Membership in a Student Young Women's Christian Association

How many of us realize what it means to be a member of a local student association? 1. First of all, by virtue of our membership we are also members of the National Organization of the Young Women's Christian Association; headquarters, New York City. The official organ of the National Organization is the Association Monthly. The last Biennial Convention was held at Indianapolis, Ind., April 19-24, 1911.

2. One is also a member of the World's Young Women's Christian Association; headquarters, London, England. The official organ is the World's Quarterly. The last Quadrennial Convention was held at Berlin, May 18-26, 1910.

3. Because your Student Association is affiliated with the National Board, you are also a member of the National Board, you are also a member with the great Bible characters with the work of the Y. M. C. A. when it links one to the work of the national student movements of different countries. The official organ of the Federation is the Student World. The last Biennial Convention was held at Constantinople, April 24-29, 1911. The next Biennial is to be held in the United States.

Is it not a glorious thing to be a member of a local Association when it links one to the work of the Association and of the Federation all the world around?

Come to the Y. M. C. A.

To the young men of the Normal, who are not familiar with the work of the Y. M. C. A., I will say that you must come to one of our meetings to fully appreciate the many good things which we have to offer you. Here you may associate with young men, whose lives and influences will be uplifting and ennobling to you, and engage with them in a systematic study of the Word of God.

You can not over estimate the importance of this Bible study, for in the words of a great preacher: "This book contains the mind of God, the state of man, the way of salvation, doom of sinners and happiness of believers. It's doctrines are holy, its precepts are immutable. Read it to be wise, believe it to be safe and practice it to be holy. It contains light to direct you, food to support you and comfort to cheer you. It is the traveler's way, the pilgrim's staff, the pilot's compass, the soldier's sword and the Christian's charter. Here paradise is restored, heaven opened and the gates of hell disclosed. Christ is it's grand subject, our good it's design and the Glory of God it's end. It should fill the memory, rule the heart and guide the feet. Read it with frequency, prayerfully. It is a mine of wealth, a paradise of glory and a river of pleasure. It is given you in life, will be opened at judgement and will be remembered forever."

Here, too, Prof. Birdwell will bring you face to face, as it were, with the great Bible characters; bring their temptations and triumphs right down to every day and draw analogies that will guide and inspire you to higher and nobler things every day that you live.

Come to our next meeting and hear him discuss the life of Moses. If you hear this talk you will certainly see the "Great Lawgiver" as you have never seen him before.

"Martie."

The Religious Meetings Committee

The South West Texas Normal was established for the purpose of training teachers for the public schools of the state. While the girls who come here are developing mentally they also have the opportunity of developing spiritually, largely by means of the Christian Association.

In the religious meetings the committee is trying to carry out the purpose of the Young Women's Christian Association—"To so lead young women to Jesus Christ as their Lord and Master, that they will surrender to Him their daily lives and share His passion for the extension of God's kingdom."

Most of our meetings are led by the girls, but we hope sometimes, to have helpful talks given to us by members of the faculty or outsiders. We have already had a most interesting talk on "The Christian child in art" by Miss Pearse. The various Mission study classes and whole school committees will take charge of the program for some of the meetings.

We desire to make our meetings so spiritual and practical that the girls of this school may feel that the hour spent each Thursday afternoon in the Y. W. C. A. service is a source of inspiration and help in the performance of their every day tasks.

Kathleen Compton, Chairman.

The Report of the Finance Committee of the Y. W. C. A.

The money left in the treasury from last year amounted to $2.50. The number of dollars collected for membership dues is $53 and $6 were sent to us from former members of the Association. Hence, $61.50 in all has passed into the treasurer's hands. Out of this $61.50, $35 has been sent to the State Board for our pledges; $16 for needs in the Y. W. C. A. room and $7.50 for Missionary books. The total amount spent is $66.70 and $4.80 is in the treasury at present.

In the coming week we shall have our committee ask the Y. W. C. A. members for Systematic Giving. We trust that each girl will decide to pay some small amount systematically. We are not so much after big pledges as we are that each girl gives something regularly.

Francis Dvorak, Chairman.

Miss Ethel Weid, president of the Y. W. C. A., 1910-11, is teaching this year in the Bartlett High School. She is considering becoming a state secretary of the Young Women's Christian Association.

The Work of the Missionary Committee of the Young Women's Christian Association.

The missionary committee try to get the girls of the Association, and all other girls possible, interested in missions. We realize that mission study is very helpful from an educational standpoint. It broadens the horizon and brings one into a feeling of kinship with the people of the world. But aside from this cultural value derived from mission study, the Christian girl should want to study missions that she may better learn what she can do for the missionary cause. Experience has shown that listening to addresses on missions and the reading of missionary literature are not adequate—a thorough study of missions is necessary.

The missionary committee is endeavoring this year to organize mission study classes and reading circles, to be held at the boarding houses at stated times every week. Several classes are now being organized and more will be started later. We hope that many girls will avail themselves of the opportunity and join some of these interesting and instructive classes. Those which are now being organized are:

"The Decisive Hour of Christian Missions," by Miss Hornsby at Mrs. Kennard's;
"The Uplift of China," led by Miss White, at the Normal;
"South America," by Miss Compton, at Mrs. Rabe's;
"The Frontier," led by Miss Susie White, at Mrs. Munford;
"Japan," led by Miss Theis, at Mrs. Garby's;
"Korea," by Miss Burlingame, at Mrs. Crowell's.

Ruth Burlingame, Chairman.

Miss Mabel Gaines, now teaching in Scranton Academy near Cisco, Texas, writes: "Remember me to the Y. W. C. A. girls. I can never, never forget our Thursday afternoons and the lessons we learned." She was our faithful chairman of the program committee last session.
Y. M. C. A. Membership Committee.

The work of the Y. M. C. A. membership committee is divided largely into three parts: the fall campaign, regular work during the winter months, and the spring work. The fall campaign continues through the first four weeks of the school, and an effort is made to enlist as many members as possible during that time. The regular work is carried on during the winter—boarding houses and classes are canvassed for new members, and a record of all members is kept by the committee. The spring work includes plans and preparation for the next year's work and the enlisting of alumni members.

At present we have a well organized committee which holds its regular meeting each week. We are glad to report ninety members at present. New members are being added almost daily. Come and join us. The association needs you; and we have reason to believe that you will get much pleasure and profit from the association.

Chairman of committee.

Miss Maud Hanks, chairman of the Mission Study Committee, is now teaching in San Marcos, and we are glad of her help in our meetings.

Petition to Faculty.

When in the course of human events, it becomes necessary for the senior class to reach room 22, a decent respect for their opinion of freshmen requires that the freshman use the west stairway in descending.

We hold these truths to be self evident, that all classes are created equal and that they are endowed by the faculty with certain inalienable rights, that among these is the use of the stairways. The history of the present Freshman class has been a history of repeated usurpations. To prove this, let facts be submitted to a candid world.

They have seized our stairway—the nearest and most direct to room 22. They have blocked our progress and made us late to class, thereby causing a frown to appear upon the otherwise smiling countenance of Mr. Thomas.

They have so far trampled upon our feeling—and our toes. We, therefore, humbly beg and petition that Mr. Evans, and Mr. Thomas, and Mr. Miller, be placed upon a committee to have a fire escape erected at once, and that all freshmen be allowed to escape by the west door.

Humbly invoking the blessing of relief and the aid of the faculty, we the undersigned, submit this petition.

Respectfully,
Seniors, S.W.T.N.

Miss Edna Barnes, who served as president of the Y. W. C. A. during the summer session, is teaching in Mataroa and is as much interested in Y. W. C. A. work as ever. She and Miss Floyd Lewis have already sent in their contributions to the state work.

Conversation

Mr. Glenn Reagan while in drawing class was talking to a little girl in front of him. He leaned his head forward and she leaned hers back. When their heads were about to meet Miss Pearssaid, "A conversation like that must be carried on under the shade of a tree, so you two are excused.

Miss Butler—"How do you do this morning?"
Pat—"I do as I please."

Football Resolutions

The following resolutions were adopted by the students last Tuesday:

Whereas: Last Saturday afternoon, in a matched game, the Normal football team distinguished itself by its systematic skillful and able playing as to merit the earnest, sincere and complete confidence of the school and the student body which it represents.

Be it resolved, by the students of this institution,

1st. That we assure Mr. Coxen and the Normal team of our full cooperation and support in all future games of the season.

2nd. That we will not lose another game, and

3rd. That a copy of these resolutions be printed in the Normal Star.

How to Kill a School Paper

1. Do not subscribe; borrow one—a sponge.
2. Look up the advertising and trade at the other follow—a con.
3. Never hand in any newspaper and be sure to criticize everything in the paper—a chump.
4. Tell your neighbors that you can get more information for less money—a breeze.
5. If you can't hustle and help make the paper a success, be a corps. Get the idea.
6. Don't pay your subscription; but get your paper on credit—a beat.

Modern version.

Mary possessed a diminutive juvenile quadrapled of the genus ovicis aries.

Its external covering as nearly as possible resembled the watery particles which descend from the atmosphere as a low degree of temperature has been reached.

And every where Mary ambushed this a fore mentioned quadrapled was sure to follow after.

The Track Team

The Normal entries in the track meet at San Antonio to-day are:

220 yard run—M. M. Fitzgerald, D. Coers.
880 yard run—Fitzgerald, Pope.
Mile relay—Coers, Fitzgerald, Ryan, J. R. Sanders.
Mile run—Pope.
High jump—Joe Williams, Coers.
Standing jump—I Joe Williams, Short put—Sanders.

Mrs. Shaver (to a Freshie)—'Toll give me an example of a double negative.'

Freshie—'Well, let me see—Oh, Mrs. Shaver, I don't know none.'

Next Saturday is election day in the Normal. It is one election too, in which women are very graciously allowed to vote for the whole ticket: editor-in-chief of the Pedagogue; associate editor.

As one might expect the question was first asked: 'What Young Man is best fitted for editor-in-chief?' Now it is amended to 'Who is best fitted?'

The answer to that is clear to those who know the requirements of the office—the tact, the breadth of experience, the initiative, the originality. The answer is Miss Naomi Gibson of Marshall.

Not only is Miss Gibson in every way fitted for the place, but she has been part of her work and thus has time to devote to the Pedagogue. There is no doubt that Miss Gibson will be the students' choice.

One Who Knows.

Vote for Mr. G. H. Gregory for associate editor for the Pedagogue.

The association owes much to the interest and enthusiasm of Miss Louise Johnson, a former member of the Y.W.C.A. in the State University. The gracious welcome extended to the new students during the trying days of classification; the camp breakfast Monday morning, and other surprises planned for the girls, show her thoughtfulness and efficiency as chairman of the Social Committee. She is serving the Association as Local Secretary at a salary of "Nothing a year."

Miss Naomi Gibson is the very one for editor-in-chief for our Pedagogue.

Who's Miss Gibson? Why she's the girl who is to be editor-in-chief for the Pedagogue.

We are going to have the best Pedagogue ever this year because Miss Gibson is to be editor and art editor.

What is S. W. T. N. without a Pedagogue? Vote for Miss Gibson for editor-in-chief.

Miss Beuna McGuire is at Claude this year. She had an experience last summer that proved the practical helpfulness of the Y. W. C. A. When she was on her way home she was too sick to continue her journey beyond Fort Worth. There she found herself a stranger in a strange place, but the station secretary sent her immediately to the Association rooms and she was cared for until she was able to go on.
