I don't see how this would be a problem—that's OK with me.

Dear Journal Manager,

One of our faculty members would like to archive their work in our Texas State University [Digital Collections Repository](#). The repository houses all of the research and scholarship of our university faculty. We would include a full citation and link back to the journal.

We are requesting permission to include the following article:

- Dolezel, D., McLeod, A. (Summer 2019). Big data analytics in healthcare: Investigating the diffusion of innovation. *Perspectives in Health Information Management*. <https://perspectives.ahima.org/big-data-analytics-in-healthcare-investigating-the-diffusion-of-innovation/>

Please let me know if you need any additional information. Thank you and I look forward to hearing from you.
