SAN MARCOS WINS

DEFEATS HUNTSVILLE BY SCORE OF 32 TO 0

In a well played game on the home field, San Marcos won from Huntsville yesterday. Huntsville was unable to stop the home boys’ steady marches through the line. Neither team was able to use the forward pass to any great advantage. Huntsville completed one pass for 10 yards, while San Marcos completed one for a gain of 35 yards, both of the latter being from Shelton to Perkins. Huntsville punted five times for a total of 122 yards and tried two other times but they were blocked by the fast work of San Marcos line. San Marcos did not punt in the entire game.

The first quarter opened with Normal kicking 50 yards to Huntsvilleto returned 13 yards by Huntsville, and four times in vain to plunge the line, leaving the ball in Normal’s possession on 30 yards. Huntsville started moving steadily toward Huntsville’s goal. Shelton went the final two yards for a touch down, to goal. After more steady lobs, plunging J. Kellum went over for San Marcos’ second touchdown, Sanders kicking a beautiful goal. Fenner and Shelton scored in latter half. Final score 32 to 0.

S. W. T. N. Club at the University

FIRST MEETING WAS HELD LAST WEEK.

A meeting which will certainly be of interest to the present students of the Southwest Texas Normal was held last week for the purpose of organizing a permanent S. W. T. N. Club, to be composed of all ex-students of the Normal who are now at the University. As many of the students had expressed the desire that such a club be organized, a meeting was called to effect the organization.

The meeting was called to order by C. E. Barnes and its purpose was stated, viz: that all these students might acknowledge their love and appreciation of their former school, and come to know each other better, because of this common tie which would bind them together. Thosepresented were very enthusiastic. (Continued on fourth page)

S. W. T. N. College Loses 18 to 0

In Game With the Texas Shorthorns

SHORTHORN’S TOSS LIGHTER MEN ASIDE

In the mud, fighting a losing game against a heavier team, Normal was forced to face defeat Friday, in her first game on the home field. Before a crowd of some four or five hundred Normal fans and town people, the locals, led by Shelton and Saunders, made the Shorthorns extend themselves to win.

In exactly 4:40 Saunders kicked off to the enemy. The Shorthorns, to their own surprise and the huge satisfaction of Normal fans, failed to move down the field, the ball going over somewhere near the thirty yard line. Everybody knew a tight game was to be played. Normal could not gain much, either. Saunders punted over the goal line. For the remainder of the quarter, the two teams battled back and forth. Texas was on the offensive most of the time, the Normals containing every yard and fighting to hold their own. Gardner had the satisfaction of falling on a Shorthorn punt which some teammate had thoughtfully blocked. The quarter ended with no score.

Second Quarter

About the middle of the second quarter, the Shorthorns succeeded in putting the ball within ten yards of Normal’s goal, after running over both tackles repeatedly, for five and eight yard gains. On fourth down and ten yards to go, a Shorthorn back took position for an easy drop kick trial. With every man in front of the goal line, it was a simple matter for the crimson man to toss a short pass to a pair of arms waiting in the forward pass zone. Thus did Normal taste defeat for the first time. Shorthorns: 5, Normal: 0.

Between Halves

Rode was the only man heard to receive a commendatory word during the ten minute rest. He broke thru repeatedly to cut down the secondary defense. The partisanship was enlivened by the antics of cheer-leader Hays, who succeeded in getting many pep-yells from his fair soprano rooters. Perhaps students crowding around the Normals to inspect cuts and bruises until Coach Shahan dismissed them in order to save a few words to his men. Old Sol, who had been smiling pleasantly a great part of the day, just about this time laughed. Shirtsleeves were quite comfortable.

Third Quarter

Normal received but soon punted. Kellum, and occasionally Arnold made a yard ten thru the line, but the difference in weight was beginning to tell. Normal’s line failed to make mistakes on the offense, and failed to close them on defense. Slowly but surely, the crimson Shorthorns worked the ball to the ten yard line a second time and repeated the pass of the previous quarter. Again Normal received, lost the ball, saw her line smashed and unmade about, and was forced clear over her goal line. Superior weight won over dogged resistance. Third quarter ended with score: Shorthorns: 18; Normal: 0.

Fourth Quarter

Both sides tried passes and some runs. The Shorthorns completed a few passes. The play was slow as both teams were tired.

It was a source of some gratification to see that the Normal team fought just as hard, just as grimly, two minutes before the last whistle as they did two minutes after the first one. They were muddy from head to foot, and worn out by the battering they had received, they tackled and blocked just as hard as at any time in the game. The fourth quarter ended Shorthorns: 6; Normal: 0. Final score was Shorthorns: 18; Normals: 0.

Individual players deserving mention were: Normal: Shelton, Walker, Saunders, Kellum, Rode, Arnold; Shorthorns: Elam, McLean, Swinson. Officials: Referee, Erney; Umpire, Reed; Head Linesmen, Campbell.

A New Phase of Student Life

THE RABBIT’S FOOT DRAMATIC CLUB

October 10th, a band of thirty daring students, like plotters of old, launched out upon a new and untried field in the history of the S. W. T. N. The Rabbit’s (Continued on third page)

THE “CAFETERIA” WORK IS EXPECTED TO BEGIN SOON

One of the most vitally interesting subjects that one hears talked about on the Campus now, is the Cafeteria. It is not difficult to see why, for it shall surely serve a vital need. It was the earnest desire of the President that this new department might be ready for the fall opening, but the purchase of the required lots and all equipment was so held up by a technicality of sale, but it is earnestly hoped that this may be adjusted within the next two weeks.

The Normal College has recently acquired the vacant lot just below Normal Street, and adjoining the Manual Arts Building. The lot just north of this one, including the two frame buildings on it, is the subject of the purchase. All the necessary equipment will be moved farther up the hill, and shall be equipped and ready for use.

The student body will be moved into the Cafeteria. The ground floor will be equipped as a dining room. The partitions will be removed and the interior appropriately decorated for this purpose. An annex will be added thru which the students will enter to get their dishes, and then pass to the dining room.

All of the necessary equipment was purchased seven months ago and is now on hand. The kitchen equipment, ranges, utensils, etc., tables and all other equipment was also purchased.

The Cafeteria will be the service of Normal students. This is an asset that is needed in any College, and the Normal College should certainly be congratulated.

Address all communications for the Star to the Editor, or leave same in the Star box at the Exchange. To insure correct publication all communications should be in the Star box by Saturday afternoon preceding the week of publication.

Address all matters relating to business to the Business Manager.

For advertising rates see the Business Manager.

OUR STAFF
The student body will notice that the Staff of the Star has been enriched by several additions this week, in an effort to give better representation and to improve the Star. The Staff is just beginning to function as a unit, and we shall try to make the Star bigger and better. The student body has too much of the idea that the Star is the work of one or two students, and are prone to leave their school paper to these few students. But such is not the case, and no school paper could ever be representative of the school without the active cooperation of the student body. We now have a Staff composed of several students and we hope this will help to expunge this obsolescent idea. The class and club reporters are not given this week, as the list is not completed, but we hope to use them next week. If your class or society is not getting its due amount of publicity, take it up with your President and if he is wise awake, he will find out. You may find out at your next meeting. Find out who your Star reporter is, and insist that he function.

The Staff wishes to urge upon the student body to contribute to the Star. We are quite sure that there are a number of enthusiastic poets and future masters of the short story in our midst, and we most cordially invite you to practice on our gentle readers. We are quite sure that we have an appreciative student body, and there will be an attempt to ferret out your song or story.

Other papers oft remind us, We can make our own sublime. If our fine students send us Contributions all the time.

W. J. H.

MISINFORMATION

"By way of practice, Copeh Berry took his hops to College Station October 3rd, and pitied them against the Farmers for thirty minutes. The field was in no best of condition and neither team could put out its best, however the contest served its purpose, and gave the Coaches of both teams a chance to look them over and try 'em out. San Marcos played the Aggie seventh string for thirty minutes after the S. H. N. I. had gone through." —The Republican.

IDYLIC NEWS

It was just a lot of fun to tease oneself from peaceful slumber at about five a.m. on Monday morning to go on an Idyllic Breakfast at six. And it wasn't too early for Miss Davis, Judge and others, and Murphy to go with us either. Fun! I well I should hope. Anyone would enjoy splashing thus dew-on half a mile to breakfast on some of that good roasted bacon, and vienna sausage, to say nothing of hot coffee, toasted marshmallows, and fruit.

This untameable breakfast was enjoyed by some sixty of us, including our chaperones and guests, off the foot ball boys. After breakfasting and playing games, such as, "I See a Ghost," (ask Cole about that game. He saw the ghost until about ten a'clock, the jolly crowd returned home, many of them planning more of such delightful times for the near future.

NOTICE

The Presidents of all societies or clubs are requested to write the name of their Star Reporter on a slip of paper and drop it in the Star box near the Exchange. Do it today.

THE SENIOR CLASS AND SCHOOL SPIRIT

The Senior Class of 20 realizes that there has come a time in the history of this school when the manifestation of a school spirit is absolutely necessary. This school now has an institution of College rank. The football team is competing with teams of other institutions which have long ranked as the best in the state. What can this team do if there is no support behind it? And there must be support behind every class and each student is loyal to the school and team.

The football team is just the only activity that needs the cooperation of the student body. The Star and all other voices of student life need it. There can be no cooperation or school spirit in the student body, when the individual says to himself, "I have no time to look at ball games or on the Star, my courses are hard and I must study." This is a very wasteful and unintelligent attitude to assume. A College education involves more than a continuous struggle for medals and marks of honor in books. The very subject is one who devotes a certain part of his time to the different phases of student activities and considers these more important than his numbers with his number courses. Dr. Frank Crane has said, "The city is the Triumph of co-operation. It implies inter-dependence and team work." This can be said of a school and it is readily seen that school spirit and team work are indispensable, if the school is to function as it should.

The senior class has completed its organizing meeting as a unit. It intends to take part, in all school activities. Probably the College Seniors and Juniors will beTodo — but Seniors, Sophomores, and Freshmen, what are you going to do?

SAM HOUSTON NORMAL

One reporter in the Huntridge, Houstonian says that the hot summer months had no effect on the doings of the wily little G'd of the bow and arrow. Well, from the looks of things, it appears that this primitive little soldier staged the Battle of Verrund right here in our school.

THE CAFETERIA

(Continued from First Page)

It was quite a relief to all the old students to see the unsightly sign board removed. It was just under the hill, and it is to be hoped that the citizens of S. M. will cooperate with the Normal Authority so that the remainder of this block, extending to Austin Street, may be acquired for the certain growth of the Southwest Texas Normal.

Y. W. C. A. PAGEANT

The little pageant given by the Y. W. C. A. at August was Mrs. Watkins, Y. W. C. A., Doris Willies, Claudia Mann, Grady, Turkey, Myrtle Horbury, India; Mary Morrow, Japan; Frances Kellan, Christendom.

These Nations offered their religion to Y. W. C. A. but she rejected them all. Then Christianity offered her religion, Y. W. C. A. accepted it. Then Y. W. C. A. asked for those who would help to give the Christian religion to the heathen Nations. The costumes were quite effective, and sixty new members were initiated at this meeting. Room 16

Miss Clara Price, a former S. W. T. N. student, was a visitor in this city last week.

Mr. Edward Donshak has been ill for several days, but is back in school again.

Mr. Terry Lowman spent the weekend at his home in Staples.

Pres. C. F. Evans was in San Antonio Monday on business.

MATINEE

A NEW PHASE OF
STUDENT LIFE
(Continued from first page):
Post Dramatic Club was organized with much "vim, vigor, and vitality." This is the first emu, with the sole aim of promoting dramatics, to be organized in this institution; and all honor for beginning the movement is due Mr. Shorbs, head of the Reading Department.

The membership was set at thirty, but on account of numerous applications, the constitution when drawn up, provided for a maximum of forty members. The Club has already reached its specified maximum.

The program committee is preparing the programs for the entire year, and at various times in the future, the public will have an opportunity to witness these. Undreamed of heroes and heroines may yet be discovered within the walls of old S. W. T. N., for it is not the policy of the club to let "any flower blush, unseen, and waste its sweetness on the desert air."

Officers for the year are as follows: President: Mrs. Rudolph J. Watkins; Vice-President, Allie M. Birdwell; Secretary, Mr. H. E. Kuchn; Treasurer, Beriene Evans; Sergeant-at-Arms, J. M. Hamilton; Keeper of the Masks, Dewey Lawley; Star Reporter, Anna Garson.

THE S. W. T. N. SPIRIT
Lingers
The editor was very greatly pleased to receive a letter from the Secretary of the S. W. T. N. Club at Texas University, Miss Dorothy Arnold, enclosing a write-up of the organisation and aims of this club. The article will be found in another column of this week's Star, and we are confident that it will prove most interesting reading to all Normal students. It is indeed gratifying and a source of pride to faculty and students alike, to know that our former students love and cherish the memories of their Alma Mater, and strive to keep these memories fresh by such an organization. The names and their roster are quite familiar to most of us and we are not surprised that such people as these should re-affirm their loyalty to S. W. T. N. Texas University has a great asset in having these students upon its rolls.

On behalf of the Normal College, the Star wishes to express its admiration and sincere appreciation of the spirit shown by these former students, and all of us wish the S. W. T. N. club a most prosperous, joyful, and profitable year. The Star will be sent to the club each week, and it is expected that a Star reporter will be elected at their next meeting. Three cheers for the S. W. T. N. club!

S. W. T. N. CLUB AT THE UNIVERSITY

(Continued from first page)

About forming the club, and its organization was begun. The first business to come before the new club was the election of officers for the first term. The following were elected: President, C. E. Barnes; Vice President, W. J. Park; Secretary, Dorothy Arnold; Treasurer, Jeannette Collins; Secretary-At-Large, James Swaggertay.

The President was authorized by the Club to appoint the following committee to draw up a constitution: E. G. Lloyd, Miss H. Kniker, Jeannette Collins, Mary Williams, and Cicero Crutchfield.

The meeting for the purpose of discussing and adopting the constitution was set for Thursday, October 23rd. A temporary social committee was appointed to arrange for the social part of the second meeting. Every one present determined to inform all former S. W. T. N. students, whom he saw, of the next meeting, and to urge them to be present.

The whole meeting displayed much "spirit" and interest, and it is believed that after the others have heard of this first meeting, there will be one hundred per cent attendance at the next. All expect much benefit and pleasure from this organization, which bids fair to be an enthusiastic club. Those present at the meeting were: E. G. Lloyd, August Kosir, J. C. Terrell, Ethish Abbot, Cicero Crutchfield, Gertrude Ebeling, Elsie Ebeling, W. J. Park, Jeannette Collins, Alma Bradley, Roy A. Barton, Elizabeth Dahmen, Mary Beall Matee, Jean Hays, Ariel Little, Sarah Little, Mamie Yates, Ethel Jackson, C. E. Barnes, Lenna Willshinerger, Beatrice Schaefer, Emma Schaefer, Bula Smith, Nettie Cummins, Mary Agnes Robley, Bertha Hoffman, Lois Parker, Mary Williams, Layton Co westra, M. T. Harwell, Herbert Kniker, and Dorothy Arnold.
