TAPE #52

3/5/93

10:05 a.m. - 11:44 a.m.

(Tape 52)

STEVE: I have rarely gotten to hear someone's story plainly and clearly told. Usually, they find themselves in confinement. And if they do make it to -- as far as with a jury in a courtroom situation, usually it's a yes and no. And it's, of course, interrogation by a District Attorney or something of that nature.

DICK: Uh-huh.

STEVE: And rarely do you hear the details of any one story come out plain and clear or does the press ever print or if they do get the information as it really was, rarely do they print it that way.

DICK: Steve, who, who can you look to? Let's address that issue. Who can --

STEVE: I guess, you know, --

DICK: Who can you look to to --

STEVE: I, I, -- it's not that look -- in this world -- I mean, of course, you know, there's imperfection in this world. And we, we, you and me, all of us as beings have had to deal with that all our lives, and I still will. But I'm just saying ahead of

1 time, you know, I don't really expect much but at the
2 same time, that's not going to stop me from
3 communicating, wanting to write and to make things
4 good and --

5 DICK: Well, you sell yourself short then,
6 Steve. You sell yourself short.

7 STEVE: I really don't because I -- I'm
8 saying it's not that I would -- I'm still going to do
9 all I can, we are, to do the right thing, to do the
10 thing that will benefit all. And we only want the
11 best for, you know, not only ourselves but others.

12 The reason why I left Hawaii and a very good
13 lifestyle was because I want something better that
14 lasts, guarantees. And there's really no guarantees
15 in this world which is a cemetery, everything dies
16 here, of course, this planet. But and through my
17 life, I've done a lot of research and --

18 DICK: Sure.

19 STEVE: -- comparison of religion and
20 philosophies of men, whether it's borrowed philosophy,
21 whether it's eastern, western --

22 DICK: Steve, Steve?

23 STEVE: Yeah.

24 DICK: Hold on for just a second.

25 STEVE: Okay.

1 DICK: Just a second.

2 STEVE: Sure.

3 DICK: Steve?

4 DICK: Question for you.

5 STEVE: Sure.

6 DICK: One of your concerns in there, of
7 course, is dealing with these kids and how they're
8 being treated and are they, in fact, together. What
9 kind of video player do you guys have in there, Beta
10 or VHS?

11 STEVE: It's a -- it's 8, High 8.

12 DICK: High 8?

13 STEVE: Right.

14 DICK: Meaning -- okay, that's eight
15 millimeter.

16 STEVE: It's, it's a VCR camera --

17 DICK: High 8.

18 STEVE: -- but it's the small --

19 DICK: Oh, you've got a camera that you,
20 that you play the tapes through there?

21 STEVE: Exactly.

22 DICK: High 8 is all I need to know?

23 STEVE: Right.

24 DICK: Okay. What we're, what we're doing
25 here is we're going to put together a tape for you --

1 STEVE: All right.

2 DICK: -- with the kids to show you, to give
3 you the knowledge that these kids are, in fact,
4 together and they're being well cared for.

5 STEVE: Okay.

6 DICK: And you're -- now, you're sure on
7 that, High 8?

8 STEVE: Yes. Yes, positively.

9 DICK: Now, you're a technician? I mean
10 will --

11 STEVE: Well, I operate the camera myself.

12 DICK: My, gosh, if you don't know, we're
13 all in trouble, aren't we?

14 STEVE: Well, I wouldn't go as far as saying
15 I'm a technician or anything but I've had a little
16 bit, of course, photography experience.

17 DICK: Yeah. Now, -- can you -- and then
18 you hook that up to your T.V. to play it through the
19 T.V., is that what you do?

20 STEVE: Right.

21 DICK: Okay. So, you're using that as a cam
22 -- the camcorder as a VHS --

23 STEVE: Right.

24 DICK: -- as a video --

25 STEVE: Correct.

1 DICK: -- machine.

2 STEVE: We do have a number of VCR -- the
3 VHS format.

4 DICK: Oh, you do have a V --

5 STEVE: Yes, we do.

6 DICK: But I thought, I thought that David
7 suggested that all of them had been broken or rendered
8 inoperable.

9 STEVE: No, I think -- that the topic over
10 that was the T.V. He had a very -- a decent T.V. --

11 DICK: Oh, okay.

12 STEVE: -- which -- see, we haven't been
13 able to get Channel 25 as Henry and --

14 DICK: Okay.

15 STEVE: -- Jim suggested. We only get
16 Channel 2 because --

17 DICK: Okay. So, you have more than one
18 format is what you're saying?

19 STEVE: Yeah, we do.

20 DICK: Okay.

21 STEVE: We have the two -- well, we have a
22 number of VHS recorders --

23 DICK: Okay.

24 STEVE: -- but at the same time for a
25 camera, we only have one really good camera.

1 DICK: Okay. But you have any machines to
2 play tapes other than this camera?

3 STEVE: Yes, we do. Yes, we do.

4 DICK: Okay. Well, that's what I wanted to
5 find out so we can get --

6 STEVE: That's with the VHS format.

7 DICK: Okay. So, we want to get it on -- on
8 your video player is a VHS format. So, we want --

9 STEVE: Exactly.

10 DICK: -- we want to make sure that -- you
11 probably got so darn many people out there, we'll send
12 out a couple to you and you can play them in different
13 places.

14 STEVE: All right.

15 DICK: Is that fair enough?

16 STEVE: Sure, it is.

17 DICK: Okay. That's one of the issues I
18 know that you and David were concerned about and we've
19 addressed it and we're going to work with it.

20 STEVE: Well, good.

21 DICK: And, in fact, I, I think I've got
22 some stills I'll send out to you. Yesterday when this
23 issue came up, I thought, geez, you know, I'll go out
24 and get this done. We'll, we'll, we'll get somebody
25 with a recorder. We'll take pictures of the kids and

1 -- well, still 'cause I wasn't sure whether you had
2 the equipment that could play these sorts of things --

3 STEVE: Right.

4 DICK: -- and so I said, well, let's, let's
5 handle it both ways. That way we should have it
6 covered.

6 STEVE: Right.

7 DICK: So, you've got all those formats.

8 STEVE: Okay.

9 DICK: So, I know that's one of the -- one
10 of the issues that you were terribly concerned about.
11 So, we've handled it. We're, we're -- well, let me
12 put it this way.

12 STEVE: Okay.

13 DICK: Between you and me, okay. Things
14 move slowly. You know, I've worked for the government
15 for a few years --

16 STEVE: Yeah.

17 DICK: -- and things move slowly.

18 STEVE: Right.

19 DICK: Really, kind of slow. So, when you
20 don't get things, you know, when we don't get things
21 done as quickly as you might think we should, please
22 bear with us because we're trying, we're trying to
23 handle those as quickly --

23

24

25

1 STEVE: As an individual -- I mean unless
2 for some other reasons that you could tell me but I
3 have a curiosity about what happened to some of my
4 other friends that have been involved in our
5 organization. One of them was a Mike Schroeder. I
6 believe -- I have a feeling that could have been the
7 body that was found yesterday out in the field. Is
8 that possible?

9 DICK: You know what? I, frankly, do not
10 know. I know we're making every effort we -- when I
11 say we, now, I mean collectively. I'm not presently
12 doing it but the efforts are being made to identify
13 that person, okay. I can't tell you but you know what
14 I'll do?

15 STEVE: Well, they did, they did tell me
16 that there was a Delmar or a -- I can't remember what
17 his name was but I didn't --

18 DICK: Delroy?

19 STEVE: Delroy. Okay.

20 DICK: I've, I've heard the name. I --

21 STEVE: That you had in custody.

22 DICK: I will -- is -- Delroy Nash?

23 STEVE: Huh?

24 DICK: Delroy Nash?

25 STEVE: I guess so. I think that's his name.

1 DICK: Okay. You -- I'll, I'll check on
2 that for you. I don't, I don't know these fellows.
3 These names are new to me.

4 STEVE: Okay. What about a Bob Kendrick?
5 Check on him, too, because he had been in the same
6 place as Delroy.

7 DICK: Okay, a Bob Kendrick?

8 STEVE: Do you have him also? I, I -- see,
9 here's what the reports I've been hearing through the
10 press is that --

11 DICK: Okay.

12 STEVE: -- one man was killed, one was
13 wounded, and one was taken in captive. But it sounds
14 like the wounded man was also. So, I was curious as
15 to what happened to who and what the circumstances
16 were. The press also made it sound like they had left
17 our compound in a gun burst, in a gun battle. Well, I
18 mean that shocked everybody here. So, -- because
19 number one, they --

20 DICK: Okay.

21 STEVE: -- they had not even been here but
22 it sounds like they were making attempts to get here.

23 DICK: All right. Well, my, my
24 understanding is that, that Delroy Nash is in custody.

25 STEVE: Okay.

1 DICK: I've been told that. There has been
2 one body found and we're trying to identify that
3 individual.

4 STEVE: Okay.

5 DICK: And the, -- if the other fellow was
6 out there, he's --

7 STEVE: What I don't understand, why it
8 takes so long because all you'd have to ask is if
9 information is given by myself, ask Delroy, is this
10 the man that was with you? Is this so and so?

11 DICK: Well, but the only problem is, are
12 you sure that Delroy would even know that? In other
13 words, if Delroy --

14 STEVE: Yes, he would.

15 DICK: Okay. Well, listen to me.

16 STEVE: Okay.

17 DICK: If Delroy tells me that that is so
18 and so, you know, that's, that's nice but we have to
19 conclusively determine if that's accurate.

20 STEVE: Right.

21 DICK: But that's certainly a help, and I'll
22 pass that on. That is a help. So, these -- Delroy --

23 STEVE: Yeah. What happened to the older man,
24 Bob Kendrick, his name is?

25 DICK: I --

1 STEVE: He has graying hair, glasses.

2 DICK: Now, let, let me tell you something -

3 -

4 STEVE: All right.

5 DICK: -- okay, so you and I know where
we're coming from, okay?

6 STEVE: All right.

7 DICK: These kinds of things, I do not know
8 because I am not anywhere around that kind of effort.

9 STEVE: Well, if you want to get a hold of
10 the information, let -- 'cause I know they have them.

11 So, I mean you can tell me something about it.

12 DICK: Well, I'll tell you one thing --

13 STEVE: Maybe not right now maybe but --

14 DICK: I will -- as soon as we identify that
15 individual, I will guarantee you that we'll let you
know.

16 STEVE: Also, could you tell me about what's
17 happened with the individuals out in California
18 because it's been stated over and over again on the
radio that they were arrested and I would like --

19 DICK: Well, well, let me interrupt you
20 again.

21 STEVE: Okay.

22 DICK: We're trying to get some things done

23

24

25

1 for you.

2 STEVE: Right.

3 DICK: Do you have VHS or Super VHS, or
4 both?

5 STEVE: VHS.

6 DICK: Not, not super but VHS?

7 STEVE: Well, the VC -- the recorders
8 themselves I would imagine would handle either format.

9 DICK: I don't think that's true. It's got
10 to be one or the other. I'll tell you what, what
11 brand do you have?

12 STEVE: Just a moment. We have a number. I
13 can't even remember right off --

14 DICK: Have somebody jot those down --

15 STEVE: Okay.

16 DICK: -- and then -- and let me know so, so
17 we can get these things done --

18 STEVE: (Indiscernible) regular VHS.

19 DICK: Yeah, but see, you know what, if you
20 tell me that and it's wrong, then we can't get the
21 stuff to you. So, be sure what you're telling me so
22 that we can shortstop some of these things. You know,
23 some of these things take a long time and if we're not
24 accurate going in, it's --

25 STEVE: Right.

1 DICK: -- not going to be -- you know what
2 did they tell you, going in is only good as or coming
3 out's as good as going in or vice versa, something,
4 something like that.

5 STEVE: Oh, yeah, whatever.

6 DICK: Yeah, whatever. But find that out
7 for me. Go find that out. Send somebody down to, to
8 tell you what the model is or what the brand name is
9 and the type, whether it's VHS --

10 STEVE: Well, we had at least about three,
11 four -- well, I can tell you the format right off.
12 It's VHS.

13 DICK: Yeah, but is it super?

14 STEVE: No. None of -- VCR recorders,
15 they're all basically the same. It's usually the
16 camera that puts out the high resolution, like a High
17 8 or a VHS or -- I mean a VHSS, that's super -- no,
18 what is it, the S, yeah the super. So, when it comes
19 to the recorder themselves, they will handle either
20 one.

21 DICK: Okay.

22 STEVE: So, you know, I mean, yeah, the
23 format is VHS. So, whatever you send to us, it'll,
24 it'll work, it'll be okay.

25 DICK: Let me, let me tell you something

1 else, okay?

2 STEVE: Okay.

3 DICK: I'm dealing with some technicians
4 here that get off over getting all this stuff together
5 right.

6 STEVE: All right.

7 DICK: Do you know what I mean?

8 STEVE: Yeah.

9 DICK: So, when they ask me something, I try
10 to get them exactly what they need.

11 STEVE: Well, just -- they should already
12 know it because of the low resolution of the T.V.
13 itself. I mean the -- a regular format the VHS will
14 do. So, --

15 DICK: And the reason we're doing this is
16 for the tape for the kids.

17 STEVE: Right.

18 DICK: You know, so we want to make sure
19 it's right.

20 STEVE: You, you know what, you, you're
21 telling me what you are and I believe you anyway.

22 DICK: Okay.

23 STEVE: You know, whether you showed me a
24 picture or not, I can -- I mean there's sincerity in
25 the voice, I mean, I mean, you know, you can read me

1 (Indiscernible).

2 DICK: Remember when I was telling you a
3 little bit ago that we have to answer to people?
4 Well, we've got technicians here that want to do their
5 -- want to do their thing and do it right --

6 STEVE: That's fine. That's fine.

7 DICK: -- so that you -- so when they ask me
8 questions, I try to give them the right answer.

9 STEVE: Okay.

10 DICK: Sometimes I feel like kicking them in
11 the rear but I always get the answer for you. And
12 that's the best I can do for you.

13 STEVE: Well, that's good. I thank you for
14 the attempt.

15 DICK: Okay. Good. Well, we'll go with the
16 VHS and with the, the Super 8 --

17 STEVE: Uh-huh.

18 DICK: -- is that what you told me before?
19 And --

20 STEVE: Well, actually, you know, all we'd
21 need --

22 DICK: Okay.

23 STEVE: -- probably would be -- well, we
24 could -- I guess we could play the (Indiscernible).

25 DICK: Well, I'm tell -- I'm told that the

1 VHS is all we can handle for you.

2 STEVE: I figured so because the other is
3 not as probably --

4 DICK: Okay. Okay.

5 STEVE: -- as common.

6 DICK: We'll go with the VHS, then.

7 STEVE: All right.

8 DICK: All right. We got that straightened
9 out, didn't we?

10 STEVE: Okay.

11 DICK: It only took us 10 minutes to do it
12 but we got it straightened out.

13 STEVE: Yeah.

14 DICK: Okay. All right. Some of the other
15 things -- again, getting back to this publicity thing,
16 okay, --

17 STEVE: Okay.

18 DICK: -- and, and this inquiry, this
19 congressional inquiry, it will be -- it will be done.
20 It will be done.

21 STEVE: Tell me right off --

22 DICK: Okay.

23 STEVE: -- because I've not been involved
24 before, what would be the process and procedure of
25 such a thing? We come walking out, what happens? Are

1 we all taken --

2 DICK: If, if you were to leave right now,
3 what would happen, is that what you're asking me?

4 STEVE: Yeah, sure.

5 DICK: Okay.

6 STEVE: Just give me a scenario.

7 DICK: Let me tell you -- let me tell you
8 the way I see it happening, okay?

9 STEVE: Uh-huh.

10 DICK: You folks come out, all right, and
11 there's absolutely no question -- you're, you're an
12 educated man -- I'm not going to lie to you -- we're
13 going to go ahead and take you into custody --

14 STEVE: Uh-huh.

15 DICK: -- until we resolve issues such as
16 identity, are there currently outstanding warrants for
17 you. We're going to interview you, and we're going to
18 sort out this whole process. I'm going to tell you
19 directly that there is absolutely no way that
20 everybody's going to be charged with, with, with
21 criminality in the same degree of criminality. It
22 can't be done.

23 Now, you've got a lawyer. Wayne has
24 probably already told you this. So, and I'm not a
25 lawyer, okay. So, I'm not going to give you the

1 technical terms but I've been doing this job for a
2 long time.

3 STEVE: Right.

4 DICK: You're going to have to see a
5 magistrate. Some will be charged, some will not be
6 charged when the facts come out. You and only you --
7 I mean you, meaning the rest of you folks in there,
8 can tell us what happened in there. And you think
9 that we're just going to say that, that, you know,
10 what ATF says is accurate is accurate? Absolutely
11 untrue. Absolutely untrue. We're going to interview
12 each and every one of you people and you tell us what
13 happened, what you saw happening, what's your
14 thoughts, what's your impressions, and what happened.
15 And then we're going to have to deal. Some attorney
16 at some point for the government is going to review
17 what is said by both parties in this -- plural. And
18 there's going to be a determination made.

19 I will guarantee you that there is not going
20 to be, you know, running you folks down to the jail
21 and throwing away the key. Isn't going to be done.
22 It is never done because in this country we're
23 guaranteed by the Constitution that we have to do
24 things in a certain way. My guess is and, again, I'm
25 not going to tell you anything that I -- if I tell you

1 I'm guessing, you know, I'll tell you it's a guess.
2 If it's something I know for a fact, I'll tell you
3 that. You may well have to appear before Congress,
4 you and David or others, perhaps, might want to to
5 tell what happened. There is absolutely no person in
6 this country that is not interested in what happened
7 Sunday, okay? It's going to come out. As a law
8 enforcement officer, I will not stand for any less. I
9 do not want to be accused of, of circumventing the law
10 and people's rights. I've been an agent for a long
11 time. I have never done --

11 STEVE: I like what I hear.

12 DICK: -- and will not be done. We will not
13 allow it to happen.

14 STEVE: I really do believe they are a lot
15 of good men like yourself that have, you know, high
16 standard and, and that want nothing but the best, an
17 improvement for all -- like the country at large. And
18 I've always been one of those kind of people also. I
19 like the freedom of choice and also elections. But I
20 -- it bothers me when you see certain elements in the
21 society that are very powerful over a long period of
22 time that are gaining more and more control. But see,
23 -- and then I've got to ask myself, why is this? What
24 have we done? Have we left down our -- the vigilance
25

1 and the watch dog of keeping our freedoms like Abraham
2 Lincoln warned about, Jefferson, Madison. And this is
3 exactly --

4 DICK: We all hold those dearly.

5 STEVE: See, the Bible in the last -- one of
6 the last chapters of the last book of the Bible it
7 talks about how the merchants were the great men of
8 the earth.

8 DICK: Steve?

9 STEVE: Yes.

10 DICK: Let, let's continue on with what is
11 going to happen.

12 STEVE: I know. I noticed that --

13 DICK: I know. I didn't want to get -- I
14 don't want to get off track here because those are
15 very --

16 STEVE: Well, this really isn't being off
17 track. These are the issues --

18 DICK: No, I understand but I want to answer
19 your question.

20 STEVE: These are very -- part of the issues
21 we're dealing with.

22 DICK: I understand but I want to answer
23 your question as to what might happen, okay?

24 STEVE: All right.

1 DICK: Let me tell you something, there are
2 people standing in line -- I'm talking about in the
3 legal community and other watch dog groups and those
4 kinds of things that want to insure that you folks get
5 your story out.

6 STEVE: Uh-huh.

7 DICK: They -- my gosh, I mean people run --

8 STEVE: What, what, did you -- can I ask you a
9 personal question?

10 DICK: Sure.

11 STEVE: What did -- what ever happened with
12 this Weaver case? There was only -- I mean, the
13 press, were they held back or did they choose not to
14 report the case? But very little did the overall, the
15 national medias pick up on it. There was only some of
16 these little, little offshoot papers and so forth that
17 tried to keep an eye on what was happening in that
18 case. That was another one of those things that was
19 involved with it seemed like the ATF again.

20 DICK: No, no, no. No, no, no. That was
21 not ATF, not at all. I'll tell you what happened
22 there. First of all, that was in a very, very remote
23 -- let me correct myself on that. ATF was part and
24 parcel of that.

25 STEVE: Yeah. In fact, I heard it was

1 | because of a gun shot --

2 | DICK: A gun violation.

3 | STEVE: A shotgun or something.

4 | DICK: Yeah, but the first, the first -- I'm
5 | sorry, I misunderstood your question. Yes, ATF was
6 | involved to a degree but the original problem was
7 | with, with the Marshal Service. And that's how this
8 | thing happened. But let me -- it's kind of different
9 | in, in a manner because, first of all, that was so far
10 | out in the, in the outback, as they said in Australia
11 | I guess, that it, it didn't get the kind of coverage
12 | that you, you folks have here.

13 | STEVE: Well, that doesn't make sense,
14 | though, because anywhere in America the way the press
15 | is, of course, technology of communication, that
16 | wouldn't affect anything.

17 | DICK: Well, that -- not true, not true
18 | because here, yeah, it's so centrally located. People
19 | from all over are here. But let me, let me go on to
20 | that issue.

21 | STEVE: All right.

22 | DICK: Weaver left, okay. Weaver walked out
23 | on his own and decided let's take this to court.
24 | We'll get this resolved. And this -- and there are
25 | still many of these issues are pending there. He's

1 going to get his day in court, has already had his day
2 in court and will continue to get that.

3 STEVE: Well, what -- I mean he's in court
4 right now, the process or --

5 DICK: It's in, it's in -- it's being
6 adjudicated, I guess is the way to say that.

7 STEVE: Well, that's what I'm saying. I
8 don't read it in the major newspapers.

9 DICK: Well, you know what? You know how
10 these things are -- he's filing a motion, somebody
11 else has filed a motion but it will be done. It has
12 to be. There's just absolutely no way it will not be
13 done. This -- again, the Weaver thing, it will --
14 let's talk here specifically because you are concerned
15 about specifics as I am here, okay. You come out of
16 there, you'll see a magistrate. Many of you, my guess
17 -- again, I'm going, I'm going to give you a guess
18 because I'm not going to lie to you. My thought is
19 that many of those folks inside there will be released
20 immediately -- well, after these things I just spoke
21 to you about are, are, are handled, all right?

22 STEVE: Uh-huh.

23 DICK: Again, I'm not going to lie to you
24 and say, hey, come on out and pack your bags and take
25 the next bus down the road. It's going to have to be

1 resolved. But everybody's going to be treated
2 professionally. Everybody is going to be treated
3 well. There's not going to be any incident here that
4 would cause --

5 STEVE: Well, that's not what happened to
6 these young guys on this property back in '87. Man,
7 if you ever hear the story from the young guys
8 themselves, you would be quite amazed.

9 DICK: Okay. Listen, I don't know who, who
10 -- what agencies they were dealing with, okay.

11 STEVE: It was the local Sheriff's
12 Department.

13 DICK: Okay. Again, I wasn't here. So,
14 please, I'm not going to -- I'm not going to address
15 those issues.

16 STEVE: The way they roughed them up in the
17 gravel on the road and there were fire ants crawling
18 all over them, biting them, and they were cussed at
19 and told that, as they were laying face first on the
20 gravel, they were told they should have thought about
21 that ahead of time.

22 DICK: Okay.

23 STEVE: And here they were actually
24 encouraged. They had gone to the Sheriff's Department
25 and said there was a man that should -- there was --

1 | what was it, corpse abuse. And they wanted the
2 | Sheriff's Department to come out and arrest the man or
3 | at least check it out. But instead of the department
4 | doing that, they were told they should. So, these
5 | young guys actually took a camera late at night or
6 | wandered around on this property trying to get a
7 | picture of this casket that this man, George Roden,
8 | had literally dug up.

8 | DICK: Okay.

9 | STEVE: And in the process, they got the
10 | pictures, took it back to this man by the name of
11 | Dickerson who's no longer -- I guess he's retired.
12 | But he said, boys, this isn't enough. We need to see
13 | bones.

13 | DICK: So, you -- listen --

14 | STEVE: But -- here's what I'm saying --

15 | DICK: Okay.

16 | STEVE: -- but when the day comes that he
17 | encourages them to go back onto the property, the
18 | Sheriff's Department knew about it. They're the ones
19 | that told these young guys to do this very thing.

19 | DICK: Okay. Steve?

20 | STEVE: Then -- wait, I just want to tell
21 | you something so you can see where we're coming from -

22 | -

23 |

24 |

25 |

1 DICK: Okay.

2 STEVE: -- in regards to this.

3 DICK: I understand where you're coming from
4 because I've heard this before.

5 STEVE: Okay.

6 DICK: About mistreating people.

7 STEVE: Oh, yeah, --

8 DICK: I don't mistreat people and it will
9 not be done.

10 STEVE: When the Sheriff's Department came
11 out -- when there seemed -- and this so-called gun
12 battle, let me tell you what it was like. Let me just
13 tell you. And this is the -- I don't -- this is the
14 way it was cause I knew these young men from Hawaii.
15 They were friends of mine, businessmen and so forth.
16 Never -- they're not into guns, they're not into
17 anything. No records, no, no problems ever with
18 anybody. So, these young men they take a shotgun or
19 two along. They take a .22 rifle. I think one did
20 have a mini 14, whatever that is.

21 DICK: Okay.

22 STEVE: And these men -- the reason they
23 brought them along is because Dickerson says, when you
24 go back on the property, there's some dangerous
25 elements on the property, and he implied that they

1 should protect themselves. He actually did. So, they
2 went back onto the property and it got to be light,
3 the time of day. The man came out with an Uzi semi-
4 automatic, apparently, because of a dog barking and he
5 starts shooting and firing at two, three of these guys
6 that are walking along in the open. Well, the only
7 thing that happened is one or two of the guys used
8 their rifles or .22s, whatever, and shot them in the
9 air for getting a distraction from the man, a
diversion, so they could all get out of there.

10 DICK: Uh-huh.

11 STEVE: And some of the other guys that knew
12 that are friends who had gone onto the property,
13 called the Sheriff's Department. They came in. All
14 our men were happy to see them, thinking, well, good,
15 finally arrived here 'cause this guy's nuts. In the
16 process, they told all our guys to get on the ground.
17 They were arrested for attempted murder and
18 conspiracy to commit the same, even though -- and it
19 never came out about this Sheriff's Department, the
20 part they had to play. We heard later that a number
21 of those that were in the, the attorney's office, the
22 D.A., were involved with knowing that these men on
23 this property that had taken it over for some time had
24 been involved in the manufacture of methamphetamines.
25

1 bonds and bails and attorneys and, and all the rest,
2 by the time it was over, it was well over \$100,000.00.

3 DICK: Steve, listen. I'm going to tell
4 you, it is not going to cost you -- I'm telling you,
5 people are standing in line to get, to get to you. I
6 mean people want to hear what happened here. My God,
7 this is something that's never happened in the
8 history, in law enforcement history. This is not an
9 everyday event. You think that people are going to
10 mistreat you when you come out of there? If that's
11 what you think, I'll stand up there and meet you and
12 walk you in.

13 STEVE: Well, I don't, you know, -- really,
14 that's almost irrelevant. I don't know whether they
15 are not because --

16 DICK: They're not. Let me, let me assure
17 you, they are absolutely not going to mistreat you.
18 You are going to -- you're going to be treated well
19 and this -- and the world is going to hear this
20 because I'll damn guarantee you they're going to hear
21 it 'cause I'll get out there and tell it myself.
22 You're going to hear it. Now, listen, get over there
23 and listen to the T.V. here. Give me a break here for
24 a minute --

25 STEVE: All right.

1 DICK: -- and you, you watch the T.V. here,
2 and I'll get back to you as soon as this press
3 conference is over --

4 STEVE: Okay.

5 DICK: -- and we'll get these things ironed
6 out.

7 STEVE: All right.

8 DICK: Let's get, let's get this done.
9 Let's get those kids out of there.

10 STEVE: Well, call me when you want them,
11 Dick. The truth is it's a pleasure talking with you.
12 I already have a lot of regard for you.

13 DICK: Well, I'll tell you what, let --
14 let's you and I stay in touch but also --

15 STEVE: Okay.

16 DICK: -- let me talk with Dave, too --

17 STEVE: Oh, positively, positively.

18 DICK: -- because -- let's get, let's get
19 together here.

20 STEVE: Here's how it works with him, just
21 so you know. You know, there are times because of his
22 physical problems right now, he's just not able to --
23 he's so weak.

24 DICK: You know what, take the phone to the
25 man.

1 STEVE: I do.

2 DICK: If the man can't come to the phone,
3 take the phone to the man.

4 STEVE: Well, that's what we've been doing
5 right from the beginning. So when you do talk to him,
6 it will be that the phone will be going to him, as
7 usual.

8 DICK: I'm looking forward to it.

9 STEVE: All right.

10 DICK: I'm looking forward to it.

11 STEVE: But anytime you want to call, you'll
12 -- it will probably be with me you'll be talking to
13 until -- and, and every time I'll try to get you to
14 him every time --

15 DICK: You do that.

16 STEVE: -- unless he is physically unable
17 and lacks the energy.

18 DICK: Let's, let's get it done. Let's get
19 it done. Between the three of us, we'll get this
20 handled.

21 STEVE: All right.

22 DICK: You, you, you with me?

23 STEVE: Yes, I am.

24 DICK: You're with me, okay?

25 STEVE: I'm with you.

1 DICK: I've got your assurances, you're with
2 me?

3 STEVE: We're, we're going to work on it.

4 DICK: Let's do it.

5 STEVE: Okay.

6 DICK: Let's get it done.

7 STEVE: Okay. Call me back or I'll call
8 you. We'll, we'll --

9 DICK: Okay. As soon as the press
10 conference is over, we'll get together.

11 STEVE: Okay. Is it about to come on?

12 DICK: They tell me it should be coming on,
13 yeah.

14 STEVE: Okay. We'll turn it on.

15 DICK: Yes, scheduled for 10:30, and if they
16 are any inaccuracies, we'll discuss it and we'll,
17 we'll carry on.

18 STEVE: Okay. Thank you.

19 DICK: All right. Talk to you,

20 STEVE: Okay, bye-bye.

21 DICK: Bye.

22 * * * *

23 STEVE: Hello.

24 DICK: Steve?

25 STEVE: yes.

1 DICK: Dick, again.

2 STEVE: How ya doing, Dick?

3 DICK: Did you see the press conference?

4 STEVE: Yeah, I'm very impressed with your
5 representative for the F.B.I.

6 DICK: Really.

7 STEVE: Yes, I am.

8 DICK: I'll pass that on to him.

9 STEVE: In fact, i'm quite amazed.

10 DICK: Well, I think we tried to -- what
11 we're trying to do is, is correct some of those
12 inaccuracies that none of us want to see.

13 STEVE: Well, I liked his very personal
14 style and trying to stay exactly what's happening.
15 And it came across to me very clear. I mean there
16 were a few little inaccuracies but that's beside the
17 point. That doesn't matter. It's -- the whole
18 situation, I mean obviously will one day somehow come
19 out and be made clear and manifest --

20 DICK: Well, as each one of those things
21 comes up, we're trying to correct them.

22 STEVE: Right.

23 DICK: We see some inaccuracies ourself. We
24 try to correct those.

25 STEVE: Right.

1 DICK: We'll pass on your, your hopes and
2 thoughts and we'll get, we'll get it done. We'll get
3 it done. The pictures --

4 STEVE: You, you don't have to tell me but I
5 mean what do you think after your years of being
6 raised and living in America with this great
7 Constitution to have such an agency that originally
8 wasn't even incorporated into the Constitution come --
9 I mean normally isn't it a sheriff or something that
brings a warrant if there's something wrong?

10 DICK: Well, originally --

11 STEVE: I mean not, not like 80 or 130, you
12 know, assault weapons with flak jackets on and --

13 DICK: Well, Steve, let me address that
14 questions, okay?

15 STEVE: And he even knows Sheriff Thorne.
16 They -- he really likes him. He likes all these guys
in that department that --

17 DICK: Sure.

18 STEVE: I mean that's the most amazing
19 thing. And to think that we even knew that these were
agents across the street or we suspected.

20 DICK: Uh-huh.

21 STEVE: We really did 'cause we were told
22 these guys were not paying any rent over there. They

23

24

25

1 all had brand new vehicles. They were supposed to be
2 students but they were all late 30s. They were, they
3 were too articulate in their speech.

4 DICK: Uh-huh.

5 STEVE: If you want to know how we suspect -
6 - I mean that's how I suspected. I mean what's seven
7 guys that move out in the country, five or seven or
8 how many were there -- I even went over there to meet
9 them one evening.

10 DICK: Steve, listen.

11 STEVE: Yeah.

12 DICK: All of us in law enforcement have to
13 act on certain information provided to us. In the
14 end, some of it may not be accurate. We try to deal
15 with it as professionally and as accurately as we can.
16 So, we do the best we can. In this, in this
17 instance, mistakes were made, all right, and they'll
18 be resolved. And that's what the, these inquiries
19 are.

20 STEVE: Yes, we are going for that, that's
21 right.

22 DICK: Sure, exactly. That's what we're
23 going to do when you guys get out of there. We're
24 going, we're going to get this thing straightened out.

25 STEVE: Well, it probably never will be but

1 we're going -- you know, you and I --

2 DICK: We'll work on it.

3 STEVE: -- will do the best we can.

4 DICK: You're darned right we will.

5 STEVE: But there's, but there's still that
6 prophecy that talks about the last days. There's a
7 country, there's an area that, that acts like a lamb.

8 DICK: Well, let's just hope it's not
9 anytime soon.

10 STEVE: You know, Christ -- well, well, it
11 is. You and I are living in the very days --

12 DICK: Well, --

13 STEVE: --- 6000 years of human history,
14 Dick.

15 DICK: Okay. Well, let's hope there's
16 another six --

17 STEVE: How long will this world -- don't,
18 don't you want to go on to something better, if there
19 is a God? Is this the way you want to live your
20 life --

21 DICK: No, absolutely.

22 STEVE: -- and turn into --

23 DICK: I think we all, we all hope and
24 desire that we'll be there.

25 STEVE: Well, yeah, okay, but in the, in the

1 scriptures, there's a place called like a lamb like
2 beast but speaks as a dragon. This country which was
3 guaranteed by the people that came here and, and
4 gained their freedoms, separated church and state, sat
5 down -- in fact, this was originally called a
6 republic, not a democracy. A republic guarantees the
7 rights of minorities. A democracy is where a majority
8 rules.

8 DICK: That's what I'm doing for you. I am
9 guaranteeing -- I'm giving you my personal guarantee
10 that your rights --

11 STEVE: Well, I know you mean well and that
12 but, of course, one --

13 DICK: Well, it's more than I mean. It will
14 happen.

15 STEVE: One would be very naive --

16 DICK: I will guarantee it.

17 STEVE: -- to, to believe that you would
18 have any kind of power over the forces that be but I
19 mean, I mean I appreciate what you're saying and --

20 DICK: Well, I'm not naive but, listen,
21 listen.

22 STEVE: Okay.

23 DICK: I've, I've worked, I've worked as a
24 law enforcement officer for many, many years.

1 STEVE: How old are you, Dick?

2 DICK: I'm too old. I'm too old, 48 years
3 old.

4 STEVE: Okay.

5 DICK: A little older than you are.

6 STEVE: Yeah.

7 DICK: Yeah. But, but listen, I have been
8 an agent for some time.

9 STEVE: Okay.

10 DICK: And the agents I work with all share
11 the same concerns, that is that we work within the
12 framework of the Constitution, that we protect the
13 rights of those people that we deal with on, on an
14 everyday basis, that it means the people that we
15 arrest, the people that we deal with. And it --
16 you've got my solemn promise on that. We don't take
17 that responsibility lightly. We don't. And it's not
18 going to be in this instance. Now, listen, on the
19 press release, you heard about --

20 STEVE: Okay. Yeah. Could you wait just
21 one minute?

22 DICK: Sure. Sure. You go ahead.

23 STEVE: Just one second.

24 [gap]

25 STEVE: Okay.

1 DICK: You're back?

2 STEVE: Yes.

3 DICK: Did you go tell -- did you see Dave,
4 tell him I want to talk to him?

5 STEVE: Well, he -- not right at the --
6 well, just hang on one minute.

7 [gap]

8 STEVE: Okay, Dick?

9 DICK: Yeah.

10 STEVE: Yeah, here's David.

11 DICK: Good.

12 STEVE: Hang on.

13 DICK: Good.

14 DAVID: Hello, Dick.

15 DICK: David, how are ya?

16 DAVID: Oh, fair to middling.

17 DICK: I'm glad I get an opportunity to
18 speak with you.

19 DAVID: Well, how we doing over there this
20 side?

21 DICK: Well, hey, we're here, you're there.
22 Let's, let's work it out. Let's work it out.

23 DAVID: Well, --

24 DICK: Let's work it out. I'm sitting in for
25 Jim today who, you know, I'm sure Steve mentioned to

1 you that --

2 DAVID: Jim, Jim's getting kind of shattered

3 --

4 DICK: Jim's a little under the weather.
5 Jim's a little under the weather. You know, he's,
6 he's worked real hard for you folks out there and,
7 yeah, it takes, it takes some time, it takes a toll --
8 it takes a toll. And I'm hoping that you and I will
9 be able to go ahead and speak to one another and make
10 some progress here.

11 Did you see the press conference?

12 DAVID: Kind of half and half. I was --
13 last night I was talking to Henry quite a long time
14 and --

15 DICK: Yeah.

16 DAVID: -- and time kind of got away from
17 us --

18 DICK: Been resting a little bit?

19 DAVID: -- and I was enjoying my
20 conversation with him. And then all of a sudden this
21 morning I --

22 DICK: Steve was real happy with it.

23 DAVID: I -- oh, I, I loved the guy. I mean
24 if, if he's genuine to his disposition then, like I
25 say, he's, you know, he -- you know, like I say, we,

1 we can share knowledge, one with another and --

2 DICK: Sure.

3 DAVID: -- you can understand more where I'm
4 coming from, to understand how authentic I am.

5 DICK: Well, I think he was real happy about
6 some of the inaccuracies that were, were corrected.
7 And I know one of the concerns that you have and that
8 we share here is the safety of those kids. And it's
9 one of the things that you had indicated to Henry that
10 you were concerned about and also to Jim yesterday.

11 DAVID: Well, what I did -- what I explained
12 originally in the beginning to Jim was is that, you
13 know, everybody is watching out there on the outside.

14 DICK: Absolutely.

15 DAVID: And the way I have always worked and
16 operated because of the high extreme censorship that I
17 have obtained ever since 1985, is I have always bent
18 over backwards and expended myself and opened myself
19 to, to observation that anybody that's ever wanted to
20 observe me or judge me. You know, in regards to the
21 firearms and stuff they're taking place now, I mean
22 anybody at any gun show can tell you exactly. I mean
23 Zeanan (phonetic), Charlie, all those guys, McMahan,
24 every one of those guys down at the gun shows, they
25 know me, they understand. Everything I have, I filled

1 out a yellow sheet on it, you know. And that's,
2 that's exactly -- well, as a matter of fact, this
3 eight month period, when, when originally we, we
4 started our Camero company out of here 'cause
5 California has a law, they started passing new laws
6 here to where any vehicle unregistered and unlicensed
7 and unsmogged, you know, cannot be parked on your
8 premises unless it's parked in your garage, okay.
9 Well, the property we had in California, I had, I had
10 purchased 13 of these Cameros --

11 DICK: Well, you're a real Camero freak,
12 aren't you?

13 DAVID: No. Let, let me explain. Let me
14 explain. In the way -- in the association, you know,
15 when the people, you know, come to the point of the
16 truth and they understand the perimeter and what the
17 truth is and they begin to clearly see, you know, what
18 the prophets of old have seen and the light of the,
19 the judgment which is the opening of the seven seals
20 for the latter days, when they begin to understand why
21 God has done what he'd done and, you know, why the
22 world has become what it's become, then they begin to
23 see God's picture on how God's going to resolve it
24 because the point is made. Every man that lives a
25 life and does not discern under the sun the purposes

1 | thereof, then that life given of God is that one and
2 | final gift and those who do not discern it as it is
3 | and begin to search for God and to know the truth of
4 | God, well that's the point that God makes. They came
5 | in darkness and they shall leave in darkness. Okay.

6 | But, anyway, one thing that I have always
7 | never done is that a lot of times individuals such as
8 | Paul Gordon Fatta, when he originally in Hawaii heard
9 | the message -- actually, him and Steve Schneider had
10 | flown over here because they had heard about what I
11 | was presenting and -- hello?

12 | DICK: I'm still here. I'm just trying to
13 | figure out who Paul Fatta is. Is he a, a member, a
14 | follower?

15 | DAVID: Well, he's one of the members. He -
16 | - like I say, there's a lot of members that, that
17 | really are not here, you know.

18 | DICK: Okay.

19 | DAVID: They're not, they' not on the
20 | property and stuff like that.

21 | DICK: Uh-huh.

22 | DAVID: But anyway, the point that I'm
23 | making is is that he at that time being 28 years old
24 | in Hawaii, he was the, the owner of a company, Handy
25 | Van Services, which produced a gross of over \$6

1 million a year.

2 DICK: Nice penny, isn't it?

3 DAVID: Well, for a 28 year old it is. I
4 mean his father had, had built the company up and had
5 gone into other businesses and enterprises. And he
6 was in a limousine -- well, he had a big restaurant in
7 Waikiki and all that stuff. But anyway, another
8 fellow was making a comment and I was answering back.

9 DICK: Do you suppose he and I might be able
10 to go into business?

11 DAVID: What's this now?

12 DICK: I say with a man with that kind of
13 money, he, he and I are -- like to get together, I
14 think.

15 DAVID: (Laughs)

16 DICK: Do you think he needs a business
17 partner, David?

18 DAVID: I'm not really sure.

19 DICK: Not sure.

20 DAVID: But the point of it was is that like
21 Paul, when he heard the message, you know, and he
22 heard the simplicity of it, you know, he wanted to, to
23 turn this business over to me.

24 DICK: Uh-huh.

25 DAVID: Now, that's, you know, that's,

1 that's a, that's a nice, -- that's a nice feeling.

2 DICK: Shows a lot of -- a lot of faith in
3 you, doesn't it?

4 DAVID: Well, it -- definitely it does
5 because you see the scripture in itself does have a
6 challenge. I mean a lot of people put faith in the
7 pontiff. That's, that's for sure.

8 DICK: Uh-huh.

9 DAVID: Or Billy Graham or Rex Humbard or --

10 DICK: All men with strong conviction and --

11 DAVID: All men of great show.

12 DICK: Compassion.

13 DAVID: You know. But we wonder if men of
14 such deportment really are genuine. Well, like I say,
15 the, the Bible -- and when, when it's time -- when
16 it's time, you know, every phoney is found out.
17 That's the way it always has been, you know. There
18 was one time when even the pontiff was uncovered
19 politically as an imposter. I mean in 1798,
20 Napoleon's General Berthier overthrew Vatican, you
21 know. Because of -- well, it really revolved around
22 an awakening of the, of the general world public of
23 Europe at that time. I mean when you had people like
24 Hush Jerome (phonetic) and Tydnall Weinert (phonetic),
25 trying to do certain things and the papacy, you know,

1 burning them and dragging them and, and formulating
2 all the iron maidens and guillotines of those days,
3 you know, they called them and derided them as
4 heretics. But finally, you know, in the 15th century,
5 Martin Luther made a statement so clear and so plain
6 that men and lawyers and judges and those prelates
7 that were connected to the papacy, they, they said to
8 themselves, now, wait a minute, you know. This man
9 here has got something. And it's, it was -- it's
based right out of the Bible, you know.

10 DICK: David, a lot of people have made
11 those same comments about you. I'm not from this area
12 but I constantly have contact with people back in my
13 own area of the country and, and they've made a number
14 of favorable comments directed toward some of the
15 things you had to say. But I know one thing that my
16 wife who is a devout follower, Christian, said, you
17 know, I like what he had to say but I'm, I'm kinda
18 concerned about, you know, his failure to follow
19 through on the thing. I mean that, that comes from a
20 lay person, from a person who, you know, is married to
21 a law enforcement officer but certainly it does not
22 restrict, you know, her knowledge to, to that area,
23 fortunately. And she suggested to me, you know, I
24 like some of the things he has to say but is, is he a
25

1 man of his word? And I said, well, you know, I think,
2 I think he's --

3 DAVID: Well, it's like this -- it's like
4 this, Dick. I talked with Jim right off the
5 beginning, okay. And I explained to Jim very clearly
6 that in the picture that's developed by the New
7 Covenant, by the New Testament, you know, and in, in
8 the picture that's developed by our, our nation, you
9 know, our nation under God -- isn't that what it says
10 on our currency?

11 DICK: It does.

12 DAVID: It, it defines a God in which we
13 trust, right?

14 DICK: Uh-huh.

15 DAVID: Okay. Now, in this nation or in
16 this Constitution which allows liberty of conscience,
17 freedom of conscience, freedom of conviction, you
18 know, it's, it's still, it's still in a large degree a
19 system that is governed by individuals who have their
20 beliefs and their religions and it's also -- it's a
21 tendency in, in the system to, to develop
22 categorizations and to bring people of like faith into
23 the positions of government, just as it is to
24 proselyte people into the convictions of religion. In
25 other words, over periods of time you might find that

1 certain governmental offices and certain governmental
2 institutions finally, you know, although not openly
3 but somehow sometimes under cover, may bring a
4 majority of one type of faith into a system, making it
5 not only a bureaucracy, politically, but also a
6 bureaucracy religiously. Do you understand what I'm
7 saying?

7 DICK: I understand what you're saying,
8 certainly.

9 DAVID: Okay. Now, for instance, when the
10 United States of America which is, according to
11 religious faith from the forefathers, protestant, one
12 has to ask the question, well, what are they
13 protesting against? You know, you go back to the
14 Mayflower and all these things, you know. You know,
15 what was the big gripe in the first place for men to
16 risk their lives, to venture the great sea, to come to
17 another hope, to another land. Well, it was because
18 of the tyranny of, of Europe. It was because of the
19 tyranny of the old country. And what was that
20 tyranny? It was, it was political oppression that was
21 -- or actually based or propagated by religious
22 conviction. It was the Roman Catholicism. It was how
23 Rome ruled the, the world, the basic world at that
24 time for approximately 1,500 years and how that the,

1 the doctrines and the great men and all that were all
2 highly associated and connected to the great pontiff,
3 the religio-political system. That, you know,
4 basically, he's the vice chairman, I mean he's God on
5 earth, you know. And when the Eucharist is taken and
6 stuff, the priest becomes the incarnate body of Christ
7 and, and the exactions and the -- well, anyway, what
8 I'm saying is is that that faith finally was contended
9 by Martin Luther. The celibacy of the priest was
10 contended over, you know. Doctrines in regards to
11 after life and, and the purgatory and the baptism, by
12 sprinkling and the child baptism. All these things
13 were questioned by other people who rose up, such as
14 John Knox, Wesley and Campbell, begin to say, really,
15 the, the church of our fathers, the church was born in
16 this great papacy. Is it really on the foundation of
17 the written truth that is the written word of the
18 Apostles, you know. We found out that, that not all
19 churches really stand firm on the foundation of, of
20 the Apostles, which were the personal witnesses of
21 Christ. Okay.

19 Now, now the point we're making is is that
20 when we see the last testament, we see that Matthew
21 has written about Christ according to what he
22 perceived, correct?

23

24

25

1 DICK: That's correct.

2 DAVID: And people that believe in Jesus
3 believe in those things. And --

4 DICK: And they take great comfort from it,
5 David.

6 DAVID: Well, definitely, although there are
7 many who, who hope for healing and many who hope for
8 the miracles. Christ does not do those things today.
9 And some people would like to make you think that he
10 does but we have documented proof from the very
11 scriptures that those things are not being done,
12 although they might be a deception. By anyway, the
13 point is Matthew, Mark, Luke and John have given
14 testimony and record of the controversy and the belief
15 that they have. Now, what they're telling us, if you
16 really look, is they're telling us that a man came
17 through a virgin birth but they're telling us that the
18 Sanhedrim and the Pharisees, when they confronted
19 Christ, they told Christ pointblank and clear that
20 they were not sons born of fornication. So, they're
21 telling us in the Gospels that though they believe he
22 was a virgin, you know, from a virgin child, according
23 to Isaiah 8, they're saying that the -- the leaders of
24 the day were saying that he was a, an illegitimate
25 child. He was born of fornication.

1 Like I read in that original presentation,
2 it says that, you know, according to John 7 and all it
3 says that even his own brother did not believe in him,
4 though he had done so many miracles, you know.
5 Sometimes seeing is not believing. There has to be
6 another element to be reviewed. There has to be
7 another perception for us to really see what we're
8 really looking at.

9 But anyway, so, it comes down to the point
10 these men are telling us that when Christ came in the
11 flesh, nobody would know him. Nobody would know him
12 and there was a reason for it, you know. Any, any
13 time, any time a truth comes that demands our full
14 attention and our works and actions in harmony with
15 it, men are going to have to sit down and count the
16 cost. Usually in such a time, the men are in doing
17 their own works, they're building their own little
18 empires, they're, they're evaluating their own little
19 perceptions of life. And if any truth came, well --
20 for instance, if Christ was to come right now, I mean
21 right now, I mean, I mean --

22 DICK: Right this minute?

23 DAVID: Just -- I mean the real, real, real
24 Christ. I mean no questions about it. This guy
25 comes. He comes on a cloud. He's got a crown. He's

1 got a robe. You know, he's got a sepulcher in his
2 hand. I mean, you know -- no a sepulcher, a --
3 scepter -- I'm half going crazy here.

4 DICK: I know what you mean.

5 DAVID: A scepter in his hand. He comes to
6 earth. He -- you know, the great trumpets blow and
7 the angel is singing in the background --

8 DICK: There would be a lot of people left
9 behind, wouldn't there, David?

10 DAVID: Well, no, what I'm saying is,
11 everyone stands in awe and he goes right over to
12 Vatican City, you know. And he knocks on the door of
13 Pope John Paul, you know. Now, the Pope --
