it's such a terrible cost too, to get to this point and yet here we see this heavy piece of metal, you know, with men in it, a chariot right?

HENRY: Um-hum.

DAVID: And you think, man, these things move. And this thing like it can, it can like peel out and shoot across this back field like you wouldn't believe.

HENRY: Um-hum.

DAVID: You know, and it said they run like lightnings, right?

HENRY: Um-hum.

DAVID: And have these flaming torches.

HENRY: Um-hum.

DAVID: You know, the next thing, you know, we're, we're hoping not to see, 'cause we already believe God anyway. Okay, God, we believe you. You don't need to do it. You know?

HENRY: Yeah.

DAVID: They don't need to flame for us. Because they'll probably flame in our direction, you
know.

HENRY: Um-hum.

DAVID: Like, Steve went up the other day and looked out the window and he looked out and this tank just -- it, it caught him. It was kind of like this (indiscernible) Computer System that grades the imagery, you know, to where it can catch a whole, whole view and you can, like, zero in on the dots and it kind of comes to the one point like, say, eighth of an inch or sixteenth of an inch circle.

HENRY: Um-hum.

DAVID: And that gun barrel will go right to where the guy's looking, you know, on the, on the screen. And I'm pretty sure they have these things in there also. They have them in Israel, I know that. But, you know, that barrel went straight toward Steve, you know, that 25 mm. He goes like, whoa, and he was telling me like, man, this is so awesome.

HENRY: Um-hum.

DAVID: I says yeah, you know, but still. Okay. So, like, Joel, it's, it's you're like trying to study without the vision, you're kind of like going, what's these chariots and torches? What, they got like torches that, you know, like they're trying to get light from it? No. 'Cause these torches cause
the trees to shake terribly.

    HENRY:  Um-hum.

    DAVID:  You see?  It causes the ground to
thunder, just like Nahum in the prophecies say.

    HENRY:  Um-hum.

    DAVID:  But sad to say is that Nahum says
that when they confront those who, you know, fortified
their power mightily, which you know is us.  I'm happy
to say in the light of God, I'm sad to say in the
light that, you know, there's no, I mean, you know, I
like you and Jim.  I mean, I like all you guys.

    HENRY:  Well, thank you.

    DAVID:  There's a -- there, you know,
there's a sadness.  It's kind of like in Noah's day,
you know.  When Noah got into the Ark he was just
doing the best he -- okay.  It's -- but it's like Cain
and Abel.  We're brothers and all I'm trying to say is
that -- I'm trying to say, look, brother.  You know,
really brothers.  We're really family, right?

    HENRY:  Um-hum.

    DAVID:  I mean, if, if, like me and you had
not met like this way --

    HENRY:  Um-hum.

    DAVID:  -- you know, we could have been out
fishing or something.  And I could have been there and
I could have been sitting there fishing and you could have said, you know, how you doing? I go, how you doing? You know, what do you do? Well, I'm a musician. And, you know, what do you do? Well, I'm, I'm a FBI agent. Oh, really, you know. Glad to meet you. Boy, I bet you got a real hard job, you know. And then you'd end up being surprised to find out I'm involved in something like this later on, you know.

HENRY: Um-hum.

DAVID: -- had a better foundation established.

HENRY: Yes.

DAVID: But I got more people that love me than hate me.

HENRY: Well, you know --

DAVID: But --

HENRY: I'm sure of that and I'm sure that you're going to be in a position where you're going to have the opportunity to have a lot more people love you in the future. One of the things that I think that is going to happen to you because of this facility that you have to teach and because you feel so enthusiastic about sharing this gift that you have and this knowledge that you possess, that you, you know, as you said before, you realize that, that some
punishment is, is coming your way.

    DAVID: Oh, yeah. I'm ready to take it.

    HENRY: And, and because of the fact that in
punishment we learn, just like you did when you
received the punishment you received with respect to
that situation that you became involved with when you
had that experience with Linda, you grew.

    DAVID: Well, that, that, that's true.

    HENRY: You grew and because of this,
because of all that has happened and because you're
going to have the position that you're going to be in
a place where people are forgotten and here you are in
a position to make a real difference to people that
are forgotten. You will have -- and lots of times
it's difficult for us to see because we, we become
comfortable, all of us --

    DAVID: Exactly.

    HENRY: -- wherever we're at. Whether we're
in Dallas, Texas, whether we're in New York, whether
we're in Waco. Wherever we're at, and we're many
times not expecting to be thrust into another --

    DAVID: Dimension.

    HENRY: Exactly. And here it is for you and
because what you -- your message takes time. It takes
time and what is it that these people are going to
have more than anything else? They're going to have
time. Time to listen. Time to make a difference.

DAVID: Well, we --
HENRY: I really believe that.
DAVID: I'm definitely aware of all of this.
HENRY: I really believe that.
DAVID: I explained to people like, like,
like, you know, our Father, Christ, said 2,000 years
ago. He says, you know, if any man wants to follow
me, he has to take up his cross.

HENRY: That's right.
DAVID: In other words, you know, you might
get electrocuted.

HENRY: That's right.
DAVID: You might go to the, you might go to
the, you know -- someday I said we should, we should
wear around our neck a necklace of electric chairs or,
or lethal injection because that might be
misinterpreted as drug addicts or something, you know.

HENRY: Um-hum.
DAVID: Because sometimes, you know -- you
know, sometimes it's like if, if you love somebody,
you know, you would just -- you say to yourself I
would just die if they could understand how much I
love them.
HENRY: See, and the thing is I don't think that, that it, you know, when you say if you love somebody -- it's too, it's too almost like too isolationist to say if you love somebody, because I think in your case you don't have to -- you don't need to have -- you don't need to love a person. All you -- you do love people, you know, you love people per se. You want to teach them. And I think you're going to be thrust into a situation where you're not going to have, you know, 10 people, 20 people -- you're going to have thousands of people that you can minister to. I really believe that.

DAVID: Well, you know, like that, that, that's okay, like I said if you're just behind bars, but you know --

HENRY: Well --

DAVID: -- like, for instance --

HENRY: But, but those people need it. You know, I mean, who doesn't need it?

DAVID: Oh, for sure.

HENRY: You know, and, and, and who needs it more?

DAVID: But you know --

HENRY: And lots of these people, unfortunately, you know, they're in there, they come
out, and they're in a worse situation than when they
came -- than when they went in. You know --

DAVID: Well, I'm getting the people ready
for that.

HENRY: Well, good --

DAVID: You know, some people -- like, like
I'm telling these guys, you know, they're, they're
saying -- some of the guys, here, you know, like they
believe the message too, but remember they weren't
shown like I was shown. I'm the least one here, I
mean, I, I got shown something.

HENRY: Um-hum.

DAVID: And all they've done is believe the
Word of God.

HENRY: Right.

DAVID: I mean, I've connected all the loose
ends and developed the picture to show them from all
the prophecies and sometimes I like to say, well, now,
look. Let's just get a concordance over here and
let's understand this and they've gone like, oh yeah,
okay, we see, we see, we see. So they're going by
greater faith than I am.

HENRY: Um-hum.

DAVID: You know, me, I, I'm going by sight.

HENRY: Well, you --
DAVID: You know --

HENRY: But you've been able to open the door for them.

DAVID: Well, God, God -- like I said, He gave me work to do. Now, my frustration has been that, you know, I end up back in this realm after going to a different realm, and I'm like pinching myself, saying to myself, you know, you know, what -- you know, where -- what --

HENRY: Well --

DAVID: What is this, you know. I'm telling myself --

HENRY: Really --

DAVID: -- now, I, I just gotta, you know, present what I been shown --

HENRY: Exactly.

DAVID: -- and go back to these books, the scrolls, you know, the prophecies, and, and present them in the true and proper light that I was shown, where I was shown them at.

HENRY: That's right.

DAVID: And so I come in and I confront people and the first, first one or two years that I started this, you know, that this was given to me to do or to finish, this work -- from 1985 --
HENRY: Um-hum.

DAVID: Every time I confronted a person that already thought they knew the Bible, they would be like, well, yeah, brother. Well, what have you got, you know. I'm like well, I want to show you this too. Oh, well, then they'd already start telling me about about them. So I'd have to sit there and listen to them, realizing that everything they were -- that was coming out of their mouth was totally opposite what was shown to me, you know, far away from here.

HENRY: But, see, that's because you've, you've seen and, and seers become leaders, okay? And understanders become followers. You see and, therefore, you must lead. And the followers will follow you to safety.

DAVID: Well, so, what happened is scripture talks about my position, it calls me a servant of rulers. Which makes proper sense 'cause, you know, it takes a little time to deal with the natural-born tendencies to be arrogant in one's own thought.

HENRY: Um-hum.

DAVID: So, you know, so like I've had to sit a lot of times and let people tell me and then I'll have to sit there and go, well, that sounds good, but have you ever thought about -- and then I start
showing them out of the Bible. Like, for instance, the -- one of the easiest ones is the sixth seal, which -- here in Joel tells about the sun, moon and stars being darkened. Here in Zephaniah, sun, moon and stars being darkened. Here in Amos they kind of go like, oh, yeah -- oh, yeah.

And all of a sudden they get excited because like yeah, that's what that is. And they begin to see that from the written word, their own Bible, the picture becomes plainer than what -- and then more enlightening than what they're own opinion of it was.

HENRY: Um-hum.

DAVID: So they -- in their own mind, they're satisfied to divorce their own opinion and to readily accept the wisdom that's been given by the Book.

HENRY: Um-hum.

DAVID: So then they don't, they -- they look at me and they go like, you know, yeah, you know, yeah, that's good. I like that, you know.

HENRY: Um-hum.

DAVID: How did you learn this, they say? Then I go, uh-oh, you know, well, let me, let me show you something over here. Come up hither, you know.

HENRY: That's right.
DAVID: Because the Lamb wasn't there. Remember when the question was asked, who's worthy? The Lamb wasn't there yet.

HENRY: Um-hum.

DAVID: Said no man.

HENRY: Um-hum.

DAVID: Then all of a sudden, all of a sudden the Lamb appeared. And the reason why it's as, it's as -- been slain is because God knows that already His truth is not going to be accepted by the majority.

HENRY: Um-hum.

DAVID: You know. But yet the seven horns mean the situation is completely under control, completed power, and the seven eyes is complete vision and every avenue opened, you know, and besides, God says, when He refers to, to, to His Anointed One, you know, which is the first-born of this generation, or the first man that God will redeem, you know, He says over here, and this is for the, this is for the Gentiles. It's from chapter 60 all the way to 64 of Isaiah is the message that's to be given to the Gentiles while they're still under the dominion of Babylon. So it says -- actually, I'm sorry. It's from 40 to 66, instead of quoting it, I'll just read
it here. Here we go. Okay. Okay. So, in chapters, in chapters 40 it tells you, it says, Behold, the Lord God shall come with a strong hand -- of course that's the Book.

HENRY: Um-hum.

DAVID: His arm shall rule for Him, which (indiscernible) know as the Messiah. Behold His reward is with Him, which is the Book, His work before him. And His work is, He shall gather His flock like a shepherd.

HENRY: Um-hum.

DAVID: He shall gather the lambs with his arm and carry them in His bosom, and shall gently lead those who are with youngs, which are the babies.

HENRY: Um-hum.

DAVID: Okay? So, then, all of a sudden, you know, it's like, well, what is this reward? And, you know, what is -- why has it got to be done this way for? So the prophet goes to tell you something about how deep this -- He goes, who would measure the waters in the hollow of His hand. In other words, how deep is this truth? In Heaven, you know, it's a sea of glass, right?

HENRY: Um-hum.

DAVID: The Word of God is deep.
HENRY: Um-hum.

DAVID: And who has meted out Heaven with a span and comprehend the dust of the earth.

HENRY: Um-hum.

DAVID: It says, who would -- who has directed the Spirit of the Lord, being his counselor had taught him. It says, behold the nations are a drop of a bucket. That's why when the, when the, when the son of man comes with this Book --

HENRY: Um-hum.

DAVID: That's why God's laughing at all of these, these guys maneuvers out here with all these little tin can tanks and all these heavy artilleries and stuff.

HENRY: Um-hum.

DAVID: Of course, you know, to us, being of the flesh to the rest of the people who are there, they're kind of like, ehh, you know.

HENRY: Um-hum.

DAVID: They're kind of scared. It is, it is very scary, you know, in the flesh.

HENRY: Sure.

DAVID: But the faith reaches up higher and God already told us about it ahead of time anyway and God's telling us that, you know, not to worry about
it. That they're the ones that need to worry.

HENRY: Um-hum.

DAVID: Because they don't know what they're doing.

HENRY: Right.

DAVID: It says here, and are counted as the small dust of the balance.

HENRY: Um-hum.

DAVID: So it says here that -- it says, have you not known? Have you not heard? Has it not been told you from the beginning? Have you not understood from the foundations of the world? It is God that sitteth upon the circle of the earth, and the inhabitants thereof shall be as grasshoppers, and He stretches forth a curtains of the heavens and spreadeth them abroad, as a tent to dwell in. For He will bring the princes to nothing and He will make the judges of the earth as vanity, which is the same as Psalms 2.

HENRY: Right.

DAVID: The kings of the earth, the rulers, you know, they -- God laughs at them.

HENRY: Um-hum.

DAVID: Yea, they shall not be planted, which means -- see, they're going to be destroyed
because of their attitude towards, you know, the, the Book. That's what, that's what tears me up. It says here, yea, they shall not be sown, yea, their stock shall take root in the earth, for God shall blow upon them -- remember there's fire?

HENRY: Um-hum.

DAVID: And they shall wither and the whirlwind, which is Jeremiah 30, the whirlwind of the Lord, His fury, shall take them away as stubble.

HENRY: Um-hum.

DAVID: That's why Daniel says that the, the rock hit the image in the feet. It all blew away.

HENRY: Um-hum.

DAVID: To whom then will you liken God, or why, or why -- or shall I be equal saith the Holy One. Lift up your eyes on high and behold who had created these things from in the heavens? That bringeth out their host by number, and see how the universe is up there?

HENRY: Um-hum.

DAVID: For God calls them all by names by the greatness of his might, for that he is strong in power, not one faileth. Be awesome for one of those stars to fall down and hit ours, wouldn't it?

HENRY: Um-hum.
DAVID: So why sayest thou, O Jacob, and speakest, O Israel, that our way is hid from the Lord, that our judgment is passed over from our God?

HENRY: Um-hum.

DAVID: See, 'cause in this, in this situation, the prophecy, we get into a real scary situation like, well, you know, well, are you going to help us, God, or not? And God says, have you not known? Have you not heard that the everlasting God, the Lord, the Creator of the all the ends of the earth, fainteth not, neither is weary? There is no searching (indiscernible) His understanding.

For He will give power to the faint and to them that have no might He will increase strength. For in this, the youths will be faint, which we are, and weary. The young men shall utterly fall, which we have, but they that wait upon the Lord shall renew their strength. For they shall mount up with wings of eagles, they shall run and not be weary, they shall walk and not faint.

Now, the reason being is in Matthew 24, this is the fulfillment. These are the eagles that gather with the carcass, and the carcass is the Lord who comes with a strong hand, the Lord's body. Okay?

HENRY: Um-hum.
DAVID: So what God admonishes in His record in 42 is He states, this is His announcement to the world, He says, Behold My servant, whom I uphold. Now, we know that the Father gives the Book to the Lamb, right.

HENRY: Um-hum.

DAVID: Mine elect, I mean you know, the Father elected him, right?

HENRY: Um-hum.

DAVID: In who My soul delighteth.

HENRY: Um-hum.

DAVID: Now, what makes him different than anybody else? It says, I have put My Spirit upon him. He shall bring forth judgment to the Gentiles. Now, what he, what he, what he does is he brings God's judgment to the Gentiles.

HENRY: Um-hum.

DAVID: In other words, the Gentiles will be judged by him.

HENRY: Um-hum.

DAVID: But by the truth he's trying to teach them.

HENRY: Um-hum.

DAVID: He shall not cry, nor lift up, nor cause His voice to be heard in the street. That's why
you never heard me out, you know, on -- in, in -- I'm not an evangelist. I don't go around all over the world going, you know, and the Lord said, you know. You know how those guys do.

HENRY: Um-hum.

DAVID: Now, a bruised reed shall He not break, and the smoking flax shall He not quench, which is true. I've never hurt anybody. He shall bring forth judgment unto truth. In other words, what's the truth? Seven seals.

HENRY: Um-hum.

DAVID: He shall not fail nor be cut off until He has set judgment in the earth and the isles shall wait upon His law, which His law is prophecy.

HENRY: Um-hum.

DAVID: They've got to, they've got to believe that God's going to do what He says.

HENRY: Um-hum.

DAVID: Thus said the Lord God, He that created the heavens, and stretched them out. He that spread forth the earth, and that which comes out of it. He that giveth breath unto the people that (indiscernible) upon it, and spirit to them that walk therein. I, the Lord, have called thee in righteousness and I will hold thy hand and I will keep
thee and give thee for a covenant of the people, for a light to the Gentiles.

Okay? So that's, that's why, you know, that -- well, that's, that's why the seven seals are very important.

HENRY: Right.

DAVID: Now, these seals is to open the blind eyes, to bring out them that are sit in darkness, and out of the prison, and out of the prison houses.

HENRY: Um-hum.

DAVID: I am the Lord, that is my name, and my glory will I not give to another, neither my praise to graven images. We know no idolatries, right? It says here, for the former things have come to pass and I, I declare -- and new things do I declare, which are the seven seals.

HENRY: Um-hum.

DAVID: Before they spring forth shall I not tell thee of them? Which is, you know, the whole process of what we're dealing with here. But, you know, like they were making fun on the, on the TV the other day. They were saying, you know, they were saying, well, I, I thought that Jesus was perfect and we know this man's not and besides, this guy says, you
know, my little daughter made a good statement the other day. She says -- that I didn't think about, but just kind of goes to show you how smart kids are and the news guy says, well, what was it? She said -- he goes, she says, Daddy, this man can't be Jesus, because Jesus don't wear glasses. Right?

(Laughter.)

HENRY: Listen, I just had a thought and I don't know if, if we've talked about this or haven't talked about this, but you know, whenever you, you decide that you're coming out --

DAVID: Well, I've already decided to do that.

HENRY: Oh, no, no.

DAVID: I'm just waiting for --

HENRY: Look, I mean, at the moment that, you know, I don't know if we've talked about this and I just want to make sure. You know, I want you and I want everybody that's in there, and I want you to tell everybody that's in there, that their safety is guaranteed.

DAVID: Oh, they know that.

HENRY: Okay. Well, I, you know, I -- but we haven't talked about it so I just want to make sure that, that everybody realizes that, you know, just
doesn't -- isn't taking that like, you know, just anticipating that that's going to happen without somebody here having said that. Okay?

    DAVID: All right.

    HENRY: And whatever punishment is going to, not be addressed, whatever -- it's not the FBI or, or the ATF that's dishing out that punishment. I mean, everybody's going to go and stand trial. You know how that judicial system is.

    DAVID: Oh, yeah, I do.

    HENRY: Okay. So, you know, I mean, everybody's going to go -- who, whoever is, is charged is going to be, you know, go through the judicial system. It doesn't mean that, that, that your safety, or anybody's safety is not guaranteed. Everybody's safety is guaranteed.

    DAVID: Well, that's why it says here, it says to open the blind eyes, to bring out the prisoners from the prison, and them that sit in darkness out of the prison house.

    HENRY: Um-hum. Okay. Well, you know, I'm sure that, that because you speak the truth, you know, and the people that, as with the children who've you've sent out, you know, everybody needs to understand that, that everybody is going to come out,
and I'm sure that they do, but I want everybody to understand that, you know, we're not just laying in the weeds here waiting for somebody to show up and then --

DAVID: I know. It's -- like, like the other night. I kept telling guys if they was wanting to shoot some of your guys out here in the front, and I told them, I said, look. I said, blood is already shed.

HENRY: That's right.

DAVID: I said, look, so these guys are out here lying to you. They've lied to me so far and y'all guys know it. Now here's the deal. I have not lied to them. They tell me that they have bosses over them and I've told them that I have bosses over me.

HENRY: Um-hum.

DAVID: They told me what they were going to do, but I realized their bosses are over them. So you might tell me a lot of things and when I get out of here, boy! I may, I may have a real hell, you know.

HENRY: Yeah, I know.

DAVID: But the thing of it is this.

HENRY: No.

DAVID: But -- well, let me explain. Let me just make, make, make it clear.
HENRY: Okay.

DAVID: But -- 'cause this is what I have to remind the people that have believed God through what I have shown them.

HENRY: Um-hum.

DAVID: Okay? But still nonetheless, we have to keep our eyes single to the glory of God, because, you know, y'all more or less have a harder time to realize that I am taking orders, you see, and that, and that my boss is making decisions on whether not to pounce you or not. You know, I mean, you know, and I don't want my boss to pounce you because you don't understand me and I don't think -- and this is honestly between myself and God.

I don't think that by myself being human I don't think that I have done a good enough job or that I have done everything that I can possibly do at the present to try to, to, to inform you clearly what the issues are from our side.

HENRY: Okay. And I --

DAVID: You see, and so --

HENRY: And I think, and I think that, that that opportunity will be afforded to you not just, you know, when you come out, but throughout the whole process now --
DAVID: Well, we're doing that now. I mean this, this is where I've -- this is where I've always told the guys, you know, now Jim and them are -- have pressure from on high -- I mean, you know, from their hierarchy and I'm having pressure from my hierarchy, but whereas you know man has given you and Jim, you know, a certain leeway --

HENRY: Um-hum.

DAVID: -- a certain, you know, a bit, a bit of liberty to, you know, call shots and all that? So, for some reason because of my experience being in this stupid flesh in the first place for so many years and making so many mistakes, God has given me also a heart, or a liberty, to be able to, to, you know, ask for additional or extra, you know, time in regards for y'all.

HENRY: Well, let me ask you this.

DAVID: That sounds funny. I know, it's --

HENRY: Let me ask you this. You know, one of the concerns that I have now is remember when you told me, you know, last night and early this morning about the, the experience that you had with the sheriff's office?

DAVID: Right.

HENRY: Okay. You --
DAVID: I forgive those guys. That was, that was --

HENRY: Yeah. But you're not thinking that that's going to happen again, do you?

DAVID: Well, no, not really, but it doesn't --

HENRY: Tell me the truth.

DAVID: No, honestly, because see, I, I know that the Federal Government -- I know, I know -- the FBI's involved now.

HENRY: Um-hum.

DAVID: Now, if I had come out the first day and the ATF guys -- you can't blame those football players, you know. They lost good friends, you know. That night they were out and a few of them having a few beers, you know, and somebody said that, that they called up on the talk show and they said they were out here at one of the local clubs and three of those guys were in the bar there and they were drinking, you know, Saturday night?

And that they were in there talking about coming out here to Mount Carmel and, and busting us up real good in the morning and it was going to be, you know, they were talking to each other about it and they were laughing about it and, you know, and then
this guy said he heard about it and then when it happened it really made him mad because, I mean, they were really sounding -- well, they were just being human, you know what I mean?

HENRY: Um-hum.

DAVID: You know, get those bad guys, so to speak.

HENRY: Well, you know, I don't know anything about that, but I can tell you this, you know. The bosses have gone, you know, on TV, on the press conference and said that everybody's safety is paramount. Now, that means that if you tell me right now I'm -- we're ready to come out right now --

DAVID: Uh-huh.

HENRY: -- everybody, you know, all the big bosses are -- that's the first thing that they're going to say. We want everybody to be safe. Okay?

DAVID: And not stick us into jail with any big guys.

HENRY: What?

DAVID: (Laughter.)

HENRY: What?

DAVID: And not put us into prison with any big guys.

HENRY: (Laughter.)
DAVID: That'll poke us in the rear.
HENRY: Well, see, see --
DAVID: It's against our religion.
HENRY: One of the things that's going to happen is, the people that are hurt, like yourself, are going to be taken care of, you know, medically first. I mean, you're not going to be put in jail first. You're going to be put in a situation where you are taken care of medically first. Okay?
DAVID: Right.
HENRY: Now, in terms of being put in a situation where you're with some big guy, you know, one of the things that, that you need to understand is, your reputation precedes you. You are, you are a man of the cloth and as such people are going to perceive you in that fashion --
DAVID: Oh, they're going to --
HENRY: -- and they're going to want to hear your message.
DAVID: They're going to first -- they're going to want to bend me over to show me that I'm nothing.
HENRY: Well, you know, I -- you, you can't --
DAVID: Look, God knows -- I understand what
you're saying.

HENRY: -- you can't assume that and you see, that's right. God is going to take care of you because you have a mission. Now, most of us don't understand completely what our mission in life is and I know that you know to a certain extent. But there may be some things here and there -- a very strong, sincere reason for you having to go, you know, at least for a period of time, to make an impression there and to cause there to be a change among those people who are forgotten. That nobody really tends to.

DAVID: Yeah. I feel sorry for them.

HENRY: Really.

DAVID: Some belong there and some don't.

HENRY: Really.

DAVID: My brother was always the one -- I have a stepbrother.

HENRY: Do you have any brothers and sisters?

DAVID: Well, I have -- like I say, my original father was not -- he was -- I was a mistake child, right?

HENRY: Um-hum.

DAVID: Supposedly?
HENRY: Um-hum.

DAVID: And I got brothers and sisters in Houston that I've never really met but one sister.

HENRY: Uh-huh.

DAVID: And I have the one brother that I was raised with and he, he's a, he's, he's Roger Haldeman. He's always been in and out of trouble. I've always tried to help him. You know, and, you know, he's just -- he, you know, he has problems, you know. He, he, he's gotten to the drug scene and all that.

HENRY: Is he in Dallas?

DAVID: No, he's in, he lives in Tyler. He was living in Waco for a while, but --

HENRY: Uh-huh.

DAVID: You know, he has -- everywhere he goes he, he finds these people and he's weak in that area.

HENRY: Um-hum.

DAVID: I mean, I've always told him I says, well, Roger, you now, you, you've got to realize that God understands these weaknesses and you have to, you know, you have to fight against them to make them stronger. Anything you exercise in your will is going to be made stronger.
HENRY: Um-hum.

DAVID: But, you know, it's just -- I tell you, there's powerful drugs today. Once you do it once --

HENRY: Yeah.

DAVID: -- you're, you're hooked.

HENRY: Um-hum. Now, I -- if you have any questions about, you know, what will happen, you need to ask me and if I don't know the answer, I will find answers for you. I want you to realize that, you know, I believe that God has been protecting you and protecting the people within the compound and he will continue to protect those that are taken into custody. I really believe that and I also believe, you know, that in the federal system -- that the federal system is very different from the state system.

DAVID: Yeah, it's meaner.

HENRY: Okay. No!

DAVID: Oh, yeah.

HENRY: Oh no, no, no, no.

DAVID: Yeah. (Laughter.)

HENRY: Really --

DAVID: The federal prisons are, are meaner.

HENRY: No, no, no. I think it's just the other way around. I, you know, and there are, you
know, there are federal penitentiaries that are --
everybody calls them country clubs because they're
real easy.

    DAVID: I'm not an income tax evader. I'm,
I'm --

    HENRY: (Laughter.)

    DAVID: -- considered a -- I don't know.

What do they consider me?

    HENRY: I don't know.

    DAVID: A terrorist?

    HENRY: Nah -- see, I don't think so. I
don't think so. See, I don't know what they're going
to charge you with. I, you know, you know -- do, do
you have any questions that we need to resolve --

    DAVID: No. I mean, like I say --

    HENRY: I mean I know you're planning to
come out so --

    DAVID: When, when, when, when, when, when
my god tells me to go, then I already know what y'all
are going to do. Okay? And what happens is, if, if
it's done otherwise, according to the other opposition
-- if what I've, what I've already said creates the
other opposition, I already know what happens then
too.

    HENRY: Okay.
DAVID: So, you know, it's just like -- the, the more, the more you learn -- you know, the more you -- and then I, I know that Mike too, you know, he's, he's got a Catholic background too, you know.

HENRY: Um-hum.

DAVID: And don't get me wrong, I mean, you know --

HENRY: Thanks a lot.

DAVID: The --

HENRY: You don't like Catholics, do you?

DAVID: No, no, no, no, no.

HENRY: Thanks a lot.

DAVID: No, no, no, no. What I'm saying is, like I said -- Antonio Munoz --

HENRY: Um-hum.

DAVID: The best people that I've ever known have been Catholics that have treated me good.

Antonio Munoz is a devout Catholic. He had a shrine, you know, the Mother Mary in his house and everything. He, he owned a tile company; he did tile work. And like I said, that, that kind of business during the '70s and '80s was very, very prominent.

He made lots of money and he has a brand new -- well, he has several homes in Dallas, but a brand new home. He owns them all and when I used to go
around to the streets and stuff, you know, after '78, '79, '80, you know, and I used to go and talk to people of my experiences, you know, trying to bring them closer to God, I lived in my car.

HENRY: Um-hum.

DAVID: And I would drive and I would go out and I would take on subcontracting and I would do decks or roofing or whatever I could find to do by myself or with maybe one other person and make a pocketful of money and then get in my car and, and live a couple of months or so without any worries. And I had all the time in the world to talk with people and, and get familiar with, communicate with people.

HENRY: Where, where was this guy Munoz from?

DAVID: Okay.

HENRY: Was he --

DAVID: Originally he was from Mexico years ago.

HENRY: Was -- is he Hinter or Antonio?

DAVID: His, his name is Antonio.

HENRY: Okay, Antonio.

DAVID: Antonio Munoz.

HENRY: And he was from Mexico?
DAVID: Yeah.
HENRY: Okay.
DAVID: But he, he lives down, he lives down there in Saxy (phonetic sp.).
HENRY: Oh, okay.
DAVID: Okay? But anyway I had a -- I was staying with a Russian lumber company in Wylie, Texas.
HENRY: Oh, okay.
DAVID: Which is up north of Lavonne (phonetic sp.) Highway, if I'm, if I'm correct.
HENRY: Um-hum.
DAVID: And I was staying back there and this one guy, Kevin, he was, he was fixing to, you know, inherit the lumber company and he had just bought a brand new El Camino.
HENRY: Um-hum.
DAVID: And he took the brand new motor out and he wanted to put in a new motor, because, see, I used to, to build hot rods all the time. I'm a mechanic.
HENRY: Um-hum.
DAVID: And so I, I told him, I said, well, I'll help you out. So we made friends and he found out I didn't have a place to stay so he let me stay there in the shop on the, on the lumberyard grounds.
So, you know, I built motors and then one day this guy came along and his name was Eddie Munoz --

HENRY: Um-hum.

DAVID: -- a young man, you know, kind of nice looking and everything and he came along and he wanted me to build a motor, so, so I did, so his dad, which is Antonio, came by and met me. And so I built some engine stuff for his truck, 'cause he always had these trucks which he used in the business, tile setting and all that. So he wanted me to do one over at his house, so I went over to his house and he told me, he says, he goes -- my name is Vernon, right?

He says, he goes hey, Vernon, then he says, you know you, you work on my truck, you know, and he says I give you some money, he says. I tell you what, he says, you, you don't sleep in your car. You stay here in the night with -- you know, in the house for the night. You know, you stay out in the den there, you know. I said, oh, I can't do that, Mr. Munoz. He goes, no, you, you stay out here. You work on my truck, I give you some money, and you stay at my home, you stay at my house tonight, you know.

So I, you know, I was very grateful and I took a shower and I stayed there and he had his shrine in there, you know, and everything and, and, you know,
Hilda was his wife -- beautiful family.

HENRY: Um-hum.

DAVID: You know, just really good people
and I'd, I'd give him Bible studies, you know, and
stuff, you know.

HENRY: Um-hum.

DAVID: Not, not to what I know now --

HENRY: Um-hum.

DAVID: -- but to what little light I had
back then.

HENRY: Sure.

DAVID: And he'd, he'd sit back and --

HENRY: See --

DAVID: -- he'd look at me and smile, you
know, and he'd go --

HENRY: See, that's what I --

DAVID: -- he'd go --

HENRY: See, that's what I think is going to
happen, you know. That's exactly the way that I see
it. I see that, you know, like then you ministered
to, you know, a very limited number of people, you
know. As time has gone on you've ministered to, to
more people, okay. You ministered to all the people
that are in the compound and, and, and some that are
not in the compound, you know?
And, and because of the exposure that, that you've gotten, you know, you're going -- and because, you know, either you'll be in prison or in custody for a limited period of time or however much a period -- whatever period of time, you're going to wind up ministering to a lot larger group of people. I really believe that.

DAVID: Right. Well, see here, here's the deal. In one aspect, okay, the way it is right now because of my position --

HENRY: Um-hum.

DAVID: I mean, there's no way around it. My charges are murder. I mean, you know, that's, that --

HENRY: Well, okay, but that's not --

DAVID: Let, let's be honest. That's the way it is --

HENRY: But that's, but that's what -- I mean, that's what the charges may be, okay?

DAVID: And they have -- exactly. And they have -- and that's capital punishment.

HENRY: Well --

DAVID: And so --

HENRY: -- see, you're, see you're talking about, you know --
DAVID: Well, what I'm trying to tell you is that I'm not afraid of that.

HENRY: Okay.

DAVID: You know, if, if I have an opportunity, because, you know -- I mean, I mean, whether, whether, whether you all come in here and shoot me today or whether I get a chance a while to, like I say you know --

HENRY: See, nobody's coming in to shoot you.

DAVID: Well, well, what I'm saying is that --

HENRY: I told you we talked about guaranteeing your safety, for goodness sakes.

DAVID: Right.

HENRY: What are we talking about, David?

DAVID: Right. So, what happens is is that when, when --

HENRY: Do you understand that?

DAVID: Well --

HENRY: Do, do you feel confident with that? If not --

DAVID: Look if I -- if, if, if I didn't have the communication I have right now, okay, listen to me --
HENRY: Okay.

DAVID: -- Joh -- you know, Henry, seriously then, you know, it was last night, there'd be more dead agents around here.

HENRY: I'm sure. I'm sure.

DAVID: Because, you know, these guys are, are, you know, some of the boys on the National Guard side or whatever are, you know, they don't understand. They don't understand. And some of their so-called, you know, it's true, it's true, that in, in fog it's true that, that night vision does not work. But, you know, there's other types of visionary apparatuses too.

HENRY: Um-hum.

DAVID: Which work with red lights and stuff. And, you know, it's, it's true that, you know, we understood everything about these tanks and everything and what they can and can't do.

HENRY: Um-hum.

DAVID: You know, it's like, y'all been preparing eight months, or the ATF --

HENRY: Well, see, but the AT -- you know, right now, as you said before, the FBI is involved in this too.

DAVID: Oh, yeah, right.
HENRY: So, so, you know --

DAVID: Well, we've been preparing ever since 1985.

HENRY: Well, there you go. There you go and you can't lose faith or courage, you know, because your message is very powerful. And because of the faith that you have in God, and I'm telling you, you know, because there is no -- there would be no -- nothing served by killing you or anybody else. That's why everybody has pulled back and maybe, you know, the cowboys are driving around and, you know, flexing their muscles or whatever, you know, and, you know, so what. I mean, who cares? Forget about them. Okay?

DAVID: Yeah.

HENRY: When it comes time --

DAVID: That's easy for me and you to do, but some of these guys here, like I said, they're going strictly by remembrance and they're always coming to me saying now, where was, where was that at again? I say, over at Zephaniah, back at Habakkuk, you know, you know --

HENRY: You tell me when -- you tell me when you, when the time is. When you are, when you are advised that you want to walk out at that moment and I am telling you, I will work with you through this to
ensure that everything is done as with the kids to
everybody's safety --

DAVID: I believe you.

HENRY: -- is guaranteed.

DAVID: I've always believed you.

HENRY: I want you to think that, I want you
to know that, and I want everybody there to know that.

I am not going to, I am not going to do anything that
is going to jeopardize your situation -- I'm not going
to let anybody do that. We don't want that to happen.

Okay? The cowboys may be flexing their muscles. Let
them flex their muscles. If that, you know, if they
feel good about that, let them feel good about that.

Okay? The perimeter -- okay, they have to keep their
perimeter? Okay. They're jumping around and big
deal, okay. They've got their perimeter, okay.

Great.

DAVID: Yeah. Now you --

HENRY: Great.

DAVID: -- now you know where we're coming
from.

HENRY: Okay. They've got their perimeter,
they're happy, they're delighted, hey, you know,
they're flexing the muscles. Fine. Let's get the
thing done that we need to get done.
DAVID: Right.
HENRY: And let's move on and let everybody, you know, share your message because --
DAVID: See, the only thing --
HENRY: -- it's a powerful message.
DAVID: The only thing I'm worried about handling --
HENRY: Okay.
DAVID: -- is that like I say, you know, Christ had disciples 2,000 years ago. Right?
HENRY: Said what?
DAVID: Christ had disciples 2,000 --
HENRY: Yes.
DAVID: -- years ago. Right?
HENRY: Yes, yes.
DAVID: Now, Peter got edgy and chopped off a Centurion -- (End of Tape #48.)
