# img\_qc\_workshop

TCDL 2018 Workshop: Introduction to Image Processing with Python and Jupyter Notebooks

Austin, TX May 15, 2018

Jeremy Moore [jeremy.moore@txstate.edu](mailto:jeremy.moore@txstate.edu)

Todd Peters [tp09@txstate.edu](mailto:tp09@txstate.edu)

## Install Instructions

macOS 10.11+

Windows 10

Using the Conda packaging system (install MiniConda if conda system not already installed)

- `conda env create -f environment-mac.yml` OR `conda env create -f environment-win10.yml`

*environment-mac.yml & environment-win10.yml both need*

- `conda install scipy`
