LARRY: Okay

WAYNE: I got my, ah, my best technician on it.

LARRY: Okay, great, great.

(PAUSE - 1 MINUTE)

(BACKGROUND NOISE - INAUDIBLE)

LARRY: Wayne. (PAUSE)(30 - SECONDS)

WAYNE: Hello.

LARRY: Yeah, go ahead.

WAYNE: Ah, I heard that, ah, DK, is talking on, ah, his cellular telephone. I don't know which phone he's on

LARRY: Okay, let me check and see, hold on just a minute okay. Stand

WAYNE: Okay,

LARRY: right there.

LARRY: (TALKING TO SOMEONE ELSE: Alright, ah, David is suppose to be talking with someone now on his cellular phone.) Stand-by we're checking now. We we, kind of, that communication link has has been on and off, you know, through the day, so (PAUSE - 30 SECONDS). Okay, Wayne. Wayne. Wayne.

WAYNE: I'm here.

LARRY: Okay, if you, alright if there's, you know, I told I keep you apprised on any movement.
Now, there's gonna be some movement. The ATF people are moving back, and moving on, moving away from out in front of the property, okay. So, tell your people, okay.

WAYNE: Ah, you're saying they're going to move back.

LARRY: Yeah, this, they're moving, they're moving out of the way, so would you tell your people

WAYNE: I'll spread the word

LARRY: Okay

WAYNE: right now.

LARRY: Okay, okay. And tell them not to do, not to fire, okay. Cause they're moving back, they're not becoming a threat, okay.

WAYNE: Let's get on it.

LARRY: Okay. Thanks. I'll hold.

(BACKGROUND NOISE - INAUDIBLE)

(PAUSE - 30 SECONDS)

LARRY: (TALKING TO SOMEONE: Yeah, we've made the first deadline. (INAUDIBLE) He keeps telling me, he says, I'm a guest here. (INAUDIBLE))

(PAUSE - 5 MINUTE)

LARRY: Wayne, are you back yet.

WAYNE: Hi.

LARRY: Wayne

WAYNE: I'm here with Steve
LARRY: Hun

WAYNE: I'm here with Steve. I passed the word on those movements.

LARRY: Okay. What, have, has, has Steve been in contact with the media. Where, where are we there, okay?

STEVE: Larry

LARRY: Yeah, Steve.

STEVE: Okay, here's what happened. A couple of them I've talked to, and of course, they wanted to know what was happening, and, ah, here's what I basically told them was this morning we're getting, of course, as you know Robert came over this morning. We shared the Bible a little bit with him. Ah, we're just getting, after he left, we're just ready to get together and have Bible Study.

LARRY: Okay.

STEVE: About that time, we heard all this gun fire, bang, bang, bang, bang, their front doors are being shot threw, windows and all the rest.

LARRY: Okay.

STEVE: And, we didn't know who they were, what was going on, and this is what I told the media. I don't even know what the charges were, what the problems were, we didn't, we, even right now, I'm not, I'm in the dark as to
LARRY: Okay.

STEVE: what this is really all about

LARRY: Okay, Steve.

STEVE: is what I told them

LARRY: Alright.

STEVE: I told, I actually, they asked me about, you know, who’s hurt and all that, and I told them I really don’t know because I’m down at this end.

LARRY: Okay. You know, like I, like I told Wayne, concern is to let’s bring this thing to a real peaceful conclusion. You know, we concerned about any of the folks in there, in your place that could be hurt. We, I’ve talked with Wayne about any type of medical needs that we can meet. Ah, Wayne is is once again concerned with security. I told Wayne, you know, how do you want it done. But, what concerns me now is that, you know, you may have some children or you may have some folks in there that are hurt, and they’re needing some attention. Ah, I would like to provide that, you know, whether you want to bring them out, whether you want to bring stuff in, you know, we need to do something. Don’t let someone lay there, Steve, that could be helped. That’s a concern of mine. You know, you let us take our folks out of there, ah, now, you know, let us
try, you know, if you need to talk to DK, or you need
to talk to, you know, someone else. But, you know,
let us work with you on it that way.

STEVE: Okay, we're trying, but, you know,
it's awfully difficult because of all that's taken
place of course.

LARRY: I understand.

STEVE: Pardon.

LARRY: I understand. I understand what's
taken place.

STEVE: Okay.

LARRY: Well we need to stabilize this
situation, and, and, and work, we're working on that
now. Ah, we would like for DK to call Jim one more
time at ATF. Can you, can you, is is David there
with you.

STEVE: No, he's not at the moment

LARRY: Okay.

STEVE: I'll have to go back to where he's
at.

LARRY: Could you, could you put him in
there to touch base with Jim.

STEVE: Okay, just a moment.

LARRY: Okay.

STEVE: Let me see if I still have that
phone number.
LARRY: Alright, we got the phone number here.

STEVE: It's uhm

LARRY: 867-4807

STEVE: Oh, it is, okay.

LARRY: 867-4807.

STEVE: My pen isn't working so let me

LARRY: Okay, take your time, take your

time and I'll give it to you again.

STEVE: 867

LARRY: 867

STEVE: Okay.

LARRY: 4807, okay.

STEVE: Alright.

LARRY: Now we need, if if David would

please contact Jim.

STEVE: Alright

LARRY: Okay. Ah, now, uhm, we need to

keep this situation stabilized. We're not gonna do

anything to, uhm, to create anymore problems, okay.

What we need to know is that your people are gonna

work with us, okay.

STEVE: I mean, we would've worked with you

right from the beginning even.

LARRY: Uhm

STEVE: I talking about communications,
talking, whatever, if there would have been an arrest
or someone told him. He he's never, you got to look
back at him past in record, he's never killed
anybody, never hurt anybody, life.

    LARRY: Okay.

    STEVE: Neither have any of us.

    UNIDENTIFIED MALE SPEAKER: Larry

    STEVE: I mean whatever happened in 87,

    that, look back at the story yourself. You've had to
been around in those days.

    LARRY: I was, I was, I was there

    STEVE: But I know these guys, none of them

    had a prior record, they were told by, ah, what was

    his name, Dickerson

    LARRY: Right

    STEVE: That they should go back on his

    property and get pictures of a coffin. So they did

    that, they showed it to Dickerson, he said, well boys

    that's not enough we want to see bones.

    LARRY: I know, I know

    STEVE: So, and then he said as they're

    going out the door, he says, there's dangerous pipes

    on the property. So they took on like a shotgun and

    a couple 22's and he told them just if anything would

    happened to just fire some rounds in the air. So

    that's what happened back on those days, and our
people also called for us when this start happening. And all of sudden when we saw, when they saw the police come on to the property, they said well put your weapons down, and David did of course. We thought they were coming to ah, to ah, alleviate the situation, but ended with, ah, you know, all these charges about attempted murder and all the rest. But in the courts they were exonerated.

LARRY: Okay.

STEVE: At the same time

LARRY: That's right, you you have gone through one court battle and you won, okay. Now

STEVE: Exactly

LARRY: Right, you gone, you there

STEVE: Yes.

LARRY: Okay, you've gone through one court battle, ya came out on top, okay. Now, what we need to do is is bring this situation to a close and let's try to work it back through the court system. Without anyone else getting hurt. You know, that's all we want. We want to bring it, to a, to a, to an end. And, and, put it in the courts where it can be worked out.

STEVE: Tell me, what do you think about what happened, I mean without them even trying to communicate with us, just killing people right off.
I mean,

LARRY: It's it's gotta be sorted out. You know, I've been down here this morning. I started talking with Wayne. Ah, I wasn't at the situation, you know, and, it needs to be sorted out. We need to sit down now. Now is the time to do. Not let it go on any further, okay.

STEVE: Tell me, what department are you with. The WACO or

LARRY: Sheriff's Department

STEVE: county, or what, I don't even know who I'm, what is your position or what

LARRY: I'm with the Sheriff's Department Steve.

STEVE: With ah, with the county.

LARRY: Yes sir. McClinton County Sheriff's Department.

STEVE: Yes, you're okay. Yes sir.

LARRY: and Wayne knows me. I've talked with Wayne on other occasions beside this one. And, ah, but we need, we need to go ahead and try to bring this thing to a close,

STEVE: Wayne Wayne's gonna be, okay,

Larry, Wayne will stay on your you. But I'm gonna run this number over to, ah, David to call Jim back.

LARRY: Okay, alright, so you're gonna get
him in touch with Jim here shortly.

STEVE: Yes

LARRY: Okay, I'm gonna advise, ah, ATF to be expecting a call, okay.

STEVE: In the next few minutes.

LARRY: Okay, okay.

STEVE: Okay.

LARRY: Alright.

STEVE: Wayne will still be here.

LARRY: Okay, put Wayne back on.

STEVE: Alright. (PAUSE)

WAYNE: Wayne here.

LARRY: Wayne. Are we on a speaker phone?

WAYNE: Yes, I have a speaker phone.

LARRY: Okay, I thought so

WAYNE: I got a law office here.

LARRY: Hun.

WAYNE: I've got a law

LARRY: You've got you law office. Are you in your law office.

WAYNE: I've got all my law books here.

I've to got my (INAUDIBLE) on my wall. But, I'll tell you something, they didn't come here, ah, legally. They didn't come here to talk to the lawyer that was here.

LARRY: Okay. What, but, I mean, we're
gonna have to sort this out. We’re gonna, you know, we’re gonna go back to court. You were there in court back in 87, okay.

WAYNE: Right.

LARRY: Okay, so you know how the court works. You won the court case then, we’re gonna have to sort it out, we’re gonna have to move to that to make this come out to a real peaceful in. I know you want that, I know you’re tired as I am. And, we need to get, we need to get David, we need to get Steve, we need to get those guys to sit down and, and, make the decision so that they can, you know, lead the people out and, and, bring it to ah, peaceful conclusion. That that’s where we need to go. You know, Steve sounds like he’s, he’s more calm now.

WAYNE: Yes sir.

LARRY: Okay, he does to me, and he didn’t, you know, when I first talked to him earlier he didn’t sound quite as calm, but he sounds like he’s calm down quite a bit. Uhm, uhm, how how’s is David, DK. I think you call him DK.

WAYNE: We do sometimes.

LARRY: Okay. How is he doing? Is he, is he calm, is he hurt.

WAYNE: I, I don’t know.

LARRY: Okay, okay. Ah, you know, when I
I talked to him, he sound, ah, you know, a little hyper, ah, and I can understand that, ah, we, ah, if we can talk to him again, you know, and, and, calm him down, and make sure that, ah, he remains calm so that we don’t, ah, we don’t have another, ah, another incident breakout.

WAYNE: Yes sir.

LARRY: I mean, you know, that that’s where we need to pull it. You and I need to pull it that a way. And I think maybe, we, we, might can get Steve to help us. But, you know, back again to what I talked about earlier, we need to do something about your casualties, you know that. We need to, we need to take care of those people.

WAYNE: Well.

LARRY: And I know that, that you told me that they really didn’t want any help. But, you know, if they’re hurt and they need help, they may not can make a rational decision, you know.

WAYNE: Well, I understand where you’re coming from but you are talking about arrest.

LARRY: I’m talk, I’m not talking about anything right now. You know, you told me you had limited medical capabilities, okay. You know, tell me what you need to augment those, and that that’s what I’m talking about right now. Okay
WAYNE: Yes sir.

LARRY: I'm not talking about arrest. I'm talking about putting some things in there that your people can use to, to help relieve someone that might be in pain.

WAYNE: Yes sir. Well, ah, I don't know on this end whether David is in contact with the BATF. Maybe you know.

LARRY: Let me see if he is

WAYNE: (inaudible) he could be working on it

LARRY: can you hold on just a second.

Alright, hold on just a second. (WAYNE TALKING WITH SOMEONE ELSE: Do you know if David has made any contact) (INAUDIBLE) Alright David has not made contact as far as I can tell. Uhm,

WAYNE: Alright, then, I'll, can you working on that

LARRY: Alright, yeah, hold on just a second. Can you get David to come to this phone since our other link is so weak.

WAYNE: Impossible.

LARRY: (INAUDIBLE) you won't do it, okay. Is there a reason he won't come talk to me.

WAYNE: Ah, there might be, I I don't want

LARRY: Right
WAYNE: get in to the reason

LARRY: Alright, let me ask you this. Can I call him, can you give me a number to call him.

I’ll make the call.

WAYNE: Ah, if he’s using his, ah, mobile cellular phone

LARRY: Alright

WAYNE: then I should be able to get you that number.

LARRY: Alright, let me ask you this.

WAYNE: Uhn hun.

LARRY: Let’s try to centralize, we’re we’re to fragment in here. Let’s try to centralize everything through this phone, okay.

WAYNE: Well, ah, I know it’s our most reliable

LARRY: Oh yeah, I mean, we have not had any problems. We’ve been on the phone now for hours. So, let’s try to centralize everything. Can you get David and Steve maybe to do that.

WAYNE: Ah, no, I don’t think so.

LARRY: You don’t think they’ll do that.

WAYNE: No.

LARRY: I wonder why.

WAYNE: Well for one thing, I don’t want to disclose his location.
LARRY: No, I understand

WAYNE: (INAUDIBLE) I believe he's been made a target.

LARRY: No, no, no, no

WAYNE: I believe he has been (INAUDIBLE), and, and, I, I'm not willing to do that.

LARRY: Okay.

WAYNE: But, if people know where I am and

LARRY: No, no, we're not. I don't know where you are, and I'm I'm telling you that up front, and I'm not interested in that at this point and time. What I am interested in is trying to, ah, ah, keep things calm. Alright hold on just a minute. Alright, David has made contact, okay. Okay, so we're making contact.

WAYNE: But, let me give you his mobile number.

LARRY: Alright give me the mobile number.

WAYNE: 744

LARRY: 744

WAYNE: 2770

LARRY: 2770. Now, we've had that number a little earlier and I think the battery had gone down

WAYNE: He has apparently, ah, was overhaul.

LARRY: That problem has been solved.
Okay, okay. Because, we, you know, we got to keep the links opened, and we gotta bring this thing to ah, you know, to a peaceful means. I mean to a peaceful end, and I think you and I can do that. I really do. Uhm, uhm, I’m talking with Byron here, he’s he’s he’s in full agreement. This thing doesn’t need to go on any further. You know, he and I kicking around and and talking with you, we need to, to keep it, on this line if we can.

WAYNE: I’ll do whatever
LARRY: Okay. And, don’t, you know we’re not, we’re not trying to locate anybody. We just want the communications. That’s the most important part.

WAYNE: Uhm,
LARRY: You know, and, and, like I say, the people hurt that really bothers me because I know someone there is needing some medical attention. You know, at least let us augment what you have.

WAYNE: Yes sir.
LARRY: You know, tell us how you want it done, and I know you’re concerned about security. But just tell us how you want it done, we’ll do it.

WAYNE: Okay.
LARRY: Okay. You know, let us get something to someone, to to your folks in there.
WAYNE: Uhm, let me, ah, put you on hold to see if I can get the situation of course.

LARRY: Alright. I’ll be here until you return.

WAYNE: Okay, thank you.

LARRY: Okay.

(BACKGROUND NOISE - INAUDIBLE)

(PEOPLE TALKING)

(PAUSE - 4 MINUTES)

WAYNE: I’m here.

LARRY: Okay. Ah, bring me up-to-date.

WAYNE: As far as I know, DK is still communicating.

LARRY: Okay, okay. That’s good, that’s positive. Ah, what about, ah, some additional, ah, medical supplies brought in to you.

WAYNE: I haven’t gotten, ah, an answer on that.

LARRY: We need to, you know I, is there anybody that you can kind of push a little bit to see what they want to do.

WAYNE: Yes sir.

LARRY: Is David okay?

WAYNE: Ah, that’s something that I’m worried about, but, ah,
LARRY: Okay, you’re worried about it, okay. Alright, what can we do to help. You know don’t let him

WAYNE: I know sometimes that it’s difficult to do nothing but

LARRY: Oh, I can, you know, that’s how I feel right now, and I know that you’re being right there it’s very difficult. Don’t let him suffer, don’t let anyone out there suffer needlessly, because we, you know, and once again we’ll bring it on your terms. Okay. I keep telling you that. You know, get someone, if if you can’t make that decision, let me speak with someone that might can make that decision, okay. Because, you know, we can, we’ll get you what you need and I, you know, you said you some medical, ah, staff out there in surprise. You know, tell me what you need, we’ll augment.

WAYNE: Uhm, appreciate the offer. But I’m waiting for Steve to return and then I’ll have that, ah, progress report

LARRY: Okay, please, please work on someone and let us get something in their to help. Okay.

WAYNE: Yes sir, and, ah, I did get a message

LARRY: Okay
WAYNE: a few minutes ago that if ATF comes back on the property that, ah, we would take it as a sign that, ah, they're no longer holding their fire.

LARRY: No, no. They're not coming back, ah, they're not gonna, they're not gonna, there will be no more aggressive moves from ATF, okay. We're not gonna take any action. You know, we want to, the situation to, it's stabilized now, all we want to do is, is, get you some help to your people that are hurt. We need to that. You know. I told you on the onset of this, how I feel about that, it really makes me feel bad because, I know people are hurting there, and you and I right now are the two calm prevailing people in this. We need to make sure that we get them what they need, okay.

WAYNE: However, Larry, it would reassure me a great deal

LARRY: Okay

WAYNE: If we could hear the media state that the BATF is not gonna to make another aggressive move.

LARRY: You want to hear that through the media.

WAYNE: We would like to hear that confirmed in the media.

LARRY: Alright. Let me ask you this. Are
you in the position to promise me that, that, ah, that we can bring this thing together in a peaceful mean, in a peaceful end.

WAYNE: I’m not in that position because, ah, uhm, we don’t have that central communication

LARRY: Okay

WAYNE: We’ll work on that

LARRY: Okay, that what I wanted to hear you say. That’s what I wanted to hear you say. You know, that’s what you and I want. Uhm, alright, from the media, what station are you listening to?

WAYNE: Ah, 1080

LARRY: Okay. I’m gonna have to work on that. What what radio station are you tending to so I’ll know if if I can get it done, you know, I’m not gonna promise you something. I’ve been up front with you the whole time

WAYNE: Sure

LARRY: and, you know, I’m not gonna, I’m not gonna make a promise that I can’t keep, okay.

WAYNE: Understand.

LARRY: Okay. So let me know, ah, you know, ATF is not gonna do anymore aggressive action okay. I’m telling you that, I promise you that they’re not gonna do that, okay.

WAYNE: Well, uhm, if they won’t agree
please let me know.

LARRY: I guarantee it, but, ah, you know, all we want to do is bring this to a, to a end, to a peaceful end, and get some help to your people.

WAYNE: Yes sir.

LARRY: Okay

WAYNE: Thank you.

LARRY: Alright. Try to get, get me some answers here quickly. Yeah, you got to keep this line opened, we can't let this line go dead.

WAYNE: No, I I won't.

LARRY: Okay, okay.

WAYNE: Is there any possibility, you want me to, ah, move from 911 to another number.

LARRY: No, no, you stay right there. I don't want to take a chance on losing you, okay.

WAYNE: I just don't want to block someone's emergency, ah, call

LARRY: No, no, that, you're not blocking anyone. Okay.

WAYNE: Very good.

LARRY: You're not blocking anyone. We're okay on this line. And, and, really, make, try to find someone to give us, ah, a check on ah, on the injured.

WAYNE: Yes sir, I'm working on it. That
was not, ah, that was just a box falling

LARRY: What

WAYNE: I said that noise was not a gun shot.

LARRY: Okay, good. Alright, let me, Wayne.

WAYNE: Yes sir.

LARRY: Alright, what do you think of uhm, the media after the wounded have been moved out of there and ah, and then talking to the media.

WAYNE: Ah, let me pass that on.

LARRY: Pass that on to someone

WAYNE: Yes sir.

LARRY: Alright, I'm standing-by.

WAYNE: Okay.

(BACKGROUND NOISE - INAUDIBLE)

(PAUSE - 2 MINUTES)

BYRON: (TALKING TO LARRY: Have we talked to DK.)

LARRY: (TALKING TO WAYNE: Not yet, I talked to him earlier.)

BYRON: (TALKING TO LARRY: We might want to try to push (INAUDIBLE))

LARRY: (TALKING TO BYRON: (INAUDIBLE) He told me a while ago (INAUDIBLE))

BYRON: (TALKING TO LARRY: I think he
LARRY: (TALKING TO BYRON: I'm trying to get him, I'm trying to give him the radio station but he hasn't done that yet.)

BYRON: (TALKING TO LARRY: It sounded like you said 1080 the radio station (INAUDIBLE))

(BACKGROUND NOISE - INAUDIBLE)

(PAUSE - 1 MINUTE)

UNIDENTIFIED MALE SPEAKER: Hello

LARRY: You're back.

WAYNE: I'm here.

LARRY: Okay, what did, what did you find out.

(The end of Tape 5 - Side A)
WAYNE: I just passed the word on, ah, I haven't gotten a reply yet.

LARRY: Okay.

WAYNE: Working on that.

LARRY: Okay, okay. Uhm, we understand that, ah, that David is in, ah, contact with ah, with the folks and, ah, so that's good. We like that. That's that's helpful and then you and I stay on and, ah, (PAUSE)

BYRON: (TALKING TO LARRY: He's been hit, he's made that statement.)

LARRY: Okay, we understand, you know, once again, you know, DK's hurt, you know we need to get some attention to him. Is he okay?

WAYNE: I haven't ah, I haven't been near him.

LARRY: Okay.

WAYNE: Don't know.

LARRY: Well, don't let him suffer, okay.

WAYNE: Yes sir.

LARRY: Try to, can you ascertain if he's okay and, and then, let me, ah, find out what you need.

WAYNE: I'm trying.

LARRY: Okay. I appreciate it.
WAYNE: Okay.

LARRY: I appreciate all your help. We just need to know, you know, if they're hurt I'm really concerned about that Wayne. That really bothers me that there's some that are hurt and we're not able to do anything about it. That bothers us. Byron and I were just talking about that. Are you there?

WAYNE: I'm here.

LARRY: Okay, Byron and I were just talking about that. And we want to be sure that, ah, you know, we can get, get some help and the next thing, it's so important, is get this thing centralized. We've got, you know, we've got Steve talking to people, we've got David talking to people

WAYNE: Larry.

LARRY: Yeah

WAYNE: Sorry to interrupt. But I hear some aircraft.

LARRY: Okay.

WAYNE: Do you know what it is?

LARRY: Standby. Let me check. (PAUSE)

It's not anything from any of ATF or anybody else. It's gonna be the media again. We're trying to, to correct that. Ah, once again, we're not gonna come in there and drop anything. Okay.
WAYNE: Yes sir.

LARRY: Okay. It's the media. We can't control them. That's why we need to get everybody through one phone here. You know that. We really do. So that we don't have a problem arise and, ah, someone goes off half cocked and so more people get hurt. (PAUSE) Are you with me.

WAYNE: Ah, repeat that please.

LARRY: You know, what I'm, it's it's very very essential that we get the thing centralized through this phone that we're using now because of ah, the possibility of of something getting screwed-up and, and, ah, uhm, and someone else getting hurt. I've like to get everybody coming through here, if we can. So that way we can start finding out, you know, what we need to get in there, and, and, get, ah, get you to get, ah, to help these people that are hurt.

WAYNE: Well, ah, Larry, I just got a report on our wounded that, ah, that they're stabled and that they're okay.

LARRY: All your wounded people are stabled and okay.

WAYNE: Yes sir.

LARRY: Okay, okay, alright. That's good, I, well I, ah, that makes me feel a little better, okay.
WAYNE: Okay.

LARRY: That makes me feel a little better, Wayne. I really appreciate that. Ah, let me tell you this if somebody, you know, if that changes, you know, someone needs to be contact with you so that we can immediately know that and make a decision, and you or Steve or David make a decision to, you know, to get something in there if, if, someone’s conditions turn. Can you do that, can you set-up where you can communicate.

WAYNE: Well, I I’ve been doing that, ah, all-all day and I’ll continue to check-in on that.

LARRY: Okay, but I mean, so someone can get to you pretty quickly with that information.

WAYNE: Yes sir.

LARRY: Okay.

WAYNE: If there’s no problem, ah, getting that information.

LARRY: Oh, okay, okay, no problem getting that information then. Okay, okay. Well, that’s what Byron and I are concerned with, ah, we don’t want someone to be suffering needlessly, not at all. I mean that, there’s no need in it when we’ve got things that we can do to alleviate anymore, like I said, once again, we’ll do this however you want it done. Okay.
WAYNE: Yes sir.

LARRY: Okay. Uhm, is David still, ah, in contact with, ah, the folks over there at ATF.

WAYNE: Yes he is.

LARRY: Okay, good, good, good. Do you think you can persuade them to maybe come out?

BYRON: (TALKING TO LARRY: Guarantee that there's not gonna be anymore hostilities, we need to sort through this.)

LARRY: Wayne.

WAYNE: Yes, would you repeat that.

LARRY: Alright, is there anyway that you can talk to them and try to get everyone to come out with a guarantee that there will be no more hostilities.

WAYNE: No, I'm not contact with them at the moment.

LARRY: Alright, can you, ah, can you get in contact with, can you, you know, do you need to get with Steve and, uhm, how does this work. I mean. How, how do we need to coordinate this? How do we need to, who do you need to get with?

WAYNE: I'll handle it

LARRY: Okay. Okay. I'm

WAYNE: (INAUDIBLE)

LARRY: I'm depending on you. You know,
I'm depending on you, we've gone this far. Let's, ah, let's go ahead and and bring it to a peaceful conclusion.

WAYNE: Ah, please give me about 10 minutes

LARRY: I got

WAYNE: to uhm, to uhm, pass that on.

LARRY: Okay, I'm I'm gonna hold.

WAYNE: Okay, now, ah, please work on the uhm, the uhm, we like some reassurance through the media that the BATF is not going to do anything aggressive.

LARRY: Okay, okay. We, we can do that. Now, how, do you want it through the radio station.

WAYNE: Yes sir.

LARRY: Okay. Which radio station.

WAYNE: 1080

LARRY: 1080. Okay. You're monitoring them now, right.

WAYNE: That's true

LARRY: Alright, let me tell you this. Is David's condition worsening?

WAYNE: No.

LARRY: Okay, okay. Alright, 1080. I believe that's out of Dallas, is that correct.

WAYNE: Yes sir.

LARRY: Alright. Stand-by. Stand-by.
UNIDENTIFIED MALE SPEAKER: Hello
LARRY: Yes sir. Wayne.
WAYNE: Yes.
LARRY: Okay, I thought, did you, I thought you were talking to me. Okay,
WAYNE: I'm standing by.
LARRY: Okay, we making, we're trying to make the arrangements now
WAYNE: Okay.
LARRY: with 1080, okay. It just takes time, and you know, and, ah, we, ah, we're we're doing it. Everything takes time. It's hard, you know, to get everything done when you're not centralized. And, uhm, that's ah, that's what I, the need to be centralized is very important. Okay.
WAYNE: Well, we're we're doing the best we can here, we don't have ah,
LARRY: And see, that, that's where this whole thing, you know, turn to crap. We need to, and that's what's worrying me, that along with the ah, the people that are hurt, you know, we need to centralize this so that we cannot make any mistakes. You know, ever, you know what we're doing, we know what you're doing. This is like we did when we move
the, move the wounded people out of there, okay.

WAYNE: Yes sir.

LARRY: So, can you stress that to someone. I mean, we got to get this centralized. And we need to do it through this line that we have here because that’s our strongest link. Okay.

WAYNE: Okay. I gonna take a break and uhm

LARRY: Okay.

WAYNE: (INAUDIBLE)

LARRY: It’s easier for me and we want a peaceful resolution. That’s what you and I have talked about since it, look how far we’ve come, okay. You know, the firing stopped, ah,

WAYNE: Larry

LARRY: Yes, sir.

WAYNE: We hear more choppers.

LARRY: Alright, stand-by, let me check.

(BRIEF PAUSE) Once again Wayne, it’s the media. I mean, I don’t know what the, Wayne, we’re not gonna come in and drop anything, okay.

WAYNE: Yes sir.

LARRY: Alright. Are you gonna, you say you’re gonna take a break.

WAYNE: Yes, I’m

LARRY: Alright, keep the line open. Keep someone there.
WAYNE: Alright.

LARRY: Everything's okay. Keep, let's keep communicating, let's try to get a centralized through us. It's gonna be so much easier. It's easier for me, you know, you're tired, I'm tired, ah, Byron and I are sitting here kicking this around, and, ah, you know, that's that's the easiest thing is to get a central point of communications. That's that's through us.

BYRON: (TALKING TO LARRY: Just confirmed that there's no,)

WAYNE: Yes, sir

BYRON: (TALKING TO LARRY: ah, law enforcement aircraft.)

LARRY: Alright,

BYRON: (TALKING TO LARRY: all medias.)

LARRY: We just confirmed it's all media in the area. Okay, can you pass that on to your people. All the aircraft is media, no law enforcement aircraft. And we're doing our best to keep them out of there. Peaceful resolution is what we want. We want to move to our (INAUDIBLE) as soon as we can, okay.

WAYNE: Thank you

LARRY: Alright.

(BACKGROUND NOISE - INAUDIBLE)
(PAUSE - 1 MINUTE)

WAYNE: Wayne here.

LARRY: Okay, did you just try to call.

WAYNE: No sir.

LARRY: Okay. We're, you know, we're we're trying to, we're working on a, a peaceful and successful resolution to this problem, and we need to, we need to keep this in, you know, foremost in our minds. We need to, we need to keep moving that a way. You know, no, there will be no more hostile actions on our part, okay.

WAYNE: Okay.

LARRY: And we need to make sure that, that's what ya want. We need to, we need to bring the folks out, come out, you know, get, get at least get a central link here together and keep everything coming through here because this is our strongest link. And we need to take care of any of your, hurt, people that are hurt. Okay.

WAYNE: Okay.

LARRY: Alright. Is, uhm, is DK still in contact with, ah, Cavanaugh, ATF.

WAYNE: From our last report, yes.

LARRY: Okay, he's still communicating, okay, okay, good, good. Good. Any other reports on
any of your, ah, your hurt people.

WAYNE: No new report.

LARRY: Okay. Did you ever get it where they would contact you if they were to become unstable and would need some, like, immediate attention.

WAYNE: Yes sir.

LARRY: Okay. So we that got that established.

WAYNE: (INAUDIBLE)

LARRY: Okay, good. If they do, please tell me immediately, and let's do something to help them. You know, David needs some attention. Let's get him some attention, okay. We want, I mean we want to help. We want to move now and and get everybody, ah, squared away and and whatever you need. (PAUSE) I wish we could get everybody through this link. That would sure help us. It it would make it easier on me, to coordinate, and it's gonna be a lot faster and it's gonna cut down on any miscommunications whatsoever. Okay.

WAYNE: Okay.

LARRY: Is there, who, let's let's work that. Get with Steve and let's try to move to, everything to here so that there is no miscommunications, okay.
WAYNE: Okay.

LARRY: You know, it's it's, you know, it's been volatile now, now we're to a point where we're making some head way talking and it's calm and, ah, let's keep it that away. A successful completion of this, okay.

WAYNE: Agreed.

LARRY: Okay, good, good. I just, you know, that's that's really important. That's that's of a paramount, a paramount importance right now. Are you holding up okay?

WAYNE: I'm fine.

LARRY: Okay. You don't need anything hun.

Hun.

WAYNE: No, I'm fine.

LARRY: Okay, okay, okay. Food holding out, you need anything like that. We haven't talked about that have we.

WAYNE: About what.

LARRY: About food and stuff.

WAYNE: We hear another chopper.

LARRY: Alright. Stand-by let me check.

(LARRY TALKING TO SOMEONE: Another chopper coming) (INAUDIBLE) Okay. It's not, it's news media chopper again, okay.

WAYNE: Okay.
LARRY: Alright. What
WAYNE: Passing it on.
LARRY: Okay, pass it on. Be sure they know that it is news media. Now, have Steve been in contact with 1080, or someone.
WAYNE: Uhm. (WAYNE TALKING TO SOMEONE: Are we monitoring 1080 out there?) I have it.
LARRY: What
WAYNE: I have it.
LARRY: Okay, you’ve got, now let me ask you this. Is there a certain person we need to, if we, if we get this thing done and, like I say, we’ve got to many links here and that’s what causing a problem with getting this done. That’s why the delay. But, we’ve got to many, to many people on too many different lines. Is there a certain person that we would need to ask for at 1080?
WAYNE: No sir.
LARRY: Hun
WAYNE: Nobody specific.
LARRY: Okay, okay. Alright, well we’re gonna be working on it. But right, you know there’s, well if we could get everybody back over here to this line. If we could get, get David and get Steve, stand-by.
WAYNE: Alright.
LARRY: Wayne.

WAYNE: Yes sir.

LARRY: Okay. We need to get this centralized before we can get this put out to the media. Okay.

WAYNE: Please hold.

LARRY: Okay, try to, let them know that it needs to be centralized before we can make that media, because we've got too many people going too many difference directions right now. And I'm afraid it's gonna screw something up.

WAYNE: Okay, Larry. I'll get back to you.

LARRY: Alright, I'm gonna stand-by. Get back to me as quickly as you can.

(BACKGROUND NOISE - INAUDIBLE)

(BYRON & LARRY TALKING - INAUDIBLE)

(PAUSE - 2 MINUTES)

LARRY: Okay, Wayne. (LARRY TALKING TO SOMEONE: He's got away from the phone right now.)

WAYNE: Hello

LARRY: Wayne. Wayne

WAYNE: Yes.

LARRY: Okay, those are, once again, that's not law enforcement, that's gonna be the news media coming to there, you know, like I told you. There are no law enforcement, you know, fixed-wing or
rotary wing in the area right now up. Okay.

WAYNE: Okay.

LARRY: Alright. What did you find out about getting this centralized so that we can go ahead and get this, start trying to get this radio thing hooked-up.

WAYNE: Well, I've got a technician with me right now and we're going to move a line so give me five minutes to try and get it set-up.

LARRY: A technician.

WAYNE: Yeah.

LARRY: Like a telephone man.

WAYNE: Yes.

LARRY: Okay.

WAYNE: Okay.

LARRY: Alright don't lose this line whatever you do. Hey, let me tell you this. If the line were to go down what is your number?

WAYNE: 863

LARRY: 863

WAYNE: 5979

LARRY: 5979

UNIDENTIFIED MALE SPEAKER: (TALKING TO LARRY: Is there a back-up.

LARRY: Is there a back-up number in case, you know, while he's making these changes, if we were
to go down.

WAYNE: No, there's no back-up.
LARRY: Okay, so 863-5979.
WAYNE: Yes sir.
LARRY: Okay, so if, if we go dead, just hang loose, I'll be right back to you.
WAYNE: Very good.
LARRY: Alright.
WAYNE: Okay, I'm signing off.
LARRY: Alright, okay.

(BACKGROUND NOISE - INAUDIBLE)
(BYRON & LARRY TALKING)
(PAUSE - 5 MINUTES)
LARRY: Hello. Are you back yet.
WAYNE: I'm still working with our technician.
LARRY: Okay, how does it look?
WAYNE: He's making progress.
LARRY: You got a, you gonna have it on a speaker phone. The part, do you, do you have another speaker phone there.
WAYNE: I think so.
LARRY: Okay. That would be good. That would be good and then we could all kind of, you know, kick this around and decide what we want to do.
Uhm, remember, let's get everybody on the same, you
know, phone system and then we’re gonna have, we’re
gonna bring this to a successful completion, okay.
You and I are gonna get this done, okay.

WAYNE: Okay.

LARRY: Any, any other word on any of the,
ah, people that are hurt.

WAYNE: No, I haven’t had new word.

LARRY: Okay. So, I’m I’m saying they’re
still stabled. How’s David?

WAYNE: That’s the report.

LARRY: How’s David.

WAYNE: As far as I know, he’s ah, stabled.

LARRY: Alright, how are you set for food.

Are you okay there?

WAYNE: Okay.

LARRY: You’re okay.

WAYNE: Yes sir.

LARRY: Okay. Medicine. I mean, you know,

WAYNE: Okay

LARRY: You’re sure

WAYNE: Yes sir.

LARRY: I mean, let me ask you, you know
that for your own fact or is someone telling you
that.

WAYNE: That was passed on to me.

LARRY: Okay. Okay. The people there
consider we're trying to bring this to a headset, ah, 
ah, you know, in an very orderly manner, a safe 
manner and--and no more hostilities. Can you, are you 
relaying that for me.

W AYNE: Working on it.

L ARRY: Okay. Let them know that we're 
working on that. That you and I are working on this,
okay. Byron and I are sitting around here talking 
about this. You know, trying to, you know, figure 
out what you need. If you need something, let us 
know. And, and we get this thing hooked-up, we'll 
get with the radio station. What did you say 1080.
This is taking some time.

W AYNE: Alright.

You there?

W AYNE: I'm here.

L ARRY: Okay. When you, when you get this 
link, the other speaker phone, are you gonna have 
everybody there where where decisions can be made?

W AYNE: Not exactly Larry. What I'm 
doing, I'm, ah, trying to get a, a a telephone to 
Dave that has a dial tone on it.

L ARRY: Uhn hum.

W AYNE: And, ah, that will improve us. It 
won't be centralized, but, the both of us will be on
a telephone and maybe he can link it together out there.

LARRY: Ah, alright, we'll try to do that then. We'll ah, we'll see what we can do. Okay.

But as soon as you get something like that together and you got a phone in his hand. Ah, let us know and then we'll look at it here to see what might possibly, ah, might, uhm, (PAUSE - BYRON TALKING) hold on just a minute. Alright, is this gonna be real time input with them or is it just gonna have to go back and filter through likes it been.

WAYNE: I don't understand.

LARRY: Okay, it's gotta be coordinated, and you know, like I said, everybody kind of there together in making any decisions that need to be made together. You know, we're wasting time for your people that are hurt by not having everyone together to make these decisions and and funneling through this line.

WAYNE: Yes sir, well, it's possible for us all to be at the same telephone

LARRY: Pardon me

WAYNE: If we get his phone working, we can all be by the same telephone.

LARRY: You can all be by the same phone, okay, that's a step in the right direction. That's
positive. That’s good, that’s good. Uhm, alright, well go ahead and try to get that done and then let me know as quickly as you can and and be, and reassure people that this thing, that we’re working with you, okay. Let them know that you and I are working on this. You know, we’ll slow it down and we’re gonna ease into a successful completion.

WAYNE: Can you ask why the vehicles are getting closer.

LARRY: Pardon me.

WAYNE: Ask why the vehicles are getting coming closer.

LARRY: Alright, stand-by. (PAUSE) Stand-by, we’re finding out. Tell your people to hold.

WAYNE: Stand-by.

LARRY: Nothings changed from what I told you awhile ago there. There will be no, ah, aggressive or hostile actions. You know we want this to come together completely successful without anymore injuries, okay.

UNIDENTIFIED MALE SPEAKER: Yeah.

LARRY: Okay. Hold on just a minute. (PAUSE) Alright, where are you seeing the movement Wayne.

UNIDENTIFIED MALE SPEAKER: In the front, in the intersection.
LARRY: Okay, who is this?

UNIDENTIFIED MALE SPEAKER: Steve again Larry.

LARRY: Oh, okay, Steve. You're seeing the movement where Steve.

WAYNE: On the farm road.

UNIDENTIFIED MALE SPEAKER: Farm Road

STEVE: On the Farm Road.

LARRY: On the farm road in front of your property.

STEVE: Yeah.

LARRY: Okay, Steve. Let me find out.

STEVE: Okay. (20 SECOND PAUSE) (BACKGROUND NOISE)

LARRY: Stand-by Steve.

STEVE: Alright.

LARRY: We're checking.

STEVE: Okay, thanks Larry.

LARRY: Hun. Stand-by okay.

STEVE: Okay.

LARRY: Are you still there?

STEVE: Yes I am.

LARRY: Okay, stand-by. (LARRY TALKING TO SOMEONE: Vehicles moving in the front of the property) (BACKGROUND NOISE - INAUDIBLE) (20 SECOND PAUSE) Okay, the only thing going on is a DPS unit
has picked-up a man there and moving out of the area.
Okay.

STEVE: I hope so.

LARRY: No car came on your property, right.

STEVE: Not that I am aware of.

LARRY: Okay, that's, yeah, we will double check and tell your people that's all it is. Is there picking-up a, a, DPS is picking-up a man and moving him out of the area.

STEVE: Alright

LARRY: Okay

STEVE: Okay

LARRY: Alright. Have you, ah,

STEVE: Larry

LARRY: Yes sir.

STEVE: I give anything if you could talk to David yourself.

LARRY: I'll love to talk to David. Please let me talk, I talked to him earlier.

STEVE: Listen, Larry, we love people like yourself. I want to see you live forever like myself.

LARRY: So do I. I want us all to be like that, okay.

STEVE: I want to live forever, and I want
you to do the same.

LARRY: Okay, I, I appreciate that

STEVE: Larry,

LARRY: Please let me talk to David.

STEVE: Right now he's talking to Jim still.

LARRY: He's still with Jim.

STEVE: Yeah, he's still with Jim.

LARRY: Okay.

STEVE: Larry.

LARRY: Hold-on, just a minute, just a minute.

STEVE: Okay.

LARRY: Alright, they told me that David needs to rest and he has broken his contact with ATF.

(The End of Tape 5 - Side B)
