TCDL 2018 Workshop: Introduction to Image Processing with Python and Jupyter Notebooks

Austin, TX May 15, 2018

Jeremy Moore jeremy.moore@txstate.edu
Todd Peters tp09@txstate.edu

Install Instructions

macOS 10.11+

Windows 10

Using the Conda packaging system (install MiniConda if conda system not already installed)

- conda env create -f environment-mac.yml Or conda env create -f environment-win10.yml

environment-mac.yml & environment-win10.yml both need

- conda install scipy
